RAJNEESH INFORMATION

AT 11:46 PM THIS OFFICE RECEIVED AT TELEPHONE CALL FROM OFF DUTY  
CLATSOP COUNTY DEPUTY SHERIFF CAGE, HOME PHONE 397-1682. HE ADVISES  
THAT HE MCONLIGHTS AS A PILOT FOR TRANSWESTERN AIRCRAFT AND HAS BEEN  
CALLED TO FLY A KGW TV NEWS CREW TO THE RAJNEESH RANCH TO FILM  
THE DEPARTURE OF THE BHAGWAN FROM THE COUNTRY AT FIRST LIGHT IN THE  
MORNING. DEPUTY CAGE IS TO DEPART FLIGHTCRAFT AT 5:02 AM IN THE  
MORNING WITH THE NEWS CREW. DEPUTY CAGE DOESN'T KNOW HOW THE BHAGWAN  
WILL BE DEPARTING BUT ADVISES HE DOES HAVE ACCESS TO A LARGE AIRCRAFT  
AT THE RANCH. HE ADVISES THAT THIS IS SUPPOSED TO BE A KGW EXCLUSIVE  
AND REQUESTS THAT THEY NOT BE ADVISED OF OUR INFORMATION SOURCE

LT HOWLAND, DISTRICT CRIMINAL DIVISION COMMANDER HAS BEEN NOTIFIED  
AND HAS REQUESTED THAT THE RAJNEESH TASK FORCE BE ADVISED.

DEPUTY CAGE ADVISED THAT HE CAN BE CALLED AT THIS RESIDENCE.

CRAWFORD, SR. TPR.  
PATROL DIVISION  
SP PORTLAND RLC

VICTOR ATIYEH  
GOVERNOR

OFFICE OF THE GOVERNOR  
STATE CAPITOL  
SALEM, OREGON 97310

September 27, 1985

To: Attorney General Dave Frohnmayer  
Marla Rae  
Bill Gary  
Chuck Pritchard  
Superintendent John Williams  
Colonel Pankratz  
Major Madsen

From: Gerry Thompson  
Executive Assistant to the Governor

Just for your information and as a refresher during the course of the current situation, primary contact for communications regarding the situation at Rajneeshpuram will be Gerry Thompson:

Gerry Thompson, Office 378-3101  
Residence 364-5703  
Residence state line 373-7158  
Pager 90 through State Police  
Radio contact through State Police Dispatch  
When calling residence, the best line to use is residential number; state line often cannot be heard throughout the house.

Secondary contact is Bob Oliver:  
Office 378-5690  
Residence 371-8709  
Pager 98 through State Police  
Radio contact through State Police Dispatch

If for some reason you cannot reach either of the above, contact Denny Miles:

Office 378-3121  
Residence 370-7303  
Pager 95-91 through State Police

Gerry Thompson will serve as conduit to the Governor and can reach the Governor wherever he is at any time. All calls to Gerry Thompson on any of the numbers lend the capability of patching through directly to the Governor at any location.

STATE OF OREGON

INTEROFFICE MEMO

TO: All EMD Staff

DATE: August 16, 1985

FROM: Archie Mustard, *[Signature]*  
Operations & Plans Officer

SUBJECT: Staff Duty Officer (SDO)

BACKGROUND

The Emergency Management Division (EMD) has established a Staff Duty Officer (SDO) system to provide the capability to receive notification of the occurrence of various types of emergency incidents and to initiate or coordinate state government response to those incidents.

IMPLEMENTATION

Responsibility for the execution of SDO functions will be assigned to designated staff members for a one-week period, on a rotational basis, in accordance with a "duty number" system.

The designated SDO will be responsible for execution of SDO functions after normal office hours and on weekends.

EXECUTION

1. SDO ASSIGNMENTS

<u>STAFF MEMBER</u>	<u>TELEPHONE</u>	<u>SDO DUTY NUMBER</u>
David Yandell	362-2911	1
Al Jones	393-6863	2
John Olson	390-2046	3
Bill Gottlieb	581-6699	4
Sandra Donnelly	694-5919	5
Archie Mustard	363-9845	6
Joe Murray	363-0867	7
Tom Worden	239-0338	8

2. DUTY ROSTER - SDO Duty Number entered on Agency "Master Calendar"

SDO	DUTY PERIOD		
	Aug-Oct	Oct-Nov	Dec-Jan
1	Aug. 16-22	Oct. 11-17	Dec. 6-12
2	Aug. 23-29	Oct. 18-24	Dec. 13-19
3	Aug. 30-Sept. 1	Oct. 25-31	Dec. 20-26
4	Sept. 6-12	Nov. 1-7	Dec. 27-Jan. 2
5	Sept. 13-19	Nov. 8-14	Jan. 3-9
6	Sept. 20-26	Nov. 15-21	Jan. 10-16
7	Sept. 27-Oct. 3	Nov. 22-28	Jan. 17-23
8	Oct. 4-10	Nov. 29-Dec. 5	Jan. 24-30

3. ASSUMPTION OF DUTY

The designated SDO is responsible for contacting OSP Communications Division at 3:00 p.m. on Friday prior to assuming the duty and advising of the following:

- a. Identification
- b. Home phone number
- c. Page in use

4. EXCHANGE OF DUTY

Assignment to SDO Duty will be considered a primary responsibility. In instances where a designated SDO finds it necessary to effect an exchange of duty, an exchange may be arranged with another designated SDO on a mutually agreeable basis.

Changes in the SDO schedule will be entered on the Agency "Master Calendar" by the SDO initiating the exchange of duty.

September 16, 1985

Regarding telephone conversation with Lieutenant Renfrow on this date: Information received from Lieutenant Renfrow from the Rajneeshpuram Ranch is that a number of commune members, including Sheela, K.D., several commissioners, and corporate heads, have left the ranch. The Bhagwan is claiming that this group has embezzled or misappropriated approximately five hundred million dollars and are responsible for two arsons in The Dalles to the County Planning Commissioner's office. They are also accused by the Bhagwan of poisoning Mike Sullivan who awhile back was hospitalized and nearly died, and they are reported to have been responsible for salmonella poisoning at The Dalles. This information was received by the Bhagwan from an informant of his personal physician who also became sick and believed he was poisoned very similar to Mike Sullivan. The Bhagwan and his disciples have searched the ranch and found several suitcases full of literature in reference to poisoning, and they determined the Bhagwan's house was wiretapped and bugged. The Bhagwan believes that these acts were committed by the leadership of Sheela, due to her being upset over the Bhagwan giving up the vows of silence; therefore, placing Sheela in more of a support role. Information is that two attorneys have approached the Wasco County District Attorney's office, and they were advised that any investigation or prosecution would have to go through normal channels. The Bhagwan is reported to be prepared for a 7:00 newscast, outlining problems at Rajneeshpuram. Major Moine and Lieutenant Renfrow will be present at the press release, as well as representatives of the Wasco County Sheriff's Office. At the completion of the press release, Lieutenant Renfrow will call the Superintendent at his residence.

September 17, 1985

The writer contacted Paul Keller, Chief Investigator, for the Attorney General's Office regarding the Rajneesh situation. It was his information that the Rajneesh attorneys were going to get together with the U. S. Attorney's Office and state officials to try to get immunity for informants regarding the misappropriation of funds and crimes committed by personnel at the Rajneeshpuram. Basically, he had the same information as our Department; however, he stated that he had received information that Ma Sheela had drawn out \$82,000 from a bank account and used that to skip the country.

In discussing this matter with Lieutenant Renfrow this morning, the informant immunity appeared to make sense to him, because every time he approached the Chief of Police of Rajneeshpuram about talking to the informants, he had been put off. This was possibly due to the fact that they want to obtain immunity for the informants before further action is taken.

Lieutenant Renfrow and Captain Noland are at the Rajneeshpuram at this time and when contact is broken, they will proceed to District Attorney Smith's office, where it is reported that the attorneys for the Rajneesh will provide evidence of criminal activity at the ranch.

It appears at this time that both the District Attorney and local officials agree that in the next couple of days, a meeting should be held to discuss the entire situation and determine what action should be taken.

RBM:smh

9/11/84  
Rajneesh Secretary: Ma Prem Haysa  
Personal Secretary to the Bhagwan  
President of Rajneesh International

Information at this time appears that the secretary came up through the ranks and has been with the Rajneesh for some time.

Present population estimate: 2,000, approximately 100 street people

Crimes mentioned by the Bhagwan that our Department investigated or assisted:

Arson - Wasco County Planning Office  
Arson - Wasco County Commissioner's Office  
Salmonella poisoning - The Dalles  
Vandalism attempt - school buses at The Dalles

September 17, 1985

INFORMATION FOR SUPERINTENDENT WILLIAMS FROM MAJOR MADSEN,  
CRIMINAL DIVISION

At approximately 1:30 p.m., this date, the writer had a telephone conversation with Lieutenant Renfrow who is presently at Rajneeshpuram. He advised they are waiting to receive a tape on the press release given by the Bhagwan yesterday. Added information that Lieutenant Renfrow had at this time is that they are claiming the street people were brought in for one reason only, and that was to stack the votes in the county. Many of the street people were tranquilized when they were received at the ranch. They are also claiming that the death of the street person up at Government Camp was a homicide by an overdose of narcotics. The Rajneesh at this time are also gathering evidence at the ranch consisting of several suitcases containing material on how to kill. They are also seizing bugging and wiretapping equipment. The only additional information received on the new secretary, Ma Prem Haysa, is that she is reported to have been with them for some time and comes out of the Hollywood, California, area. When Lieutenant Renfrow was asked by writer about cooperation received from the Rajneesh, he could not respond due to where he was talking from; however, he did acknowledge they were not cooperating, but he needed to discuss that further and would call writer as soon as he left the ranch in an hour or two.

Also received a phone call from <sup>Rep.</sup> Senate Fawbush regarding the Rajneesh. He basically wanted to know if we had any evidence to substantiate any crimes at this time. He was told we had not; it was strictly a fact finding mission at the present time. He also wanted to know if the Rajneesh were cooperating in this matter or if it was just another Rajneesh situation on conning the government.

RBM:smh

September 17, 1985

Information from Captain Noland and Lt. Dean Renfrow that they have been unsuccessful in getting information from Peace Force Chief Barka. She appears very reluctant to talk or furnish any information and support the Bhagwan's allegations of criminal activity. They advised that a meeting of Wasco County officials has been scheduled for Wednesday, September 18, in The Dalles.

September 18, 1985

Captain Noland and Lt. Renfrow reported on the meeting at The Dalles. Present were Bernie Smith, Wasco County Sheriff, The Dalles Police Department, FBI, and Paul Keller from the Attorney General's office, and Barka with an attorney from Rajneeshpuram.

Barka said she wanted to cooperate and invited investigators to use rooms at the ranch to interview witnesses, which she indicated would be available and could shed some light on the allegations made by the Bhagwan.

Barka mentioned a pilot living in Germany who had information on a plan to destroy the Wasco County Courthouse. She indicated he was returning to the ranch. Other witnesses would testify about the allegations of poisoning of the Wasco County Judge, and the Bhagwan's personal physician.

Investigators plan to follow up on Barka's invitation immediately, with the exception of Paul Keller who declined.

Major Moine delivered two sound tapes and one video tape of the Bhagwan's press conference. The sound tapes were delivered to Dave Frohnmayer's office for their review. The video tape will be kept at State Police Headquarters and made available to interested parties. We are prohibited from duplicating the video tape without written consent of the Rajneesh.

September 19, 1985

Rajneesh Update

8:10 a.m. - Information from Major Moine

Lt. Renfrow reports the follow-up meeting at Rajneeshpuram yesterday went very well. Barka continued to show definite signs of full cooperation. The investigators were presented with a receipt dated September 17, 1984 from a firm in Ohio for purchase of a salmonella culture. Dr. Lester Wright, Health Department, was contacted and indicated that it depends on the type of culture compared with the outbreak in The Dalles. Dr. Wright will make someone available to our investigators if necessary. This information was relayed to Gerry Thompson.

DUE TO THE PROBLEM OF INSURING THE CREDIBILITY OF EVIDENCE, INVESTIGATORS ARE ASKING ALL PARTIES INCLUDING THE RAJNEESH NOT TO REVEAL ANY MORE EVIDENCE TO THE MEDIA. ENOUGH HARM HAS ALREADY BEEN DONE.

Major Moine reported that plans to set up a command center at Rajneeshpuram were going well. They anticipate having the command post in operation by noon this same date. A motor home will be rented due to our motor home not being properly equipped and in a state of dismantle.

Crime Lab, ID Bureau, Communications, and investigators from Portland and Hermiston will be assigned temporary duty to assist local investigators under the direction of Lt. Renfrow. A private phone or other communications will be established at the command post.

The FBI report they have assigned a team of five special agents to investigate the wire-tapping allegations. They request we assign someone to work with them due to the possibility the wire-tapping could be prosecuted under State or Federal Statutes.

September 19, continued

4:50 p.m., call from Major Moine reporting that the investigators have selected Lt. Dean Renfrow to coordinate the various aspects of the Rajneesh allegations of criminal activity.

The Task Force is meeting at the Rajneeshpuram city hall, phone 489-3411, ext. 6204, (a private phone line is being installed).

The Task Force is divided into four teams:

1. Collecting evidence
2. Poisoning cases
3. Wire tap cases
4. Interviews

Each team will include a member of the Peace Force. Each day of the investigation, which will continue through this weekend, the teams will meet to exchange information and ideas at 9:30 a.m. and 4:30 p.m. Press conferences have been scheduled each day at 11:00 a.m. and 6:00 p.m. Lt. Renfrow and "Chief" Barka will jointly address the press.

Barka now reports that she asked several reserve peace force members to resign because she believes they may be involved in wrongdoing.

John Mathis called GHQ to see if the Rajneeshees were cooperating as they indicated to him they would. I told him at this time it appeared our Task Force was being assisted very well by the Rajneeshees.

September 20, 1985

Major Moine reports the investigators are progressing according to plan with a command center established at Rajneeshpuram.

The only new development is two culture slides located in Sheela's deep freeze. These have not been tested at this time.

The salmonella culture mentioned previously on a purchase order has been compared with the culture found at The Dalles and does not compare. This determination was made by the FBI based on coded numbers. The company that shipped the salmonella culture is being contacted to determine if other cultures were shipped to the Rajneeshees.

The FBI report that the wire tapping case is proceeding satisfactorily.

An interview has been requested of the Bhagwan and appears likely in the next day or so.

THE UNLISTED PERSONAL PHONE TO THE TASK FORCE COMMAND CENTER IS 489-3303 AND WILL BE MANNED 24 HOURS A DAY.

Reports over the weekend will consist of direct calls from the command center to Colonel Pankratz each day following the 4:30 p.m. briefing except for any unusual or critical information which will result in an immediate notification to the Superintendent and Colonel Pankratz for relay to Gerry Thompson and Bob Oliver or other interested parties.

Saturday, September 21, 1985

Rajneesh officials have sanctioned a legal defense fund. Pathika has resigned from the Peace Force and is operating the fund. Basically she is advising Rajneeshees to seek legal advice or refuse to be interviewed by law enforcement.

Peace Force cooperation is deteriorating--apparently they aren't sure if their loyalty is to Rajneeshees or law enforcement.

The wiretap case is progressing. A security person has confessed wiretap involvement to Detective Roshak and an FBI agent.

The Attorney General now has three investigators involved --Paul Keller, Bob Green and Randy Banks. They are involved in numerous aspects of the investigation. Bob Hamilton expects to arrive in Madras on Monday September 23 and will meet with Major Moine and Lt. Renfrow and other investigators. He has been in frequent contact with Deputy U.S. Attorney Barry Sheldahl relative to the wiretap investigation. Lt. Renfrow, Paul Keller and FBI agent McCann have an appointment to interview Bhagwan Sunday.

Sunday, September 22, 1985

Major Moine advises that 13 more wiretaps, mostly in residences, were located yesterday. A secure xerox room in the Rajneesh telephone building appears to have been the location of the recording devices. Equipment had been removed and not located.

The interview of Bhagwan ran into a snag. Rajneeshees insist on video taping the interview, but the U.S. Attorney doesn't want it taped. Attempts are being made to resolve the problem.

It was determined that about one year prior to the salmonella incident at The Dalles, Rajneeshees purchased a salmonella culture from the Warm Springs Indian Medical Lab at Madras. Initial info is that it is the same type involved at The Dalles. Health Division Dr. Lawrence Foster has been requested to assist with this and the AIDS diagnoses.

The Peace Force became very cooperative today. Cause of the turnaround from yesterday is unknown.

A Rajneesh construction worker relates that another worker, who has departed, worked many times in a secured, off-limits area, with a backhoe. We will attempt to locate the area, and investigate.

Sunday, September 22, 1985 continued

Major Moine will start attending the Bhagwan's daily 8:30 AM meetings with his followers tomorrow.

6:23 PM - Major Moine advises he has been informed that K.D. will return to Rajneeshpuram.

Approval was given him for 30-day rental of a portable copy machine for the command post.

Several Rajneesh have started to approach the investigators with info tips.

Gerry Thompson has been updated on the weekend information.

September 23, 1985

11:25 AM - Major Moine advises there is much unrest and chaos among the Rajneesh. Several have indicated their desire to leave, and a few are leaving. We will attempt to interview those that leave similar to our street people debriefs. He would not be surprised if the entire Peace Force resigned and left. In anticipation that this may occur, investigators are commencing interviews with Peace Force members.

Many Rajneeshees have contacted the investigators with information. They indicate that there is still a layer of power in the Rajneesh structure and fear possible reprisal.

There is distrust of the Attorney General noted, and this morning at his daily discourse Bhagwan verbally condemned the Attorney General.

Major Moine attended the morning Bhagwan discourse. There were about 700 - 800 in attendance. The Bhagwan indicated his desire for only a Federal level investigation.

Yesterday at the conclusion of the Bhagwan's discourse, one disciple took off his mala and threw it at the Bhagwan.

About 500 dead fish have been found in the reservoir. Rajneeshees fear poison. Dr. Foster is conducting tests. The water is not being used for drinking.

We are permitted almost free access anytime, any place on the Ranch, except private areas. In those areas we either have prior permission or get a Peace Force member to accompany the officer.

September 23, 1985

2:35 p.m., Major Moine advises that the Rajneeshees are approaching mass hysteria. He predicts that by tomorrow nearly all of the Peace Force will resign. Pro-tem Mayor Niren reportedly met with Bernie Smith and was told the Attorney General was in charge of the investigation. Barkha relates that if that is true, cooperation will cease.

Investigators indicate that unrest is high and there may be problems. There are about 100 armed security around the Bhagwan's residence area.

We discovered a locked steel door under the house used as our command post. Wires lead around the door and under the house.

Barkha has been in contact with Interpol and has been informed that Sheela is in West Berlin. She is reportedly leaving for Paris on Tuesday, reason not known.

Bhagwan advises he has a letter from Sheela's former secretary, claiming Sheela skimmed \$43 million from the commune.

We received a report of an attempted poisoning of one of the Sannysans last night.

Another report indicated several vials in an outhouse; we will attempt to retrieve them.

Major Moine has copies of about 40 Rajneesh resignation letters from those who have departed.

Bernie Smith advised Lt. Renfrow that he has no problem with the Attorney General assuming control of the investigation.

10:35 p.m., Major Moine is of the opinion that the situation could become very hostile. As a precaution he has removed the motor home to Shaniko for the night and all investigators have left until tomorrow.

It appears that the Attorney General will commence issuing subpoenas and possibly search warrants tomorrow, however, we will not do anything except regular investigation for the time being.

We had a confrontation this afternoon regarding security force people living upstairs in our command post.

FBI is emphatic that they believe there are bodies buried on the ranch.

Today we noted four Rajneesh, apparently in a command post, on the ridge overlooking our command post. Unknown if they are armed.

September 24, 1985

9:00 a.m., Major Moine advises he is en route to the ranch to determine status. Two FBI Agents are also en route to continue their investigation. All other investigators are meeting with Bob Hamilton this morning to determine which witnesses should be subpoenaed.

September 24, 1985

At 10:50 a.m., Major Moine advised that he is now at Rajneeshpuram, and everything is quiet at this time. There does not appear to be the hostility that was felt yesterday. However, he does notice a lack of people circulating around the area in comparison to previous visits. They are going to attempt to get permission to check a new road, which rumor has that it was used to cover up the burial of bodies and/or guns. The vault under Town Hall has not been opened at this time due to a lack of a key. Yesterday, Major Moine placed markers on the vault, and this a.m. the markers are gone, indicating that someone had been into the vault during the night.

The Crime Lab is going to check vials found by the lake in an attempt to determine what chemicals, if any, the vials contained.

At this time, Rajneeshpuram is quite, and the normal investigation is continuing. Major Moine does not expect problems at this time, however, that might change when subpoenas are issued to members of the Rajneeshpuram.

September 25, 1985

Sergeant Preston called and advised that after the first encounter of Major Moine trying to get into the building this morning and then later when Lieutenant Renfrow and Sergeant Preston went into Rajneeshpuram, they had no trouble at all getting into the building. Barker came in and stated that the Bhagwan had told them not to cooperate, as he wanted to talk to the police; however, he wanted everything recorded and wanted the news people there when he did it. She did indicate that she would be willing to cooperate in locating people they wanted to talk to and would bring them in if they wished to come in and talk. Also, she indicated she would have no problem serving subpoenas if they wished her assistance.

K. D. has been in contact with an attorney in Portland by the name of Blackman. He indicated he would be willing to tell everything he knows, naming people and places if they would give him complete immunity. The FBI, Gardner, as well as Superintendent Williams and the Attorney General's Office, have agreed that they would give him the immunity if he was willing to talk and provide some help in the investigation.

There has been three or four different people coming in to talk to the FBI from different corporations.

September 26, 1985

At 11:55 p.m., September 25, 1985, Major Moine advised that four members of the Rajneesh have contacted investigators and are willing to discuss activities at Rajneeshpuram. Individuals involved include the Chief of Police at Rajneesh. With this additional information, the serving of subpoenas or warrants has been set back to at least Monday, September 30, 1985.

At 12:30 p.m., this date, information from Lieutenant Renfrow identifies a Mudolla defecting the ranch last night with the assistance of the FBI. It is reported that her husband is an assistant attorney general in California. After giving the FBI a statement, she left, probably back to California. It is reported she did not have much firsthand knowledge, but provided general information.

The Chief of Rajneesh is reported to be in the process of defecting, along with another peace force member by the name of Sara. They will arrive in Portland on Monday to give statements to enforcement officers.

Negotiations with K. D.'s attorney are not very serious at this time, and they do not look for any quick remedy of this situation.

The Bhagwan has advised members of the ranch they no longer need to wear their colors or their beads if they so desire; however, this does not exclude them from being followers or residents of the ranch.

It is reported that a physician has defected, who was at one time in charge of the clinic. He has left the ranch and has been attempting to draw money out of a Bend bank. If this should occur, we are prepared to serve him with a subpoena.

It is also our strategy that if persons do leave the ranch, and we could identify the ones that are subject to a subpoena, we will serve off the ranch property.

It appears to Lieutenant Renfrow that the Rajneeshpuram peace force is slowly breaking up; however, the security force has been hanging tough and has been performing their security duties.

Major Madsen and a member of the National Guard will be in Rajneeshpuram on the morning of September 27, 1985, to review the area for logistics purposes if emergency operations are placed into effect.

Lieutenant Renfrow reports that after the morning discourse, the Bhagwan gave indications that he would not be at the ranch that much longer.

September 25, 1985

Page 2

At 1:20 p.m., this date, Major Madsen contacted FBI Agent Chuck Archer regarding emergency operational plans of the bureau in reference to Rajneeshpuram. He stated that Agent Hudson was presently at the ranch. He is drawing up emergency plans at this time. Major Madsen will contact Agent Hudson at the ranch tomorrow morning to review and coordinate emergency operations. At the present time, the FBI plans on having a Coast Guard helicopter in the vicinity with a FBI SWAT team on alert.

At 2:00 p.m., this date, Major Moine advised he has heard from several of the followers after the morning discourse that the Bhagwan would be leaving soon. Major Moine advised they had just come back from downtown, and there was a number of followers upset and crying; however, he does not know what that relates to. The Rajneesh also had an uncut tape flown in regarding an interview with Sheila, where Sheila outlines how the Bhagwan will commit suicide by injection.

10-1-85 8:00AM MASTER HOST MOTEL BRIEFING

PRESENT: OSP OFFICERS

- Renfrow: Tentative plans. Regarding the Search Warrants, strategy between all different agencies and each agency's aspects. Difference of opinion because we all have different motives. We are going ahead and preparing the Search Warrants and possibly serve tomorrow. We also may not serve them tomorrow. There are some other things to be considered here. We served 70 some subpoenas yesterday. Submit your wish list to the attorneys. People you want to talk with etc. We will be having a meeting later on today and decide on the strategy. We have not told them about serving the Search Warrants.
- Bobrowitz: It was on the news last night. Channel 8. !!!
- Renfrow: The bookburning does not change anything. Re the Lake. We have information there are guns in the bottom of the Lake. May be very important.
- Morris: Heard one or two guys from the city are the divers?
- Renfrow: Know who the divers are. Need to know regarding the dead fish in the Lake. What did you find on the Street People?
- Ewen: Two said they were drugged in the beer. Other reports they stated they thought the food tasted funny. Eight or nine made comments on the food. Many stated their prescription medicines were changed once they got here. When they left the Ranch they were not allowed to take their medicines with them.
- Renfrow: We will be having our 1:00PM meeting as usual. Important to attend - for everyone. Need a list of people we want to interview. Keep up a list of things we want to see, buildings, etc. Keep those people up there busy. Don't let them think we have no one left to interview, and things we want to go through.
- I will be working on affidavits with the Attorney General's Office this morning at the courthouse. Give your lists and information to Sergeant Morris and Sergeant Preston at the Ranch.

Any more developments from yesterday at all? Have a lot of different directions to go. RICO on the Federal level, RICO on the State level. Individual crimes committed.

Hein: Have you given any consideration re Jeanne Schwartz?

Renfrow: Stay away from Jeanne Schwartz. If she gets involved in this, we will have a mess on our hands. If the person (UECKERT) wants to talk with us, fine. But Jeanne is trouble.

\*\* NOTE: The above is in reference to informant Schwartz giving information to the Madras Office regarding German subject Ueckert having info re firearms and drugs on the Ranch and what building they have been moved to. All parties advised on need to know basis.

Dorman: Will be going to St. Charles Hospital, Bend today.

Renfrow: The FBI has a good wiretapping case. Some people want immunity. If the Feds give immunity to anyone in the wiretapping, that does not give them automatic immunity in another case. If the State gives immunity, the people are immune to "any" charge. Then later, if we find they were involved in a murder, etc., they would be immune on all charges. The FBI can give immunity which may not be to our advantage. But we can't give immunity to just anyone unless we know all the charges. We are trying to work out the best results. The wiretapping case is very strong but we need more information. We are trying to make the best decision with all of the agencies involved. There are a lot of considerations.

Harris: Is there a reason why the Peace Force sits in on all the meetings? They take notes and if a man just hesitates, they seem to write that down. Or if he said "I don't know" they write it down.

Renfrow: Probably have received orders from someone else to do this. Attorney Niren said he couldn't keep giving us people to be with us at all times, that they had more to do and other work to do.

Roshak: Had a long interview with Dhyhan John. Attorney Niren said he had to leave. Took Dyhan John outside with him and when John came back in he said he would still talk to us against the advice of counsel. That he would tell us everything he knew.

Renfrow: Niren can say he gave the information without advice from counsel. Be sure and put that in your report.

Play their game. Keep them busy. Funnel the information through Sgt. Morris this morning. He will get the requests through to Barkha. Need your wish lists and present them to Barkha. Anything that is remotely associated with your cases.

Sgt. Morris Do you want Art Bobrowitz to be filming today?

Renfrow: No. He can assist at the desk at the Ranch.

Morris: Salle had a flat tire and will be late. Lynn Fredrickson is getting film developed.

Renfrow: Fredrickson went on a tour yesterday and took pictures. Here we are trying to get all of these maps and pictures and he gets on a tour bus and snaps away. Took pictures of all the buildings.

Let us know where you will be having dinner tonight. Leave message at the desk.

The teams on the Search Warrants. There will be 5-6 on each team. Probably have an Attorney General with you and one uniformed officer also. Might go in and clean out the whole record system and then again we might not. RICO can take the records.

We want the buildings swept through before going in. Not the residences, but the unoccupied buildings.

Renfrow: I will be at the District Attorney's Office this morning. Will try and make the 1:00PM meeting today. Someone take minutes. Very important. Keep working on your lists and people to talk with. That way later we can justify why and if they did not furnish names and people to talk to. Pick up your subpoenas. Ask for new ones. Subpoenas are based on people who have been interviewed already. Send the Peace Force out to dig them up and bring them in. Regarding the ones you have interviewed, they can be brought back in for another interview for added information.

Why are some of our reports done on Attorney General Forms?

Dorman: We turned in some tapes from our team because we were so jammed up. (This occurred when our office moved in from the Ranch)

Renfrow: Re time cards, etc. I want to check them. Turn them in to Kendra.

Our whole working system has changed on this case. All the experience as investigators has been thrown out. It seems we are developing information they want us to. Going to have to cut this off. But, because of the strategy many of us have gotten information we would not have gotten otherwise.

Ewen: Any information on the underground camouflaged bunkers?

Renfrow: Caves were going to be constructed. May not have done this yet. There were bars on the windows of a trailer. May have had guns in it. Might have been a part of the Edison Corp.

Zimmerman: Bhagwan's original teachings stated they would go to a valley, build caves and outlieve us all in the holocaust.

Renfrow: We are getting good intelligence information. MEDRULLA defected last week, and she is talking. Has told us the big threat comes from the Security Force. If they feel the Bhagwan is threatened they could be harmful to us. They have 100 to 150 people trained to use weapons. If they wanted to, they could create havoc.

R ow: K.D. has been in contact with us through attorney. He is in California. Re K.D. and immunity. We don't know what will come down and what these people have been involved in. Bernie Smith, Waso Co DA says no immunity. The Feds can do it in two hours. We can't.

End of meeting.

Bob McCrea,  
Attorney

Janet Hoffman, Larry Matsar, all private attorneys, were present for the 10:00AM meeting with the Oregon State Police, FBI, Department Of Justice, Wasco County Sheriff's Office, The Dalles Police Department as well as the Peace Force and Mayor/Attorney Swami NIREN.

Agreement by all present was that if any problems arose regarding any service of papers (warrants, subpoenas, etc.) with any contacts to be made, that investigators would talk with the private attorneys to iron out problems before they arose. Agreed also, was that as far as serving subpoenas the Peace Force would, after being supplied with a list, go out and search out the appropriate people and bring them into the Command Post (City Hall). Should the person on the subpoena list refuse to come in then we (the investigators and attorneys) will negotiate a settlement of the problem. Mayor NIREN advised he is authorized to accept any subpoena directed to Bhagwan. Should a warrant of arrest ever be issued to Bhagwan, Attorney NIREN advised he will cooperate fully. Attorneys requested that service of any papers directed toward Corporations be directed to appropriate attorney first. Those private attorneys will make themselves available at all times to make transition smooth. Those attorneys can be reached at the Rajneesh Hotel and will be at the Command Post early in the day. Also, one attorney will attend meeting in the afternoon.

Swami Prem Niren,  
Attorney

The upstairs of Command Post will be vacated by noon this date and can be utilized as interview rooms. Landowner advised there is no problem with our continuing to use City Hall as Command Post. In regard to any parking problem, feels this can be easily resolved.

Williams

Feels that someone from Security Force should be present at these meetings and was agreed to by all. Also, not to leave anyone out who would need to be present to avoid air of secrecy.

Major Moine

Meetings will continue to be at 1:00PM in the afternoon and news conference at 2:30PM. Also brought up that there will be uniformed patrols every twenty minutes or so.

Swami Prem Niren,  
Attorney

Brought up problem of someone leaving Ranch being stopped and questioned. Concerned that there was no "probable cause".

Bob McCrea,  
Attorney

Wishes to have copy of list of people to be subpoenaed. Also, decided to serve State and Federal subpoenas at the same time to avoid making some people come in twice.

Attorneys advised they wished to advise those people coming in for interviews of their right to counsel before investigators talk with them about anything.

10:34AM

End of Meeting.

11:20AM

Sr. Trooper Rick Brady returns from discourse. Bhagwan addressed the Attorney General as Idiot General and that he has once again put the National Guard on standby. He (Attorney General) Has missiles and nuclear weapons ready to attack Rajneesh. We have Oregon State Police, City and County so why do we need the National Guard, as all are getting cooperation This was the only statement directed at the investigation. Other part of discourse was directed to the commune.

11:25AM

Superintendent Williams, Major Madsen and Ted Gardner, FBI, left to Shaniko. Major Moine, at this time, met with news people.

Information from Lt. Renfrow is that informant is now sick and unable to come to Rajneeshpuram or to meet with our investigator.

Informant advised that trailer situated a few feet southeast of Command Post and which has bars on windows contains numerous weapons.

MEDRULLA, who was interviewed by FBI Agent Ron Knight, has stated, VISARGAN was in charge of accommodations at Rajneeshpuram, controlled all of Hotel Rajneesh, Watts Canyon cabins and University Heights registrations. Those registrations are housed in a trailer at Buddha Grove on small yellow cards. It is a must that we ID this trailer for search warrant.

Information from same source is that 100-150 people have been trained on weapons - in two hour blocks during the last six months. Also, the Security Force is situated upstairs in the Peace Force building, extension #6286. The black book seized upstairs last week had the names of Security Force written in it.

In regard to Security Forces exchanging weapons. When relieved, it was done at Lau Tzu (Bhagwan's residence).

MEDRULLA was with SHEELA the day she left Rajneeshpuram and at that time, JULIAN was still monitoring Bhagwan's discussions and was giving SHEELA minute by minute comments about Bhagwan's discussions. SHEELA was reported to have given YOGINI jewelry to sell in New York. SHEELA also left with two brown suitcases believed to contain tapes incriminating Bhagwan.

SIDDHA, a therapist who lived at JESUS GROVE and BRODOAH, who was treasurer of Rajneesh Sannyas International Commune: Two weeks before SHEELA left, these two left the Ranch in automobile. The auto returned later but not the women and neither has been heard from since. It is of her (MEDRULLA) opinion that investigators are not in danger unless a threat is made to Bhagwan.

Information also. As recent as June, 1985 and prior to the festival that women and children were trained to protect Bhagwan by approaching enemy while armed personnel retreated. \*

\* IT SHOULD BE NOTED that this date, many women and children were observed approximately 200 feet southeast of Command Post near a building. Not normally there.

MEDRULLA has admitted to the FBI that she secretly taped the Wasco County Assessor while on a Ranch tour. She also heard that PUJA took "AIDS" blood with her when she fled the Ranch.

The informant from San Francisco advised that gold brought from India and melted down was buried in 1500 foot stretch of roadway. To be used if they had to flee the Ranch. Information from the same source is that the "white" Rolls Royce is bulletproof and heavily armed at all times by personnel.

Meeting at SWAMI NIREN's office. Present were NIREN, SWAMI JOHN, BARKHA, Mr. Williams, Major Moine, FBI Ted Gardner, President of the Commune, ANURADHA, and General Osborn, National Guard.

Meeting was called by Mr. Williams over concern for communication with Bhagwan, both for his security and to avoid an unnecessary confrontation with Security Force in case of misunderstanding. NIREN is pleased with liason between Major Moine, Oregon State Police, and Agent Lynn Enyart, FBI.

Mr. Williams' concern for someone (one of the investigators) wandering into wrong area. NIREN advised if any investigator became confused and wandered near Bhagwan's residence he would know it, as there is a 10 foot high fence and guard stations around it.

NIREN then advised the only area where someone could get at Bhagwan was at discourse and feels there is enough Security present to repel any attack. If, in the event something goes wrong, we can call ANURADHA though extension 6211, but would be better off getting in touch with Barkha. NIREN also could be called in emergency situation.

Mr. Williams advised in speaking for the Governor, that he is supportive of Mr. Williams' role in seeing to it that this investigation reaches a peaceful and successful conclusion.

3:30PM

Mr. Williams left the Ranch enroute to Salem.

Subpoena service is going smooth, however slower than anticipated. Janet Hoffman, Attorney for Rajneesh Corporation, advised in her meeting with people at Medical Center meetings, anticipated to last five minutes are lasting 50 minutes. She anticipated there will be a surge of people coming in for interviews tomorrow. Thirty Federal subpoenas served and more than 40 State subpoenas served.

5:00PM

Major Moine and Sergeant Preston attended the book burning session. Approximately 800 people in attendance. Also, Sannyasins burned SHEELA's robes.

World Press Conference, once set for 7:00PM has now been reset to 8:30PM. Bhagwan to be on TED KOPELS NIGHTLINE program.

7:30PM

Major Moine and Sergeant Preston secured Command Post and left the Ranch.

kv

Major Moine and Paul Keller, Department of Justice, the only two at Rajneeshpuram. Upon arrival, everything appears quiet. Appears to be more people on the street, especially children. Appears also that work details have been curtailed.

At Rajneesh (Antelope) there was a lack of people observed. The new barracks appear almost deserted. Appears to be only a dozen or fewer people in Rajneesh (Antelope).

Nothing new has been learned from Bhagwan's Discourse. Bhagwan's comments seemed directed toward commune and no mention of law enforcement, in regard to negative comments.

Major Moine met with MA PREM HASYA (secret to Bhagwan). Met with her in regard to letter Major Moine hand delivered Saturday, 9-28-85, to Mayor SWAMI NIREN. Letter addressed the need for meeting with Bhagwan to set up dialogue. MA PREM HASYA advised Bhagwan agreed with letter and concerns, however will not meet or respond by letter, as he would lose face with the press due to his earlier statements about the press being present during any talks between himself and investigators. Dialogue with MA PREM HASYA is that she would be available any time if Major Moine needed to contact her and his home telephone number was made available to her.

Attempt was made to impress upon her the concern of everyone's safety and included contingency plans which had been made, including the worst scenario. MA PREM HASYA reluctantly accepted this, however expressed that she did not share the same feeling of the situation possibly becoming volatile as Major Moine did.

Major Moine expressed to MA PREM HASYA if there were some way, perhaps through Discourse or news conferences, Bhagwan could relay a message that he, in fact, received the Major's letter. Ma Prem Hasya advised she would express this to Bhagwan.

Major Moine then met with private attorneys JACK RANSOM and RON HOEVET, who have been retained by Rajneesh Corp. They expressed desire to fully cooperate and as a token of good faith, informed Major Moine that five (5) weapons are at the bottom of the lake where dead fish were found, that would have significant value to our investigation. The attorneys also advised they had a person, who in the next day or two, would be available, who they claimed has knowledge of all crimes and can give information leading to evidence that is hidden on the Ranch, Rajneeshpuram, and knowledge of witnesses who will voluntarily substantiate many of the accusations that have been made. They stressed things we would be told about were more bizarre than anything we've heard thus far.

Due to the nature of what was told, Major Moine requested that they allow Paul Keller to sit in on this meeting, to which they agreed. Their main concern expressed was defending the Corporation and that everything they learned would be made available to us. They also expressed that they would give full cooperation in the investigation and no more roadblocks would be set up to harass or interfere with our ability to conduct the investigation. Also, the threat of not having area to park investigators' equipment was

discussed and they assured there would be no problem with this.

4:00PM

Major Moine was met at the Ranch by JOHN MATHES and ROBERT HUGHES, Federal Mediators, who had been called in by Attorney NIREN. In their presence Peace Force Chief Barkha stated she thought problems or difficulties, which prompted Attorney Niren to call them, had been worked out.

Information from Detective McCafferty reveals informant is willing to travel to Rajneeshpuram to act as a "mole" for us. This has been approved and informant will be there Monday.

7:00PM

Superintendent Williams arrived. He was briefed and brought up to date on total task force operation. The "game plan" for this week remains the same.

Monday morning, 10:00AM meeting at Rajneeshpuram, discussion will lead to service of subpoenas and attempting to have Peace Force seek out named persons and bringing them to Command Post (City Hall) for service. We do not contemplate any problems with service, however small Oregon State Police contingency will be deployed and available in event of emergency. Two man patrols consisting of three units, staggered twenty minutes apart, will traverse Rajneesh area. National Guard Air Support will be available and stationed at Redmond. If there is resistance which could lead to confrontation we will back off and serve subpoenas with warrants On Wednesday when the full contingency is in place.

9:00PM

Combined meeting of all top level law enforcement personnel and support agencies met at Jefferson County Courthouse. Bob Hamilton, Department of Justice, narrated the meeting. A complete scenario of this week's operation, including serving subpoenas Monday, search warrants Wednesday and worst scenario were discussed. Strategy, safety, security and evacuation with all participants' involvement was then discussed. Mr. Williams stressed, in the event of threat to human life, it was solely the Oregon State Police to provide protection. Also, he stressed we would do everything to avoid a confrontation and he personally would not hesitate to express or become involved if he saw any mishandling of this operation which could cause a confrontation. In addition, he stressed the "game plan" everyone has agreed to must be followed and that if cooperation which has existed continues, he feels confident this week's operation will come to a successful conclusion. It was the consensus of the group that with the Attorneys now on board and their willingness to cooperate, that there appeared to be less chance of a confrontation.

Major Moine is to meet Monday morning at 9:00AM with Attorney BOB McCREA to discuss and establish guidelines for cooperation and for receiving all pertinent information valuable to investigation.

Bhagwan, Monday evening at 7:00PM, is to hold a world-wide press conference. Also, is to have a bookburning of the red book of Rajneesh, entitled "Rajneeshism - An Introduction to Bhagwan Shree Rajneesh and his Religion". Major Moine and Sergeant Preston to attend.

The Peace Force is still pursuing the investigation regarding the FBI being run off the road Friday. Those brought in for questioning thus far are not cooperating.

Present: Oregon State Police, Attorney General's Office

Byron Chatfield Discussed the new turn of events regarding First Interstate Bank.  
AG's

Lt. Renfrow  
OSP

"First Interstate cancels Rajneesh accounts"

First Interstate Bank has given notice that it is terminating all the accounts of several Rajneesh corporations and organizations, the new president of Rajneesh Investment Corp. said Thursday.

Dhyan John commented: "We don't have a money problem. For a bank to take the precipitous action...seriously impairs our financial position."

Dhyan John said First Interstate's action meant that Rajneeshee businesses no longer could accept bank credit cards, such as Visa and Mastercard, which he said were used to pay for more than \$200,000 a month in goods and services at Rancho Rajneesh. The bank also gave notice, he said, that all Rajneesh checking accounts will be terminated at the end of October.

The action affects the investment corporation, Rajneesh Neo-Sannyas International Commune, Rajneesh Foundation International and a number of subsidiary organizations, most of which have been banking with First Interstate for more than three years, Dhyan John said."

Byron Chatfield  
AG's

Stated that he had heard Bhagwan was going to destroy a book on witticims that Sheela was responsible for.

Byron Chatfield  
AG's

Requested Recruit Dorman to to Bend, after meeting at Sullivan's office this morning, and pick up the medical records On Sullivan from St. Charles Hospital in Bend. They need the records to help trace down the blood sample taken 2½ years ago on Sullivan for tests for poison.

Lt. Renfrow

Sent Sr. Trooper Fredrickson to Bend to try and contact Dr. Shunyo who possibly will be at American Express Inc., Mr. Shearson Lehman, 725 NW Lava, Bend, who handles his investments. We have information that he is cleaning out his accounts either today or Monday. Detective Fredrickson has subpoena with him. We have no description of vehicle Dr. Shunyo may be operating.

Very short, fast meeting this morning.

7:45AM

Meeting held at Jefferson County Courthouse, narrated by Lt. Dean Renfrow. Instructions on what was to be search, what scope of search was to be and notifying appropriate people of their team assignments. Instructions on radio procedure, legal assistance and contingency plans were discussed. Color photos of each building to be searched to accompany each search warrant.

This morning at Ranch will be business as usual and all investigators will attend meeting at 1:00PM. At that time Sannyasins will be advised of Search Warrants.

10:30AM

Major Moine, Major Madsen, Craig Brenton, and General Osborne arrive at the Ranch.

No interviews were conducted by any investigators prior to 1:00PM meeting.

Superintendent Williams arrives at the Ranch.

1:00PM

Investigators' meeting held at City Hall.

Present: Oregon State Police, FBI, Department of Justice, Wasco County Sheriff's Office, Peace Force, Military, and 5 private attorneys.

Hoebet,  
Private  
Attorney:

Major Moine gave floor to Mr. Hoebet as no old business to discuss. Mr. Hoebet addressed the problem that investigators were not being kept busy due to lack of Sannyasins to interview and inferred that this was caused by a "log jam" in the U.S. Attorneys and Attorney General's Offices. Advised they (the Attorneys) were there to cooperate, however U. S. Attorney and Attorney General's were Not sharing this cooperation. The basic problem, Hoebet advised, is that the attorneys needed to settle the immunity issue before they would allow any more witnesses to appear for interviews. He also advised that some of these witnesses fear for their lives.

Lt. Renfrow:

Lt. Renfrow presented issue of Search Warrants and how they were to be served. Invited to participate was the Peace Force.

Janet Hoffman, Private Attorney, directed the Peace Force to accompany each search warrant team, however told them they were only to act as observers and not participants. All attorneys present acted surprised about the Search Warrants and were upset that they were not given prior notice of service.

Lt. Renfrow gave explanation of where Search Warrants were to be executed, both State and Federal (Lynn Enyart advised of Federal Search Warrant locations.)

Attorney Jeack Ransom advised we are NOT giving Consent to Search! He advised State and Federal officials to serve the Search Warrants.

Tommy Hawk  
Private  
Attorney:

Advised he represented AVA. Advised he would continue to remain at Rajneeshpuram and negotiate with Federal investigators regarding immunity for her. Stated that she had valuable information for our investigators.

1:42PM

Lt. Renfrow met with Team Leaders so assignment of Peace Force personnel could be arranged.

Team #1 Pythagoras Clinic, met some peaceful resistance upon arrival, however got into building to search.

3:30PM

Jim Webb, Wasco County Sheriff's Office and Sr. Trooper Rick Brady were finally permitted to go to Patanjali Lake to dive for weapons. Attorney Ransom advised a client advised there were 5 weapons in waterproof container in Lake. Originally dive was set for 10:00AM, however had been postponed several times by Sannyasins.

Both divers advised after search that visibility near zero and 12" to 18" of Lake bottom silt.

In regard to Search Warrants, several locations found obvious movement of files and furniture by indentations in the carpet. Also, files were observed on prior days were now missing. Also, some of the teams were harrassed by Attorneys at search scenes.

Late night search at Zarathustra resulted in confrontation with attorneys where Jack Ransom had to be escorted out of the building.

11:00PM

Investigators left the Ranch at approximately 11:00PM.

kv

Lt. Renfrow: Request the Team Leaders report on their assignments yesterday, evidence seized and Search warrant returns. If you have people to subpoena, get names for appearance before the Grand Jury. Get your reports done and turned in for typing.

Sgt. Morris  
Team #1 Pythagoras Clinic. Looked at their records. The files were missing on the what was specifically named on the search warrants. All of the files on treatment of persons were missing. Collected some information on Pjja and Deveraj. Dr. Skeels recovered a vial of salmonella culture from a box in a locked file which they unlocked. He took that with him to grow a culture. Seized the ambulance record book which showed people being transported to the clinic, not all Sannyasins and believe they were Street People too. Didn't find any medical records for purchasing drugs. Regarding the purchases of drugs, these were done through another corporation and some other team may have found them.

Sr.Tpr. Hein  
Koran Grove  
Team #2 Obviously changed all around. Tpr. Dorman had been in there on September 20th. Optical equipment shoved over. Boxes were packed with items and sitting there.

Seized: 6 binders of "Non-Sannyasins" labled as such, believed to be on the Street People. Appeared to be medical history and type of treatment received, looked a lot like a job application. Box of tubes. Styrofoam tube tray, marked on masking tape "Evidence". May have been from Puja's lab. One CC syringe we had been looking for. These were empty and invidicually wrapped (the 7 syringes).

Cabinets in here looked like personal lockers. Found in personal locker of Pragitan were unmarked drugs, white powder in gelatin capsules, found in a heart shaped container. A small wooden container was found a brown substance to be tested. Swami Anand Pragitan had this for his own personal use. Subject was a chiropractor for the RMC. Know where the locker is.

Text books on microbiology. Purchase orders. Cateloges on medical equipment.

The best part was the syringes and notebooks on the Street People.

Lt. REnfrow: Advised to print the container as Pragitan has been served with a subpoena and has refused to give a statement.

Appeared that the syringes found were packed up and ready to move.

Bob Green has a 3 ring binder with drug signouts in it. Seized the 2 drawer file cabinet with the purchase orders and catelogs in it.

Sr.Tpr. Ewen  
Team #3

Rajneesh Hotel  
No Alan Watts records at Hotel. The manager had just become the manager one hour before our arrival. Price lists seized only.

Jeanie Senior, Oregonian, advised that on Oct. 2 boxes were being moved from the Hotel. They were marked "Legal Aid" She said she might be able to identify the people moving them.

McCrea said he would turn over the information this morning at 10:00AM re the records on cabin f-2 and who rented it for the last two years.

Sr.Tpr.  
Fredrickson  
Team #4

Rajneesh Medical Corporation in the Mall. Apparently moved out. Found a file cabinet locked. Opened the locks. Attorney Ransom was at this location. He cooperated at this location. Nothing here so they went to Team 1 to help. They had a paper shredder here and a bag of shredded paper.

At RMC they found records of heavy construction and plans for a new clinic. Did not take these.

Tpr. Dorman  
Team #5

Bob Greene, Leader. Tpr. Dorman gave report. Zarathustra Bldg. Edison and Kabar Temples. Kabar had nothing but a couch left with five telephones by it. Appeared obvious that moving had taken place and people were brought in to sit around. Nothing to search. Picked up blank applications and instructions ON how to become a member. Tile was torn up where things had been moved. Desks had been moved.

Edison: Bob Greene seized 15 tapes made on 7-6-85 probably regarding the festival. Went back at 9:20PM with another search warrant for file room. 60 files had been there and they were gone. Seized a blue folder with names and addresses of Sannyasins and Non-Sannyasins - computer printouts. Seized the shredder and 4-5 bags of shredded paper. They were shredding as we watched. Account books and application on "How to Apply" Found some very current applications. In the safe were other records for other corporation, not seized.

Sr.Tpr. Hein: On computer printouts they are done by code. Need account codes to decipher.

Verbal confrontation between the attorneys and officers at Zarathustra Bldg, file room, and attorneys escorted out.

Sr.Tpr. Salle:  
Team 6

Chamber of Commerce. Searched for Alan Watts registration forms. Did not find anything. Info only went to September, 1985. Computer terminal there. Safe with explosives, small piece of det cord, used to keep bomb dog sharp. Seized nothing.

Det. Roshak  
Team #7

Phthagoras Clinic Pharmacy  
Records at this location were intact.  
Seized 20-30 drug record books, 18 file folders containing invoices on prescription drugs, 23,000 drug prescription records, 3,000 drug records by chemical name, various literature, book entitled "Drug Interaction" with earmarked page on a drug causing nausea. Folder with literature, notes by Puja regarding M.D.A. and substances that are not controlled but are near the methamphetamine type chemicals. The attorneys and para-legals there said the prescription records were outside the scope of the search warrant. Problem resolved.

Lt. Renfrow: Need to file a Search Warrant Return today in Jefferson County. After the evidence is labeled an inventory list needs to be made. Need to make contact with the IRS regarding microfilming of seized records.

Art Bobrowitz to determine of the 15 seized tapes are or have been edited.

Sgt. Morris: Attorney Hoffman had some of the medical records in her possession.

Major Moine: Tapering down the operation today. National Buard leaving. Squads are returning to appropriate home stations. Expect to be at the Ranch approximately 10 more days. Plan on keeping approximately three people over the weekend at the Ranch.

Team Leaders and squads are to continue to be developing case today.

Deputy Webb, Wasco County Sheriff's Office, is ill with a bad virus infection and is hospitalized in The Dalles. He was one of the divers who went in the Lake yesterday with Sr. Trooper Brady and was wearing a wet suit. Sr. Trooper Brady was wearing a dry suit. Sr. Trooper Brady will be going back into the lake today about noon. Wasco County SO bringing boat with a metal detector.

kv

September 27, 1985

Bhagwan Shree Rajneesh  
Rajneeshpuram, Oregon

Dear Bhagwan Shree Rajneesh:

The past week we have had concerns ranging from our responsibility of providing the best possible investigation into allegations of criminal offenses which you made, and in meeting our obligation of providing maximum protection for the citizens of Rajneeshpuram, law enforcement officers and particularly yourself, in light of persons who betrayed you, and who could pose a threat.

We have been unsuccessful in obtaining a personal meeting with you, and at Sami Prem Niren's suggestion we are attempting to create a dialogue through correspondence. Our Purpose is to inform you of our intentions and concerns, not only to protect all of those involved, but to investigate the allegations to a successful conclusion.

These attempts have been somewhat complicated due to your community being foreign to us and our law enforcement investigative techniques being foreign to you.

If you could furnish us a list of the allegations including alleged parties involved, the names of witnesses and any other sources of information which you feel would assist, it would be most helpful.

Also, we would ask you to advise your people that all evidence or statements not be displayed to the media as the effects upon the investigation and prosecution of this case could be detrimental.

We further request the head of your security personnel contact us so a direct line of communication can be established in the event of any situation involving your safety and security.

If you would publicly announce your support and encourage your followers to come forth with any information regarding the accusations, we are confident it would increase the probability of a successful conclusion.

In our judgement, we feel the contents of this letter and your response should not be made public. Our intentions of communicating with you are solely for the purpose of obtaining all the information you may have, safety for all and knowing that you

Letter to Bhagwan Shree Rajneesh  
September 27, 1985

personally know whats going on from our point of view.

John C. Williams, Superintendent

Attorney Swami Prem Niren  
May, Rajneeshpuram  
Rajneeshpuram, Oregon

Dear Swami Niren:

Please convey our appreciation to Bhagwan Shree Rajneesh for his kind remarks. He can rest assured that his personal safety is utmost in our minds.

After considerable consideration, it is our feeling that the concerns and objectives expressed by us not be made public. It was our intention to share these views with Bhagwan personally.

We still feel the need to communicate with Bhagwan and would appreciate the attached letter of our concerns be delivered to Bhagwan.

We would trust this information, as well as Bhagwan's reply, be kept confidential.

John C. Williams, Superintendent

By

  
Robert R. Moine, Major

RRM/kv

cc: To Mr. John C. Williams, Superintendent

9/29

Superintendent Williams: meeting at 10 a.m. - including three defense attorneys. General Osborne well accepted as military representative at the ranch. Subpoenas being served - good cooperation. Have gotten "hot" stuff to be related later when return to Salem.

10/1, 11:45 a.m.

Rumor received the INS moving in with hundreds of arrests.

Bill Gary checked with feds/Wong. No INS indictments today.

10/1, 1:42 p.m.

Williams: Bhagwan's discourse: Bhagwan stated he would be arrested and put in handcuffs. Following discourse, Niren put out press release INS will be making mass arrests and National Guard in on alert. Niren had assured Williams yesterday that he would no longer make such statements. Madsen said someone talked with Niren who said his source was "attorney privilege" but he had been told such by a credible source.

10/1, 4:45 p.m. conference call with Collins, Archer, Lockwood  
Brandaw and Frohnmayer

Brandow: Slow day. Very little accomplished. Private attorneys causing slow down to communicate with clients. Meeting still on for this evening at 6:00 p.m.

Frohnmayer: INS rumor not being bought. Scale of 1 to 10 cooperation today at 0.00. 30 investigators just waiting around. A request from an attorney, Tommy Hock, representing a young sannysin who claims to have been on dirty tricks squad reportedly has info about poisonings. Multnomah and Washington Counties involvement, attempted homicide on a public official. Informant is requesting immunity. Asks that immunity issue be reviewed.

Collins: Ransom and Howet came to US Attorneys office today. Talked with Weaver and Wong. Used the approach "we are here to help you" -- "Info about enough crimes to fill room." They were told we want to know who they represent with written statement from their clients outlining extent of representation. They say represent Rajneesh "in general" which is broader than previous representation claim for certain Rajneesh corporations. Called attention to Niren's release about INS. Asked that they make it clear there are none and none imminent (without defining imminent). Private attorneys have begun to talk in general about conveying information re: crimes. 1) Prove representation, 2) then we will talk. Before any immunity deal cut, we will all input on decision.

Archer: 50 federal subpoenas - 11 re: alleged financial losses which will not be used. 34 of remaining 39 served. None served and no interviews today. Folks not getting along that well today. Worked out with OSP for divers to enter 12 acre lake at 10:00 a.m. tomorrow.

Lockwood: "No intent to engage in battle. 3 men there are peace loving." How to stop rumors?

Archer: Niren is causing rumor problem. At noon today, tried to hold press conference announcing Governor declared marshal law and 200 arrests to be made.

Gerry: Search warrant tomorrow?

Frohnmayer: Everyone's preference and has been communicated to task force.

Gerry: Question of service on Bhagway resolved?

Frohnmayer: No, pending meeting tonight.

10/1, 8:00 p.m.

Williams: Will start serving search warrants at 1:00 p.m. tomorrow preceded by a meeting with Rajneeshees to ask for cooperation. No service directly on Bhagwan. May serve Bhagwan through Niren. If no cooperation, service will go ahead regardless. Fear is that consent search would get stalled. 90 page affidavit with Judge tonight from which warrants will be developed. Both Superintendent and General Osborne will be out of uniform on ranch tomorrow.

10/2, 9:12 a.m.

Williams: received a midnight call reporting that a Wasco County Deputy Sheriff made a deal with KGW-TV to get exclusive of Bhagwan's departure. Not confirmed. (If so, will raise night sticks in salute.) Customs will tail. Gardner upset - INS has 4 warrants plus Bhagwan and wanted Bhagwan arrested. As of yesterday, had been assured no such plan. Reaffirmed - no arrest of immigration warrants. AT&F involved also. Immigration ultimatum of October 3 - an extension given by courts. Plans remain the same - search warrants 2 federal, 5 state. No residences; only hotel, building containing records, etc. Cooperation is just magnificent even with great potentials for conflict that exist. Bob Hamilton from AG's office is superb - has been real catalyst for cooperation. General Osborne (military) real fine man.

10/2, 9:30 a.m. Conference call with Miller, Brandaw, Archer, Turner and Frohnmayer

FBI-Archer: Task force agreed on plan. 1:00 starting serving 9 (2&5) search warrants. Hotel and building of corp. offices (feds).

Governor: Any resistance? 50/50

Archer: Task force to ranch at 9:30 to begin setting up. About noon Williams, Gardner, Osborne will move to ranch. 1:00 will meet with Rajneesh to inform of search warrants.

Frohnmayer: 50 page affidavit to judge. Judge stands behind 7 state warrants. No advance tip off. Move ahead with or without cooperation. RICO act could cause forfeiture of all real property. May cause claim "plot to take over ranch." Caution use and do best to stay low key.

Miller: Standing down at Redmond APC. Reduce by 50% if no incident by end of day, 100% by end of week. Choppers through week.

Brandaw: Confirmed previous report.

Frohnmayer: Niren's public statements

Turner: Level of tension extremely high per Enyeart at 1:05 a.m. and Gardner at 9:00. Last night received tip Bhagway leaving country early a.m. per report from Columbia County deputy sheriff. Also call from pilot that Bhagway rented Lear jet - capable going directly to foreign country. We can always begin extradition proceedings. INS Does not want arrest -- could cause fire fight. FBI will not participate in any arrest of Bhagwan. INS concerned about confrontation. As of this a.m., do not know if Bhagway has left.

Governor: Agrees with Turner and Archer attitude. Risk is too great.

Turner: Can extradite from anywhere. If flies to Seattle, would arrest there.

Frohnmayer: Will be in Governor's office to monitor radio today.

Affidavit will become public upon return - probably tomorrow.

Governor: Still concerned about security force.

Frohnmayer: Scaled down estimate in numbers from 100 to 50.

Governor: Weapons?

Frohnmayer: 2 locations, behind city hall and one other place.

Archer: When search starts, will secure building.

Governor: Compliment all on approach and cooperation.

10/2, 10:15 a.m.

Tom Towslee: Was told by Moine stick around for Wednesday. Why? Probably continued service of papers.

10/2, 10:55 a.m.

Col Brandaw calls to inform us that Bhagwan is still on ranch.

10/2, Superintendent Williams. These lines 489-3331 and 378-3111 will be kept open during afternoon. More hassle re: INS arrest warrants. Turner has heat on Gardner for arrests. (Congressmen Weaven and Smith putting pressure on.)

10/2, 1:35 p.m.

Williams: Report on meeting with Rajneesh re: service of search warrants: 5 private attorneys very outspoken about dislike for way treated with respect to immunity. "Trying to bluff." Would not accept any consent search. Discussing strategy with Barka and Renfro to go to 7 locations identified for search. Private attorney say they will not give anything now that they previously said they would have given. Search will be conducted very shortly. Security force being kept informed. They have been assured no threat to Bhagwan. Attitudes of residents very good.

10/2, 2:00 p.m.

Williams: notified press conference starting at ranch to reveal above plan.

10/2, 2:30 p.m.

Williams: All 7 search teams out in field.

10/2, 2:50 p.m.

Williams: All search teams out - no problem. One search team encountered problem - turned out to be private attorneys creating obstruction. Press conference went well. Situation very peaceful.

Frohnmayr: Lawyers with search team?

Williams: Hamilton and Pritchard not there

Frohnmayr: Will iron out.

Williams: Hamilton at courthouse and is available by telephone. Search will last 4 or 5 hours. One place expected to find manual files and turned up computer files instead.

10/2, 3:22 p.m.

Williams: All is absolutely quiet. No evidence of security force. No word from Bhagwan. Shut down open line? Okay. Defense attorney with search team focusing on clinic.

Lines to ranch; 489-3331 489-3303

10/2 4:45 p.m. conference call: Frohnmayer, Brandaw, Williams, Lockwood, Archer, Turner, Governor

Archer served two search warrants. Most of what looking for missing. All was there a few days ago. Veiled excuse given that change of corp directors caused records to be moved around. Hope can get later. Consent search turned down. Don't know process from here on. Frohnmayer served search warrants. Not much "pay dirt" another three hours to go to complete search for material, records, etc. Archer: list of 25 individuals to be interviewed to make case. Subpoenas tomorrow.

Lockwood: waiting to assess "stand down" tomorrow. If additional subpoenas, will probably keep adequate force on site.

Brandaw: went smoothly with search warrants. Success not great.

Governor: Immigration and Bhagwan's departure still ongoing. Anything else for feds.

Archer: wiretap very substantial case which reaches clear up into upper echelons.

Governor: involved in embezzlement issue?

Chuck Archer: AG's interested in embezzlement. Also, feds been doing extensive work but Rajneesh do not want to pursue.

Frohnmayer: Not a primary effort.

Governor: Anything on weapons in lake?

Brandaw: Dive delayed until late this afternoon.

Frohnmayer: Strong sense for additional subpoenas. If tomorrow, need to continue security.

Lockwood: Agrees.

Archer: Sheela ordered installation of wiretap -- at hotel -- very sophisticated system.

Governor: Ongoing case of immigration -- anything fairly imminent?

Turner: October 3 date relating to case of Subhon and 17 others.

Wanted to be permanent resident aliens based on marriage. Suit brought to discover. District court directed to adjudicate.

Stay expires October 3. Rajneesh obviously concludes criminal charge will come that day. Expect grant of extension of stay.

Governor: Anything imminent of Bhagwan?

Turner: No -- believe rumors of departure circulated purposely. Believes Bhagwan waiting until enough money secreted away before departure.

Williams: Talk to Osborne. Agreed to scale down personnel.

Lockwood: Before any change in military status will talk with Osborne and rely on team for decision.

Williams: Reputed business as usual on ranch. Only media hype on part of Bhagwan and Niren.

5:22 Col. Goyins

Meeting with INS people about support in case INS decides to pick up Bhagwan. No moves unless let us know. Apparently going to U.S. Attorney to gain approval to use National Guard.

5:35 Colonel Brandaw

No meeting tonight. Tomorrow at 8 a.m. Nothing found in lake so far.

10/3 Colonel Goyins 8:30 a.m.

Don't see a need for military. Want to pull back.

Thompson: Asked him to wait for decision after conference call.

10/3 8:50 Dave Frohnmayer

At Oregon Bar convention today, but available through his office.

Midnight last night, team reported nothing gotten.

Hamilton and Pritchard, Shanio closure.

10/3 9:30 conference call: Gary, Williams, Miller, Archer, Turner, Thompson, Governor

Gary: Follow-up search warrant last night in attempt to track missing records. Task force regrouping this a.m.

Turner: Unsuccessful yesterday. Further subpoena today.

Archer: FBI search unsuccessful. Records, there two weeks ago, not there now. Believe in hands of attorneys.

25 people with information of value.

Fly subpoenas over to ranch at noon.

Serve this afternoon and tomorrow.

Full FBI off ranch by tomorrow afternoon.

Governor: State and federal grand juries? Dates?

Gary: State 10/16 Wasco County

Investigative -- review full spectrum with focus on attempted murders. Another step toward gathering evidence.

Turner: Wiretap investigated confidential through grand jury.

Federal Rule 16 has draconian measures of confidence. Cannot discuss.

Governor: Task force has agreed to pull out military.

Miller: Yes, military out of hours; agreed to stand down (move equipment back to home and move personnel back).

Williams: Consensus is no need for national guard.

Governor: Change in attitude in dealing with Bhagwan (subpoena, search, arrest).

Gary: AG representatives believe proceed with Bhagwan's service on Niren. Frohnmayer and Gary think that service could be done smoothly on Bhagwan since yesterday went so well.

Archer: Niren agreed to accept federal subpoena. Not aware how or when.

Turner: EARLIER concern about confrontation if served. Since then Niren agreed to accept, but authority to accept unknown. If tension subsided, believe we should do so.

Archer: Tensions subsided because it was known Bhagwan would not be served. If we do, tension would elevate rapidly.

Williams: Agreed. Any threat on Bhagwan would cause trouble.

Attorney Ranson this am had to be escorted by arms out of area. Was obstructing search. About 75 file cabinets missing.

Not opposed to service of Bhagwan, but needs careful review.

Turner: Will defer to Williams thoughts, but let's go for service of Niren immediately.

Gary: Agrees defer to judgment of those in field. Move on substituted service. Will ask Hamilton to review with those in field.

Williams: Can agreement be reached through attorneys on both sides to serve Bhagwan?

Gary: Could be right.

10/3 8:30 a.m. conference call

Williams: Investigators believe they have accomplished all they can.

Governor: Service on Bhagwan will not be done unilaterally. Attorneys get together and work out.

Turner: Private lawyers not authorized to represent Bhagwan. Have asked for written statements showing authority of representation. Only possibility is Niren. Serve him and ask him to provide Bhagwan. If he says no, resort to court.

Gary: Agrees. Sheela had absolute power of attorney for Bhagwan. Don't know that it was ever revoked. See if can make it happen today.

Williams: Investigation at a standstill today. Now needs to be turned over to attorneys.

Archer: Agrees.

Governor: Any reason to spend time in lake?

Williams: Deputy Sheriff down with virus today, so OSP will continue to dive. Lead seems good.

Turner: How big a lake: can drain?

Williams: Drain, not sure. 12-acre lake; not their water supply.

Turner: Believes lead good, should pursue. Could secure court order to drain if cause no damage and not their water.

Williams: lead came from attorneys to "dicker."

Turner: True. Private attorneys are no help, but obstructionists. Also playing game with us for total and complete immunity.

Opposed to transactional immunity.

One lawyer now in our office again.

Gary: Agrees should move case to attorneys. Agree on immunity issue. Concerned that everyone understand need for OSP even after off ranch for several weeks.

Williams: Understand.

Gary: Public posture. Two days ago Niren used his "scam" to flush out plan. Next time, do not telegraph plan.

Williams: Agrees, but helps security when "scam" denied. Will be telling Niren abused cooperative agreement.

Gary: Tired of seeing feds and state deny Niren's rumors.

Williams: Learned today IRS has two people going to ranch today.

Archer: Had not heard.

10/3 4:45 p.m. conference call

Wong, Gardner, Lockwood, Williams, Gary, Thompson, Archer

Gardner: Just returned from ranch. Awaiting 21-22 more subpoenas. Private counsel would not allow anything but assist for service of subpoena. Service will begin at about 10 a.m. tomorrow. FBI will pull out for weekend. Today a day of clean-up. No doubt there are additional violations of

federal law. FBI will pull out only temporary. Wiretap will now move to grand jury. Other violations next week will require additional investigation. Believe some wiretap case can be made at hotel in Portland. 2,500 cassettes found at Rajneeshpuram.

Will now develop probable cause for Portland. Two days before search, reports of plane making several trips back and forth from ranch to Pendleton. Have someone checking out Pendleton in the event records were shuttled to a warehouse there.

Will meet with INS tomorrow morning. U.S. Attorney and local head of INS.

10/3 4:45 p.m. conference call (continued)

Archer: No report

Gary: Not much more to report. Issue of Bhagwan. Feds will pursue through Niren. State will defer to Feds.

Marla Rae: at BPST open house. Saw Sullivan. Bend reporter had information about all military (APC, helicopters).

Williams: Will miss our conference calls.

Low-key day for follow-up work. Truckloads of records.

Three of DC-3 aircraft rumored to be sold. Have been for sale for over a year. Phase down still in effect. One person will remain at ranch to man telephone and attend discourse each morning through the weekend. Lake search abandoned. Looked futile.

Private attorney Ransom has suggested he has a number of records he can produce.

Lockwood: 100 percent phased down. Five APCs on trailers in compound at Redmond, but can still meet any future need on short notice.

Wong: Nothing to report.

All agreed no need for 9:30 a.m. conference call tomorrow, but should have conference call at 4:45.

Williams will keep Governor's office informed throughout the day tomorrow.

Bob Hamilton rdo +  
will pass info to  
Frohnmayer DH

SEARCH TEAMS AND AREAS ASSIGNED TO THEM	2
MAP OF AREA, #'S CORRESPOND TO TEAM #'S	3
ASSIGNMENT LIST, RADIO AND TELEPHONE #'S	4
WARRANT REQUIREMENTS	5
SCHEDULE OF OPERATION	5

Lieutenant  
Renfrow, OSP

In case of Emergency: Plan for Team Leaders

If there is trouble with any of the people out there, unforeseen at this time, secure yourself at the location you are assigned to. If you can't rendezvous at City Hall, we have a plan to get you out of there.

Weapons will be available. Do not want them obviously displayed. Please keep the riot guns concealed but available. The Team Leaders will have the weapons at the site.

There will be a de-briefing with the Team Leaders after the operation.

This may take a couple of days and we may be involved in overnight security. Be prepared for remaining overnight.

The Team Leaders - Make sure everyone knows what we are looking for (scope of warrants). The FBI is not involved in our Search Warrant process. They have a good case on wiretapping and the wiretapping is not involved in our Search Warrants. We are trying to keep the State and Federal cases separated. This will also keep them out of the chain of evidence with fewer persons involved.

AG's

We are looking for a follow-up on the Humanities Corp. Need records regarding the Street People.

Bob Hamilton: Brief your Team that you might come across these records.

Lieutenant  
Renfrow:

After the meeting at the Ranch, 1:00PM, we have a schedule. The officers in plain clothes will be business as usual. We will hold the 1:00PM meeting as usual. Go down there and sit in the briefing just like we are anticipating interviewing again today.

The searches will not end the investigation. We intend to continue the following day. Business as usual.

8:30AM Meeting held at Hotel to discuss Search Warrants.

1:00PM Investigators' meeting at Rajneeshpuram with Peace Force, OSP and FBI present. Scaled down size from prior days. Barkha from Peace Force and Lt. Renfrow and Sergeant Preston from OSP.

Information from Barkha. Stated she just returned from lunch with Ma Deva Varja who stated she had, some time back, gone to Allen Watts cabins to check on registrations because records were mixed up. Varja observed Anugiten at f-2, observed windows draped and facility not being used as residential quarters, but it was housing equipment indicative of a lab. This information came shortly before Attorney McCrea notified Lt. Renfrow that there were no rental records available for Allen Watts cabin that was used for a lab, that he had promised to deliver the preceding day. It is suspected that information provided by Barkha and McCrea concerning the inavailability of the records was more than coincidental. Barkha was asked to submit a report and name of witness was taken so a statement could be obtained.

Learned that Bhagwans press conference the evening of 10-2-85 consisted of his commenting that search warrants were a waste of time as they already made evidence available to investigators.

During Discourse of 10-3-85, Bhagwan made no mention of search warrants.

It is expected that the State will serve 25 subpoenas on 10-4-85 and using same serving procedure utilized before. It is expected on 10-4-85 the FBI intends to serve subpoena on Bhagwan though service on Niren. Immunity issues are being quickly resolved and it is expected that interviews of Ava and K.D. may occur as soon as next week.

The former Rajneesh (Antelope) Police Chief, Sono and sister, Rajneeshpuram Peace Force Officer, Shara, are tentively scheduled for interview in San Diego next week. The FBI intends to travel to San Diego for an interview however, no firm plans for an Oregon State Police member to assist; have yet been made firm.

We will continue to provide coverage of Rajneeshpuram by covering Discourse and have two officers on duty at City Hall (Command Post) during Saturday and Sunday.

Divers SR. Trooper Rick Brady, OSP, and Deputy Terry Scattergood, Wasco County SO, searched Lake Patanjali on 10-3-85 from 1PM to 4:30PM, using underwater metal detector, with negative results.

8:30AM Meeting at Master Host Motel with OSP Officers present

Lt. Renfrow: Lt. Renfrow went over the Search Warrant Returns turned in by our officers. Matched up with original Search Warrants to be turned over to the A G's Office this morning on:

Koran Groye  
Pythagoras Clinic  
Chamber of Commerce  
Rajneesh Hotel  
RHC  
Phthagoras Clinic Pharmacy  
Zarathurstra Bldg

Some of the evidence will be microfiled by the A G's this morning. After this is done, Art Bobrowitz will leave for Bend to store evidence.

Isabel says she won't talk. The immunity issue with Ava is still being discussed.

Continue to cooperate with them.

They could be monitoring us. Some confidential information such as preparations for obtaining search warrants are getting into the hands of the press and the community.

It is very important to note all your conversations with attorneys or any Rajneesh member in your reports.

Peace Force Officers may be making notes and writing down who we are talking to and taking notes on what we are saying when talking with them. Make a mental note of this at the time and document.

They were supposed to have the people from upstairs in City Hall out of there days ago and they are still cealing the rooms. The key to that room hangs on the railing outside the upstairs side door.

Barkha keeps asking for reports.

Naturally, the press wants to get in and see what we are doing. Politely deal with them but don't let them interfere in the investigation.

Weekend schedule discussed. Days schedule discussed.

End of meeting.

kv

October 7 John Williams 5:10 p.m.

Conference call with Williams, Governor, Thompson.

Ava has been given immunity. She is currently testifying before a review team. She has stated that she personally put salmonella culture in salad bars in The Dalles. The purpose of this actions was to make citizens of The Dalles ill enough to prevent their voting.

Ava also has knowledge about the Bhagwan's personal physician poisoning case and the syringe used to carry out that deed.

She also implicates Puja in the poisoning episode.

Ava also has provided information on the Rajneesh security force which is apparently comprised of 38 hard core who are programmed to kill on command.

Ava is sharing knowledge about the beer served to street people being dosed with some type of drug.

She has also implicated two or three other people involved in the planning about the poisoning.

October 8 John Williams

Reports that Ava is about 25 years old, a graduate of U of C Berkeley, first came to Oregon as an employee of Zorba the Buddha restaurant in Portland. She worked there about six months at which time Sheela hand-picked her and took her to the ranch to be a member of what is surfacing as the "dirty tricks team." In the hierarchy of Rajneeshism she can be rated at the low to mid level.

October 8 3:45 p.m.

\*Williams reports that K.D. is in Chicago apparently visiting a brother.

Ava is still "spilling her guts." The review team reports it would probably take three days to hear all that she has to offer.

Next week the team will be going to San Diego (rescheduled trip, previously planned to talk to Shara, former Rajneesh police officer).

Private attorney Ransom has had a conversation with Williams in which he says that as long as the AG's office is involved there is no trust. However, Ransom states he has lots of records he knows we want and if we can serve him with a federal subpoena, he will turn them over. Williams has talked with Sheldaw who agrees he would be willing to serve the federal subpoena. Williams advised Bill Gary of the offer and the AG's office agrees. This action would not prohibit the state from obtaining the same records. A new federal law was passed in August that provides that if the state can show probable cause, any records turned over to the federal government through a federal subpoena can likewise then be turned over to the state.

October 8 4 p.m.

\*This information transmitted to the Governor via phone.

10/4 Williams 8:18 a.m.

Madsen reports that he thinks two things are going on: 1) immunity issue for K.D. and Ava will be settled today or Monday. Renfro Keller and Enyeart appointed as interview team. 2) Task force very concerned about feds "snooping" around. U.S. Marshall, high power commando people, INS, etc. All of above is inconsistent with reports from Gardner last evening but we know Gardner getting a lot of heat from his superiors. Gardner will be calling Williams at 11 a.m. Nevertheless, task force is getting "spooked" about what feds are up to.

10/4 Major Madsen

Ted Gardner met with U.S. Attorney. May issue warrants to drain lake Monday or Tuesday. INS is causing us concern. They "probably" would let us know if they are to take any action; but they are being very secretive.

Immunity looks more certain for K.D. and Ava (maybe not K.D.) FBI has gone to San Diego to interview former chief of police from city of Rajneeshpuram.

OSP has concern about the unknown. Fearful the feds will "pull something while interviewing" on the ranch which could endanger the safety of our people. Two from OSP on the ranch this weekend.

10/4 Colonel Brandaw

Bhagwan's discourse: K.D. at discourse. Bhagwan says we (the state) are planting drugs and preparing to bulldoze down buildings. Asked by a Rajneeshee, "will the bhagwan be lost?" Yes. Bhagwan says there will be demonstrations in front of American embassies in sympathy of Rajneeshees.

10/4 Conference call: Frohnmayer, Brandaw, Goyins, Archer, Sheldahl, Governor, Thompson

Sheldahl: Been talkint to a witness at a lower level. She is cooperating and take polygraph, etc. *(This is Ava.)*

Frohnmayer: keep under wraps any immunity negotiations.

Would like us all to refuse to answer publicly any questions about strategy and immunity.

First round of investigation complete and shifting to grand jury process now.

Archer: winding down at ranch. His people have left the ranch for the weekend. Two people will be back next week to be available.

Brandaw: Two this weekend on ranch to be available to anyone who wants to talk.

Madsen: Activity has slowed down. 25 fed subpoenas were planned for day.

Archer: Took 17 subpoenas out today to be picked up by Rajneeshees at 10 a.m. and 1 p.m. At 11 only one had shown. Have observed several flights from ranch to Pendleton and Baker. Will follow up. Could be transport of records to a storage place.

Frohnmayer: Paul Keller attended discourse. K.D. at ranch with attorney. Bhagwan said the INS and FBI were ready to arrest 1,000. Announced protest plans at all american embassies.

10/4 conference call continued

Governor: Subpoena for K.D.

No one sure.

Col. Goyins: Standing down. In a drill status all weekend.

Governor: Subpoena?

Sheldahl: Served Niren for Bhagwan today to appear the 9th at fed grand jury in Portland.

Frohnmayr: Next week regroup in The Dalles to prepare for state grand jury.

Madsen: Info from Bend office that a U.S. Customs officer Jones said "if we call with a code 34 that means they want to contain the Bhagwan."

Sheldahl: do not know Jones or any plan to detain Bhagwan.

Governor: don't want to serve K.D.?

AG & Sheldahl: K.D. very much a target, but don't want to immunize him at this time.

Archer: The draining of the lake is delayed. No pump large enough. Would take two months. Will go back to more sophisticated metal detectors.

Next week more cleanup work -- feds and state in preparation for grand juries.

Future conference calls based only on need. Team will stay in touch (task force).

10/5 Dave Frohnmayer

Very upset with Oregonian article which leads with strong suspicion that K.D. has negotiated immunity and indictments certain as quoted from John Williams.

Charlie Turner is "livid." Feels superintendent out of line and unprofessional. His statements could cause problems at ranch.

Bottom line: OSP will be excluded from further involvement unless Gov can immediately give Turner some strong assurances.

Turner's home phone: 625-6373

Relayed info to Governor and Williams.

10/5 1:35 p.m. Major Madsen

Discourse quiet. Reiterated worldwide demonstration. A Rajneeshee asked if would be "alright to meditate all day." Bhagwan said okay, but would get nothing to eat tonight. Bhagwan is tightening up on Rajneeshees.

10/5 5:05 p.m. John Williams

Turner swears on a bible he will let us know before feds make any move. Williams will refer all press calls to them -- just like any other criminal case. Thinks Turner all calmed down and everything is back to normal.

Sergeant Randy Aveline and Detective Lynn Fredrickson were the only law enforcement officers on duty at Rajneeshpuram this date.

Detective Fredrickson attended Discourse where it was learned that the following was discussed:

I. Religion

Bhagwan declared religion in the commune as "dead".

II. Discipline and Responsibility

Authorities are preparing to discipline you. You (commune members) must do what they say or get punished, now or after death. Fight against anyone forcing their authority on you. Believe in yourself (maintain individuality). Now that Sheela is gone the commune has freedom.

Addressed the problem of the people not working. Stated they must continue work, then take time to meditate.

III. Directions if Bhagwan is Arrested or Killed:

Bhagwan advised he can't be arrested because he has not committed any crimes. To remain silent is not a crime. Sheela and her gang are responsible for crimes.

Stated, if arrested he would be excited about it because he has never been arrested. If arrested, Sannyasins are to do the following:

A. "Go before every American Embassy, sit down and meditate. Don't be terrorists, be Sannyasins. This is to show the world we are peaceful people."

B. "I will let them handcuff me, raise my hands and show the world how the American Constitution contradicts itself."

C. Addressed the Attorney General as ignorant and advised that he should leave the commune alone.

Recruit Dorman attended Discourse.

The communes are centralized now and Bhagwan says he wants to decentralize so that there are many smaller communes worldwide.

Wants to go "underground" meaning they will not wear red and will not be wearing malas.

Found on the Ranch were burned test tubes. They were found by the Pythagoras Clinic by Sannyasins who were out hiking.

The Peace Force is upset about SAMYA being named on affidavit and put into the paper as then her life would be endangered.

The Peace Force believes we're more concerned about the INS angle rather than crimes committed by Sheela and her gang.

SAVITA putting together threat/hate mail which they feel is coming from within the commune. SAVITA is a member of the Peace Force.

kv

TIME ..... OFFICER'S REPORT No. ....  
 Place Salem OREGON STATE POLICE County Marion  
 Subject SPECIAL ASSIGNMENT - RAJNEESHPURAM September 24, 1985

BAKER, MERVIN H.  
 Communications Specialist IV  
 Salem

On September 20, 1985 writer was assigned to assist Special Agents Ronald Knight and James Maher of the FBI to check the Rajneesh Hotel for possible wire taps and hidden microphones. The FBI had obtained a list of rooms that were possibly wiretapped.

In Room T8 of the Rajneesh Hotel, Several audio cables were found coiled in a ceiling vent. Telephones were checked in other rooms from the FBI list. These telephones seemed to have been modified so the handset would always be active on two wires that were not normally used on the telephone. Writer assisted the FBI in seizing these telephones from several rooms of the hotel.

On September 21, 1985 writer was assigned to assist Special Agents Ronald Knight and James Maher to continue checking for wiretaps at the Rajneesh Hotel. Writer assisted the FBI in removing 13 microphones from the ceilings of rooms T38, T39, T40 and T02. These microphones were accessed from the audio cable in Room T8. Three microphones were removed from the ceiling of each room with the exception of Room T02 where four microphones were found in the ceiling.

On September 22, 1985 writer assisted the FBI in removing telephones that were suspected of being modified from the Rajneesh Hotel. A few of the telephones from the FBI list were not modified and were left in place. Writer used test equipment to insure that the handsets were not active when in the cradle.

At 2:10PM the FBI assigned writer to assist Special Agents Arthur Hensel, Joel Rudow and Barbara Moser at Mohammed I and II. Several microphones were found in the air vents above the doors in the buildings. These microphones were terminated in boxes that appeared to have homemade amplifiers in them. These boxes were then connected to cables that went to the central telephone office.

On September 23, 1985 writer assisted the FBI to complete removal of microphones from Mohammed I & II. Writer assisted Special Agents Arthur Hensel and Barbara Moser in removing a microphone from Zorba Budha Restaurant. This microphone terminated in unused wires of a telephone cable. This microphone was in plain sight and not hidden as all other microphones were.

10-8-85 DISCOURSE - RAJNEESHPURAM Attended by Det. Lynn Fredrickson

OCT. -9. 1985

I. LOVE

Nothing of importance discussed.

II. SANNYASINS OBSERVED DURING DISCOURSE WITH AUTOMATIC WEAPONS

- A. Bhagwan feels that the guns are ugly but necessary for the protection of the commune.
- B. To prevent outside people from harrassing the children of the commune, guns were found to be necessary for their protection.
- C. Bhagwan would rather the guards carry "rose flowers" for protection of the children.
- D. Bhagwan said, "If the Government of Oregon is ready to protect the commune, he would give all of our guns to the Government".

III. PEOPLE EXCHANGING THE RED CLOTHES & MALAS

- A. Bhagwan indicated he set this up as a test of the people's willingness to accept his instruction and he was greatly hurt by the people giving up these articles.

IV. DEER IN RAJNEESHPURAM

- A. He has 126 square miles in the commune where people are not allowed to shoot at each other or at a deer.
- B. He has given instructions to his people to plant vegetation for deer feed and anticipates 20,000 deer in the commune this winter.

V. CHRISTIANS, COMMUNISTS & COMMUNE MEMBERS

- A. Christians - Jesus was a Jew and not a Christian
  - 1. Christianity wasn't brought out until 300 years after the death of Jesus Christ.
  - 2. Christianity is the lowest form of religion, it appeals to retarded minds and there is no intelligence needed to understand it.
- B. (Skipped Communists)
- C. (Skipped Commune Members)

VI. SELF-CONSCIOUSNESS THEORY

Nothing of importance discussed.

VII. WHAT DOES IT TAKE TO BE NEAR THE BHAGWAN OR THE COMMUNE.

- A. His answer was, Enlightenment is the ultimate flower and the only difference that separates you and me is the distance created by your own ego.

VIII. WHAT IS LIFE?

- A. It is not a question, it is a road!

October 9, 1985

At 3:45 p.m., received information from Lieutenant Renfrow that subpoenas for documents at Rajneeshpuram were served by the FBI, and everything appears to be going smoothly.

Ma Ava, during her interview yesterday, stated that she and several other members of the commune were responsible for the fire at the Wasco County Planning Office. They carried out this assignment at the direction of Sheela. She goes into detail how they stopped at a store and bought charcoal lighter, regrouped in Portland, bought candles, and then proceeded to The Dalles to burn the planning office. Ava was a lookout during this arson attempt, and she provided investigators details concerning the crime that were not known to the general public.

Ma Ava stated that after Sheela was sued by a former member of the Rajneesh in a dispute over money, Sheela set up a hit squad for the purpose of killing certain people. Number one on the hit list was United States Attorney Turner, who was marked for assassination by shooting. Also on the list was Attorney General Frohnmayer, who had been surveilled by the Rajneesh. They had intelligence on his residence, habits, and traveling patterns.

Ma Ava stated that she was the one responsible for poisoning Wasco County Circuit Court Judge Hulse while he was at the restaurant in Antelope. This was accomplished by placing salmonella in his drinking water. She carried out this assignment at the direction of Puja.

Ma Ava will be interviewed during the next several days.

The present rumor on Rajneeshpuram is that Sheela has purchased a hotel in Germany.

10/9 Major Moine

FBI subpoenas for records held by Ransom going very well. Latest rumor from ranch is that Sheela has bought hotel in Germany.

Ma Ava implicated herself in setting the fire of the Wasco County planning office and said she did so at the direction of Sheela. Ava also says she poisoned Judge Hulse at the direction of Puja by putting salmonella in his drinking water.

Ava has also provided information that indicates Sheela had a hit list with the top two being U.S. Attorney Turner and AG Dave Frohnmayer. Turner was to have been killed by shooting, method for Frohnmayer unknown. She also revealed that Frohnmayer had been under surveillance long enough to have established familiarity with his residence and living patterns.

It appears that Ava still has much information to reveal and interview will resume on the 10th.

A peace officer has also come forward who indicated she had seen a doctor working on what appeared to be a dead body in the medical clinic. This occurrence coincides exactly with the timing of the dead body of one of the street people found at Government Camp.

An aside: Ava has told investigators that K.D. was usually against anything proposed in the way of dirty tricks by Sheela or the dirty tricks team.

10/10 Williams

A command post has been established at The Dalles in a house across the street from the courthouse. It will be manned by OSP officers and representatives from the AG's office. The purpose is for coordination of the grand jury proceedings. Telephone number to the command post: 298-5111

In Bhagwan's discourse this morning the Bhagwan blasted the newspapers for grossly exaggerating their reports. There are currently five FBI agents and one OSP officer on the ranch working on the records being turned over by the private attorney.

Diving in the lake has been resumed. Ava has told investigators that the weapons presumed dumped in the lake were those bought to eliminate both Turner and Frohnmayer. The diving team will be utilizing more sophisticated equipment in their attempts.

Preparations for the state grand jury continue.

(See attached notes by Sr. Trooper Hein re interview with AVA on 10-8-85)  
(Refer to note by Sergeant Aveline regarding 10-9-85 Discourse, attached)

FBI served Federal subpoena at Rajneeshpuram on Jack Ransom, Attorney for Medical Records and Documents pertaining to purchases of electrical equipment.. The majority of these documents have been secreted by Rajneeshpuram Corporations at an undisclosed location prior to the execution of last week's search warrants. These documents will be helpful in both Federal and State investigations. At 11:30AM, Major Moine and Lt. Renfrow met with representatives of Rajneeshpuram Peace Force including Chief Barkha.

Barkha advised she has in her possession a postcard dated September 9, 1985 from Sheela to K.D. mailed from Bangkok, Thailand. Postcard depicts a small boy sitting on a water buffalo and message on reverse side of card states, something to the effect - If original plan doesn't work, go to Plan B.

One of the Peace Force Officers had reported that approximately in November, 1984, while she was acting in the capacity as a nurse at the PYTHAGORAS CLINIC, one evening she was asked to leave the clinic and remain at a trailer nearby. She did go to the clinic and observed several persons inside dressed in non-Rajneesh attire that appeared disheveled and were wearing head bandages as though they were injured. She was not permitted to enter nor was she provided any reason for this activity. She observed through an outside window a Dr. DEVAM aka HAROLD CARMEL working on what she thought was a body, inside, that was lying on a gurney. Persons were taking photographs at that time.

Within several days after this incident, Dr. DEVAM left the commune and is possibly currently in the San Francisco area, and one of the subjects who was in the trailer wearing head bandages was observed the next day by her not to have had any injuries. She associated this occurrence as the same approximate time period as when WILLIAM ALLEN, Street Person, was found deceased near Mt. Hood - Government Camp.

Barkha advised that SWAMI ANIHATA (sp) contacted the Peace Force two days ago and advised that during the Share-A-Home Program, he recalled PUJA bringing in a person to him and identifying him as WILLIAM T. ALLEN, asking for a ticket to be purchased for him for transportation to California. He recalled obtaining this ticket to Bend and California for ALLEN, however recalled that the following day ALLEN was found dead at Government Camp.

We are attempting to determine, at this time, if the subject found deceased at Government Camp was positively identified through fingerprint comparison or other means of identification. Attempts will be made to locate and interview Dr.DEVAM. Also, members will be sent to Rajneeshpuram tomorrow for extensive interviews of SADHANO and other Peace Officers.

Barkha advises that she attended meetings following the BYRON civil trial in which Sheela was sued by former Sannyasin. Barkha noticed distinct changes in the attitude of Sheela and others. This coincides with Detective Hein's interview of AVA where Sheela called meetings following the trial and discussed elimination of certain individuals. Barkha will be interviewed as to her knowledge of the contents of these meetings. Barkha also mentioned that a drop for evidence and/or weapons could have been a cesspool on the ranch near a incinerator and is obtaining permission for us to view this area.

Lt. Renfrow

kv

DISCOURSE - OCTOBER 9, 1985, WEDNESDAY

QUESTION: What is difference between innocence and stupidity?

ANSWER: Innocence is nature - a child is innocent because he is ignorant. Stupidity is any religion. Jesus was not enlightened, he drank wine and dined with prostitutes. Religion and politics are stupid. They need ignorant masses to follow them to stay in power. Jesus was a hypocrite, he was not a savior.

QUESTION: Will the commune remain when you are gone?

ANSWER: You have been programmed by me, you are independent. The commune will remain after I'm gone because you are knowledgeable. The world is full of stupid people, professors and judges. They have been programmed by the universities and colleges to be stupid. I am deprogramming you to make you knowledgeable.

He finished his discourse talking about sadness and aloneness, which basically covered his childhood.

*Randy E. Avaline*

841-53 Randy E. Avaline, Sgt.

BILL HULSE KIDNAPING

AVA advised she received a telephone call to make contact with SHILPA, SHILPA was sounding very urgent and wanted her to come over to JESUS GROVE right away. She made contact at JESUS GROVE and present were SHILPA and PUJA. SHILPA wanted her to go directly to ANTELOPE and attempt to locate the Wasco County Judges who were allegedly in the area preparing to go on a tour of Rajneeshpuram. The obvious place to try to locate them would be at ZORBA's in ANTELOPE.

AVA was given very explicit instructions on her assignment which included a physical description of JUDGE BILL HULSE. AVA was further instructed not to mistake "VIRGIL" as the target because he was a nice person and was friendly to the commune. The third Judge only known as MATTHEWS would also be present but was not the main intended target.

PUJA gave AVA a vial of Salmonella and was instructed to make contact with JUDGE BILL HULSE and attempt to poison him by putting the Salmonella in either his food or drink. SHILPA was specifically telling AVA not to give anything to "VIRGIL". AVA left the RANCH and went to ANTELOPE and located the three Judges at ZORBA's as expected. They were seated at the bar and AVA walked in behind the bar. It is noted AVA's past experience as bartender at the Disco in Portland, and the fact she had been manager of the Portland Rajneesh Hotel gave her the ability to walk into ZORBA's and walk in behind the counter and no one would question her actions, either customers or other employees. As AVA walked near the position of the seated Judges, JUDGE BILL HULSE, makes a verbal request to AVA for a glass of water. It is noted AVA hadn't made any kind of attempt to contact JUDGE HULSE at this point. AVA went to obtain the glass of water and in doing so she added some drops of the Salmonella. She noted the salmonella consists of a definite odor and is murkyish-brown in color. She advised the amount she added would have been detectable by odor and color so she dumped out some water and then added water to dilute the mixture. She advised she did this a couple of times and then was guessing that the mixture probably included just some drops and couldn't be specific as to an exact quantity. AVA didn't notice any effects of the water/salmonella on JUDGE HULSE while at ANTELOPE. AVA then returned to the RANCH and the Judges continued into RAJNEESHUPURAM for their planned tour. AVA had no further contact with the Judges after this point.

AVA later contacted PUJA who described the affairs of the remainder of the Judges tour of the RANCH. PUJA advised the Judges had taken their tour, which had lasted over an extended time and AVA was recalling somewhere in the area of a couple of hours, and upon the Judges return to the MALL area it was noted his vehicle had a flat tire. The day was described as a very hot day and while the tire was being changed on the vehicle, PUJA had arrived on the scene with the same for the Judges. PUJA admitted directly to AVA that she had gotten a good dose into JUDGE HULSE's drinking water. This conversation occurred the same afternoon of the incident.

AVA couldn't recall whether PUJA had stated the substance had been Salmonella or not, but she assumed it had been salmonella. AVA did add though PUJA has cultures of both salmonella and Hepatitis. AVA stated also that her personal actions regarding any assignments was always tentative, unsure and usually the assignment was somewhat bungled. PUJA on the otherhand was very direct and didn't hesitate when instructed to do an assignment.

AVA advised she had been in SHEILA's room during the apartment time of the Share & Hire program with SHEILA, JAYANTA and VIDYA present. There may have been others present but AVA only recalled those named. SHEILA in context of a joking remark asked if anyone knew how they could destroy DAN BURTON's house. AVA also advised she was sure SU, VIDYA and DAVITA knew what was going on. On one occasion VIDYA had called AVA and advised her to go to The Gallies to DAN BURTON's office and harass him. AVA was to take SHAM WABUD with her. WABUD had previously numerous contacts with DAN BURTON and there was a running battle between WABUD and BURTON. The intent was to just bother DAN BURTON because he wouldn't give the commune a permit for the construction of a hospital.

One day after the above incident AVA contacted SHEILA and DAVITA in the restaurant and they were going to set up an apartment in London and had to look if AVA was interested. AVA agreed to it and AVA was to work with SHAM ANURAG. AVA was advised what she would be actually doing at that time. AVA advised the apartment was rented by ANURAG who had used the name ALYNOR BOHANNETT. The apartments were the MAY APARTMENTS 1110 S.W. Taylor, #404. The lease home number was 216-3430. There was an additional number listed of 2391, but AVA thought it was a authorization call number. The renting of the apartment came about just prior to the arson of BURTON's office. They then kept the apartment for three to four months. AVA advised that ANURAG and SHAM ANURAG were assigned to purchase and re-sell vehicles which were used by commune members. The system used received the purchase of the vehicle to be made under cash. The vehicle would be parked at the airport when not being used. The vehicles would then be sold prior to thirty days elapsed thusly avoiding any registration documents being initiated with D.V.

After having made contact with SHEILA and DAVITA at the restaurant, AVA had been advised to meet SHEILA at JOHN'S GARDEN. AVA went to DAVITA's room and SHEILA then asked AVA if she was up to an adventure. AVA agreed to do anything for the commune. SHEILA, ANURAG, VIDYA, JAYANTA and SHAM ANURAG. Again AVA advised that they may have been involved in previous events. They were discussing plans for committing the arson of DAN BURTON's office. They had a floor plan, pictures of both the interior and exterior of the office and one point of concern seemed to be there was a mercury vapor light or something similar that illuminated the building.

SHEILA had advised everyone at the meeting she was going to Europe because she didn't want to be implicated in any crime. AVA recalled that she had the party with SHEILA but she didn't even want to be in the country when things went down.

AVA then advised she, ANURAG, YOGINI, and JAYANTA were to leave the RANCHO using one of the vans from the commune. They were also taking some furniture to use in the new apartment on Taylor Street. JAYANTA drove the van from the RANCHO and while enroute they stopped at a store in Arnhem. At this point AVA advised she purchased some kind of electrical lighter fluid. She had been instructed prior to leaving the RANCHO that she was to purchase liquid that was to be used in the arson of DAN BURTON's office. After arriving at the apartment she spent time arranging the furniture and cleaning up. ANURAG was experimenting with some candles that were also to be used in the arson of BURTON's office. AVA advised that part of the candle experimenting was done after dark as either the fuse or circuit breaker had gone out in the apartment and ANURAG had used the candle to search the electrical problem. There is a definite difference in the way ANURAG approached these experiments. ANURAG was very meticulous, serious, planned it out, obtained

all the needed supplies, and didn't like the way ALLEN had assigned it in a rather flippant way. ALLEN was also the boy friend of GAVITA. On the night of the arson, ALLEN had obtained a vehicle which was parked at the Portland Airport. Upon arriving at the airport it was noted the vehicle to be used was a lime green, spoke wheeled, very noticeable vehicle. ALLEN had transported AVA, YOGINI and ANUGITEN to the airport and all three of them were upset on the poor selection of the vehicle purchased which was to be used for transportation to and from the arson site. YOGINI then remembered there was another vehicle parked in the currency section at the airport. They went to the parking area and found an older brown vehicle there which was better suited for their use. ALLEN thought the vehicle may have been a Buick but wasn't sure of the make. They then noted the vehicle didn't have a taillight and they went to the Chevron Station at the airport and had it repaired before leaving for The Dalles. ALLEN broke contact with them and was returning to the Portland Rajmash Hotel. ALLEN drove the brown vehicle and transported ANUGITEN and YOGINI to The Dalles. Upon arriving at DAN BURON's office, they drove passed twice and it was noted the mercury vapor light they had been concerned about wasn't operating. AVA dropped off both ANUGITEN and YOGINI and then drove approximately five blocks beyond the office, turned the vehicle around to face in the direction of the office and then waited almost an hour before they returned.

Upon the return of ANUGITEN and YOGINI it was noted no one was really talking, the only comments being made was YOGINI had hurt her leg while climbing in the window. Both YOGINI and ANUGITEN started to change their clothes as AVA drove from the scene. The clothes and tools were thrown out the windows of the vehicle. All the way back to Portland very little was said by any of the three. Upon arriving at Portland AVA drove to the Portland Rajmash Hotel and they picked up ALLEN. It was decided they would all go to San Francisco and ALLEN was to take the vehicle and sell it. They drove all night and upon arriving in the San Francisco area they got two room in North Beach at the Columbus Inn.

Prior to going to pick up ALLEN they had stopped by the apartment and had contacted JAYAMANDA. They talked of calling GAVITA and JAYAMANDA was so shook up and nervous about the incident. JAYAMANDA just wasn't cut out for this type of excitement. Also AVA named two items besides clothes being thrown out of the vehicle windows was a screw driver and lighters.

Upon arrival at the Columbus Inn they obtained two rooms with ANUGITEN registering under his real name of RICHARD LEONARD. AVA recalls she thought that to be real stupid at the time it occurred. AVA recalled she used the name of GITA but couldn't recall the last name she had used because they were using several different names during this time. ALLEN decided he was going to either RENO or LAS VEGAS to sell the vehicle and broke contact with the other three. AVA recalled she was from the area and had taken YOGINI more or less sight seeing, she had contacted her father who had just happened to be visiting her uncle of Oakland, California and had basically used the two days as a holiday. They prepared to leave San Francisco and went to the airport and just happened to contact ALLEN who was also preparing to fly back to Portland. AVA advised the contact with ALLEN was purely accidental and no plans had been made for all four to travel back to Portland together. The flight was re-routed from Portland to Seattle due to bad weather and they then contacted the RANCH and a plane from the RANCH came to Seattle and transported the four of them back to the RANCH.

The approximate time was two or three in the morning when they arrived at the RANCH, but immediately there was a meeting. BU had picked them up from the RANCH airport. Everyone went to GAVITA's room and

while there ANUGITZ and YOGINI told about the arson. They advised they had taken the files out of the cabinets, had put lighter fluid on a computer terminal, had spread the files about the room and then had used the candles to start a delayed fire. They further advised they had made a mistake in not leaving a window or door open for more ventilation. They stated if they had left a window or door open the whole building would have burned down. They again advised YOGINI hurt her leg while climbing through a window.

It was clear DAN BURCH was against the company probably because of their lifestyle, against giving a permit for the hospital and he stood against and forced the removal of part of the tent city.

During the later portion of 1984 AVA found it almost impossible to work with PUJA. PUJA had wanted to rule everything and get her name around R.C. AVA made contact with VIDYA for a discussion regarding her inability to work with PUJA and was trying to explain the difficulty. After talking with VIDYA it became apparent to AVA, that VIDYA was supporting PUJA all the way. In November 1984 AVA contacted SHREYA via telephone regarding the matter, because she knew it wouldn't do any good to re-contact VIDYA. AVA made the appointment with SHREYA to make contact with her at a restaurant. PUJA then offers to give AVA a ride to the restaurant. AVA notes PUJA very rarely drives a vehicle and the offer was very unusual. During the ride to the restaurant, PUJA was visibly "pumping" AVA regarding her complaint that she and PUJA couldn't get along. AVA finally told PUJA to just drive the car and get to the restaurant. Upon arriving at the restaurant she made contact with SHREYA at the restaurant and tried to explain the problem, SHREYA then told AVA she didn't know anything about medicine and shouldn't question PUJA's knowledge. AVA then explained it wasn't the medicine, but the record keeping, the system in general was being ineffectively operated. There was no selection given and nothing was resolved through this contact. AVA continued until sometime in mid-December and again she contacted VIDYA. AVA advised through the discussion that PUJA was rarely at R.C and wasn't really managing the clinic. It would have been better if PUJA would stay away from the clinic totally. AVA advised it was obvious PUJA was going to continue to get the support of SHREYA and VIDYA.

AVA advised PUJA was supplying the residents of JESUS GROVE with medication as the nurse of JESUS GROVE. PUJA was giving VIDYA large amounts of Percodan and valium. When PUJA would be absent from the commune Dr. SHUNYO would occasionally care for her and would become very upset with the amounts and mixed use of the drugs being given to VIDYA. Dr. INDIAR refused to even treat VIDYA due to the types and amounts of drugs prescribed by PUJA for VIDYA.

PUJA was also giving SHREYA large amounts of DR. KAD and MARSHALL. On more than one occasion PUJA would have to call in MA DEVI. MEHA for assistance as SHREYA had gone into a respiratory arrest due to overdose.

SHREYA was always using the alleged backing of Bhawan to assist her in gaining the cooperation of the people when a particular task was being done. Even if a person felt the task wasn't to their liking the fact the Bhawan was supporting the task made it convincing.

AVA was later advised she was receiving a job change. This upset AVA as she felt the change should have been PUJA's position and not hers. The change occurred however and she was replaced by MA ANAND DURGA.

AVA was advised she would be working for the commune in the financial sector and would be working for MA SAT PRASODHI. AVA advised she was so upset about the situation, she actually became sick. PUJA diagnosed AVA and she was told she was contagious and was placed in isolation. AVA never did understand what the condition actually was.

AVA described MA SAT PRASODHI as a very sharp, and intelligent person, who was ambitious and wanted to become involved in the international finances of the commune. MA PARI SAVITA was a Director of PRASODHI FINANCIAL SERVICES TRUST, which is allegedly in control of the international finances. In fact

LAVITA was known as the "Queen of Financial Structures". SHEILA was described as a very calm person, who was always in control of herself and could and would always be the deciding factor in any given situation. LAVITA was low-key but knew everything going on in the financial circles involving the commune. Due to MA S.T. FROBENI's ambition to move into the international scene there started to be a power struggle between LAVITA and MA S.T. FROBENI. AVA advised she was not enthused about the financial assignment she had received.

It is noted practically every project or problem the commune was dealing with was initiated by SHEILA's dissatisfaction with the Kosco County authorities and FRANKYBA. SHEILA's actions and initiation of illegal programs resulted from her inability to get the necessary permits, sanctions, and authority to build and manage the commune the way she wanted to do it. The results were SHARE-A-HOLE (Street People), SANCHELLA POLICEING, AMSON and the ATTEMPTED MURDERS.

AVA advised it was around March or April 1965 when VIDIA contact AVA while in VIDIA's room. VIDIA had even closed the door which was unusual as it seemed everyone in walking around JAMES BOLD would just pop into anyone else's room to talk or whatever. VIDIA started to explain JULIAN had developed a machine that could destroy records. The way it was described AVA thought it was capable of destroying computer ware or tapes. The machine was constructed of using a "Ghetto-Blastor" case and one of the speakers had been removed and a magnet type device was put in its place which when activated was supposed to create a magnetic field which would erase the information from the tapes. AVA identified this as hanging to me, for her to carry and it was determined later to weigh in excess of forty pounds. The concern was that a particular reporter was allegedly going to do a story about the RANCH which would have a negative effect towards the "RANCH".

AVA advised she spent approximately two months attempting to complete this assignment which turned out to be a total failure. AVA at first contacted the Oregonian and obtained a job application. AVA got an apartment which was rented by ANITA using the name of EUGENE HILL and she was his room-mate using the name of STELLA ARSON. The apartment was the St. Francis Apartments at 526 N.W. 21st Apt. #25, Portland, Oregon. The manager's name was ELORA. AVA had been going back and forth to the RANCH and wasn't having much luck in making an entrance into the Oregonian. AVA then applied for and obtained a job with Service Master Cleaning which is a janitorial service which works on contract basis with numerous customers. Getting a job presented a problem in AVA would need false identification. She contacted (VIDIA?) who told her to go to JULIAN'S room which was in Edison Temple and get a book from him on how to obtain false identification. She contacted the room and found a book on identification and also noted numerous other books dealing with instructional type books on how to kill, Euthanasia, terrorists activity, constructing guns, and JAMES BOLD type books. AVA added she later saw these books being put into suitcases and into the trunk of one of the vehicles on the night of the "Exodus" when the group left the RANCH for good. She thought the vehicle had commune number "W-46" on it. The book on false identification didn't help and by chance sometime later she was at John's Landing and near a telephone booth she found a purse with identification for a LORNA LEE BUCKLES which included an Oregon driver's license, library card, wildlife membership card, social security card, a child's photo and it was thought this subject lived in the Beaverton area. The photo of BUCKLES was close enough to her likeness that it would suffice.

Upon obtaining the job with Service MASTER Cleaning she was assigned to a medical clinic on the opposite side of the city near MALL 205. As stated by AVA this whole assignment was not working out too well. At a later date ANUGITEN was to contact AVA when she got off work wherein he would assist her in stealing a cleaning cart. AVA rolled the cart out of the clinic and ANUGITEN was nowhere around. She managed to put the cart into her vehicle and about then ANUGITEN arrived. Arrangements were made wherein it was planned that YOGINI and she would act as employees of SERVICE MASTER CLEANING and work there way to the particular reporter's office and then destroy the material that was going to be printed. They no more than got into the building and they noted the uniforms used by the janitorial service were different color at the Oregonian than at the clinic, also another employee of the Janitorial service came walking by and recognized AVA who was even wearing a wig for this occasion. Both AVA and YOGINI started to make excuses for their presence at the Oregonian and YOGINI started to talk in Spanish and was creating as much confusion as possible while they made a hasty retreat. The plan was forgotten after that incident.

The Helen Byron trial was being heard in Portland where Judge Penner and involved Helen Byron suing the commune and SHELLA for repayment of a loan from Helen Byron to the commune. The commune was allegedly the money transaction was really a gift to the commune.

SHELLA during this time was very much on edge. The trial apparently leaning in favor of Helen Byron and the commune felt Judge Penner was being unfair toward the commune and the prosecution had brought in and paid off ex-sarhysins to testify against the commune.

SHELLA while at the RANCH had a meeting with YOGINI, AVA, PUJA. SHELLA wanted AVA to go to Portland with her during the remainder of the trial, YOGINI had been going prior to this time and was becoming a companion on SHELLA's. PUJA was instructing AVA and YOGINI how to give injections and was describing the drugs and their effects that she was giving to AVA and YOGINI. The two drugs named were Potassium and Adrenaline. The syringes and drugs were made up into packets and were contained in a zippered pouch. SHELLA and PUJA instructed AVA and YOGINI to locate and attempt to inject HELEN BYRON, who was allegedly staying at the HAMMILTON Hotel in Portland during the trial.

YOGINI in attempting to locate HELEN BYRON's room had applied for kitchen work with the hotel, ANURITHI had obtained a very poor brown wig to disguise his red hair for the assignment. During their attempt to locate the room it is noted the Scientologists Inednet was occurring in Portland and it seemed there was a high degree of security by the hotel. On one occasion YOGINI advised she had seen into the security room and through their closed circuit television had observed ANURITHI lurking in one of the halls. At this point the three of them regrouped and decided they would be able to locate the room via those means. AVA recalls though having gotten onto an elevator alone with HELEN BYRON purely by accident. AVA even had commented on BYRON'S's shoes but made no attempt to carry out any injection. After the completion of the trial, HELEN BYRON was having a victory celebration at the HAMMILTON Hotel with some friends and ANURITHI, YOGINI and AVA had gotten a suite adjacent to theirs but no action was taken. They did find out though that HELEN BYRON'S rooms were on three different floors. During this assignment and the regrouping of the three, they telephoned SU and VIDYA at the ranch and explained the circumstances of the security and their lack of any success with the project.

AVA advised the rooms at the HAMMILTON were paid for by GEMMI ANUBANO who had an American Express Credit card.

This was the first occasion where SHELLA had indicated the injection was to kill and not just to make someone sick. The entire mood of the commune changed from that time of the closing of the HELEN BYRON trial in SHELLA'S mind.

Right after the completion of the HELEN BYRON trial SHELLA started calling meetings. SHELLA became very serious. SHELLA's goal is stated there wasn't to be a trial for a fair trial in Oregon and the use of Lt-campains in the courts would be studied to eliminate the courts. SHELLA advised those at the meetings they would have to drop their morality. Morals didn't work anymore. SHELLA told people at the meetings if they had morals, don't come to the meetings. SHELLA also started to interpret Bhagwan and conducting very intense meetings. The prospect of killing people was apparent and MAIATI LADA had stated she couldn't kill people. SHELLA was using KISHI, SUSHI and AVA as examples of solid people who could be counted on.

SHELLA said it clear the group was doing this on their own. If the Bhagwan found out about the project or questioned anyone about this group or their activities, they were to lie to the Bhagwan. This rubbed against some of the group, but no one was about to stand up to SHELLA. All advised there were many involved including herself, SHELLA, NIPITA, KRISHNA DEVA, SUSHI, ~~SUSHI~~, BUNDI, VIDYA, JAYAMANDA, SU, MAIATI LADA, AUBREY, KOHINTI and others should could probably recall later.

SHELLA was impressing upon everyone they needed to be strong and prepared and at another meeting SHELLA even advised the Bhagwan had commented "HITLER" wasn't really a bad guy. SHELLA was using every tactic she could to instill the need for strength and preparedness upon the group.

As a result of these meetings it was determined by SHELLA that a "HIT LIST" needed to be prepared. It is noted that all meetings were not attended by all members. At one meeting SHELLA advised that JAYAMANDA was going to have to be gotten rid of. This was presented to the group by SHELLA stating JAYAMANDA and BUNDI would be setn away. AVA notes that JAYAMANDA and BUNDI had objected and were not conforming to the mold SHELLA was attempting to shape them into. KRISHNA DEVA had also been vocal during these meetings objecting to SHELLA's actions. VIDYA became upset by SHELLA's doing away with JAYAMANDA and BUNDI because BUNDI was VIDYA's boyfriend.

It became apparent to everyone that if you didn't go along with SHELLA you were going to die. The hit list was compiled and some surveillance was done but was not discussed at this time. It did include AVA having done surveillance at DAVID FRONKNER's residence and at one public speaking engagement. AVA notes information was obtained as to what vehicles he owned or operated and in particular the fact he had traveled alone to the speaking engagement and left without anyone else or any security persons.

AVA also advised surveillance had been done at JUDGE HULOE's residence and the residence of CHARLES TURNER. The plans had already been made in which CHARLES TURNER was to be killed by the use of a firearm but the members hadn't come up with a silencer yet.

AVA advised CHANTI BHADRA had obtained false identification and had purchased some weapons for the group while on a trip to Texas. There would be additional interviews on this topic as the time was closing on this interview.

AVA recalled the "HIT LIST" including the following names: DAVID FRONKNER, CHARLES TURNER, HELEN BYRON, NASYA, JISHI, SUSHI, MARINA, DEVERAJ, and VIVEK.

AVA advised the attempted and unsuccessful poisoning of DEVERAJ probably saved the planned killing of CHARLES TURNER as things were stalled down after the attempt on DEVERAJ.

INTERVIEW: AVA KAY AVALOS (Ma Ava)  
DATE: October 7, 1985  
TIME: 12:15 PM  
LOCATION: F.B.I. Office, 1500 SW 1st, Portland, Or.  
PRESENT: Hadley McCann, FBI  
Paul Hudson, FBI  
Marlin Hine, OSP  
Tommy Hawk, Attorney at Law  
INVESTIGATOR: Robert D. Greene Jr, Or. DOJ  
DATE OF DICTATION: October 7, 1985  
=====

(BACKGROUND)

I. AVA

- a) 1st heard of Bagwan at age 15 1/2
- b) Became Sannyassin at 19 years while attending U.C. Berkeley.
- c) Arrived at Rancho Rajneesh in 1982 at age 22.
- d) 1st worked as typist for 6 months.
- e) Disco opened - worked as cook until June of 1983.
- f) June of 1983 took post of Hotel Manager at Rajneesh Hotel in Portland.
- g) HOTEL BOMBING OCCURRED
- h) Security put in place at hotel - people searched - AVA responsible for organizing.
- i) AVA gains attention of MA VIDYA - VIDYA is "queen" of administration under SHEELA.
- j) VIDYA heads RAJNEESH NEO-SANNYASSIN INTERNATIONAL COMMUNE (RNSIC) out of RAMA KRISHNA TEMPLE (personnel/staffing).
- k) AVA asked to become part of administration by VIDYA and SHEELA as Personnel Director of RAMA KRISHNA TEMPLE.
  1. People are afraid of RAMA KRISHNA TEMPLE - represents authority on the ranch. "Go to Rama to clean up" ("Straighten up").
- l) AVA assigned to RMC in February of 1984 as PUJA's assistant. Replaced MA HEMO.
  1. PUJA feared and disliked by personnel at RMC, including doctors - considered tyrant.
  2. RMC very serious, very unhappy place.
  3. AVA talks to VIDYA about RMC with PUJA present about conditions at RMC.
  4. VIDYA speaks to RMC staff and tells them to get along with PUJA and not to be afraid. Doctor's agree to this. (Power of PUJA over doctors - her decisions and even medical diagnosis final).
- m) MA BARKHA contacted AVA and discussed meeting with SHEELA in which the names of 24 Sannyassin VIP's listed.

1. AVA surprised that her name is among them.
  2. Names represent sannyassin's that would be willing to give their lives to protect the Bagwan.
  3. Secret Security force set up - special training in weapons (including UZI's) given by Harry Hawkins and other security people.
  4. Guarding of the Bagwan on 24 hour basis, 2 hr., rotating shifts.
  5. First 24 members then grew to 38.
  6. SHEELA commented that special guard must take law into own hands to protect Bagwan.
- n) Power struggle between PUJA and DEVARAJ.
1. Began in India - DEVARAJ is Bagwan's doctor - PUJA wanted that distinction.
  2. Everything DEVARAJ orders medically for the Bagwan must pass thru RMC and get PUJA's approval.
  3. Everything DEVARAJ did would be questioned by PUJA.
  4. SHEELA tells AVA that DEVARAJ is experimenting with Bagwan's body.
  5. AVA in PUJA's room and asked by PUJA what to do about DEVARAJ - how do they get DEVARAJ away from Bagwan.
- o) Power struggle between Jesus Grove and Lao Tzu/Mohammud (Hollywood group).
1. Anyone ill they are sent to Koran Grove (Koran Grove is just a dorm setting) for isolation.
  2. Koran Grove discouraged anyone from taking time off from work due to illness.
  3. PUJA cared for the sick at Koran Grove and dispensed her own drugs and medications.
  4. HASYA (DEVARAJ's wife) threw neck out - DEVARAJ treated - asked chiropractor for neck brace - PUJA found out and demanded HASYA go to Koran Grove. Angered HASYA but she went.
  5. HASYA found to have conjunctivitis - DEVARAJ and about 2000 others tested. People from Jesus Grove/Lao Tzu/Muhammud all treated in isolation together in trailer. Arguments raged over who was better suited to take care of Bagwan.
- p) MARCH or APRIL 1984: AVA went to SHEELA and commented that she did not know if she would be any different than the Lao Tze people if she were to have that power.
1. SHEELA tells AVA that those people were bad and tried to convince her of that.
  2. SHEELA plays tape of conversation between DEVARAJ and his wife HASYA in which they

(bugging)

discuss the Jesus Grove people/cussing them out. HASYA mad over having to go to Koran Grove.

3. Tape played for the secret (inner) security force (38) at a later date.
4. AVA states she is completely won over to the side of Jesus Grove.

II. Poisoning of DEVARAJ

- a) Occurred during the Spring of 1984.
- b) SHEELA wanted to get DEVARAJ away from Bagwan long enough to put a doctor of her choosing into replace DEVARAJ as Bagwan's physician.
- c) PUJA decides she wants to get DEVARAJ sick to accomplish this.
- d) PUJA tells AVA to put "Ducalax" (a laxative) into DEVARAJ's oatmeal.
- e) AVA prepared DEVARAJ's oatmeal and put the "Ducalax" into it.
- f) DEVARAJ becomes ill and is sent to clinic.
- g) PUJA insists DEVARAJ have I.V.
- h) Over DEVARAJ objections I.V. given.
- i) DEVARAJ becomes extremely ill and a "code" is called to save his life/blood pressure is down.
- j) AVA later found out from PUJA that she (PUJA) had injected contaminated water into DEVARAJ's I.V. - PUJA was asked by AVA what was going on with DEVARAJ when he was coded - this is when PUJA told AVA about injecting the I.V. with contaminated water - PUJA commented that she had made DEVARAJ more sick than she thought - her purpose was to simply make him a little sicker than he was.
- k) After DEVARAJ got well SHEELA came to the clinic and complained about the dirty conditions. Sheela screaming and yelling at AVA as well as DEVARAJ and other staff members.
- l) SHEELA thought to have the authority of Bagwan behind her.

### III. Introduction of Share-a-Home Program

- a) 3rd festival August of 1984
- b) AVA states festival terrible - tense
- c) AVA assigned to assist Dr. DEVAM (Psychiatrist) with "nuts" (mentally unstable people) at the festival.
- d) At the end of festival - AVA in PUJA's room when SHEELA passed by and asked them if there was any way to win the election.
- e) Share-a-Home Program starts in September of 1984.
- f) 1st two bus loads of "derelicts" arrive from New York - one case of AIDS, bronchitis, rashes, venereal disease, mental problems, and other diseases.
- g) Buses keep coming - some men violent
- h) One street person named DERRICK extremely violent and mentally ill, but liked by VIDYA. DERRICK punched out window, broke up furniture. VIDYA has him brought to the clinic. DERRICK starts to break up clinic. VIDYA calms DERRICK down. SHEELA orders AVA to put DERRICK in RMC and rehabilitate him.
- i) DERRICK tears off phone at city hall. AVA called. DERRICK swinging chair when she arrived. AVA sits down with DERRICK and starts talking to him - AVA mentions police - DERRICK goes crazy starts throwing rocks at AVA. Starts pulling people out of cars and throwing them on ground. Peace Force arrives - DERRICK grabs AVA in one arm and threatens to hit her w/rock in other hand. DERRICK takes AVA into Nagajima. SHEELA arrives - asks DERRICK whats wrong - DERRICK starts to strangle SHEELA, punches SAGUN in stomach. Hours later PUJA convinces DERRICK to drink some water. PUJA has spiked water with valium and other drugs. DERRICK becomes sedated.
- j) AVA blamed for incident because did not keep DERRICK under control by SHEELA and VIDYA. Next day SHEELA sent AVA a rose.
- k) RMC overwhelmed by number of sick (street people). AVA at RMC observed one woman with breast cancer laying across her bed - not breathing - turning blue (woman revived sent back to Chicago where she died of cancer). Man with liver damage about to explode (sent to Madras later recovered) .
- l) AVA extremely upset (over being blamed for DERRICK and inability to cope with number of

sick and mentally ill at the ranch.

- m) AVA emotional wreck - goes to pharmacist and asks him to calm her down.

IV. PUJA starts ordering Haldol toward the end of September 1984.

(HALDOL)

- a) Haldol purchased through the clinic (RMC) by PUJA.
- b) Haldol kept in PUJA's room.
- c) SHEELA and PUJA decided to put into Share-a-Home beer. Reason Haldol used it has no taste.
- d) When idea first presented to AVA she commented that not everyone needed to be tranquillized. SHEELA reminded AVA that she used poor judgement in handling DERRICK and said look what happened when we try to do things your (AVA's) way.
- e) PUJA dispensed the Haldol into beer.
- f) AVA dispensed the Haldo into beer on a couple of occassions.
  1. Method of getting Haldol into beer kegs:  
Syringe used - top of keg opened and Haldol injected into it. One bottle to one bottle and a half put into each keg.
- g) Commune members told not to drink beer in Hassid (not told why).
- h) Haldol also give to (violent) street people in tea. AVA recalls one person she gave tea with Haldol in named St.James.
- i) AVA had small supply of Haldol at clinic.

- V. False medical records created by PUJA to justify Haldol large amount of Haldol ordered and used at ranch.
- a) News media questioned Haldol ordered by ranch - ranch pharmacy not aware of Haldol order.
  - b) State Board of Pharmacy requires justification of use for Haldol used.
  - c) PUJA had false records made up to justify Haldol use. Records say that patients saw Dr. DEVAN.
    - 1. PUJA and AVA convince DR. DEVAN to help create false records - PUJA and Dr. DEVAN sit up all night creating records. Assisted by HORAMITA.
    - 2. Fabricated records do not give names - only false physical descriptions, false illnesses, and false doses of Haldol.
  - d) Fabricated records sent to State Board of Pharmacy.
  - e) PUJA supposed to get back up information on records sent to State Board of Pharmacy - fails to do - time passes and need for back up information needed. VIDYA finds out PUJA did not do the back up research and gets mad at PUJA.
  - f) VIDYA tells AVA to get back up information to justify records sent to Board of Pharmacy.
  - g) AVA instructed by VIDYA to go to the Rajneesh Humanity Trust and get MA MANOHAR to assist in research.
  - h) From the Rajneesh Humanity Trust files, AVA and MANOHAR pick out the files of persons matching the descriptions created by PUJA and DR. DEVAM. The names of persons matching the descriptions are used but other identifiers (Social Security number/Date of Birth) are changed to prevent later contact by authorities.
  - i) New file created but never sent to Board of Pharmacy.
  - j) AVA gives file to (possibly) PRAGITAM to give to MANOHAR.
  - k) AVA contacted MANOHAR this last weekend (October 5th and 6th) to determine if she still had file. MANOHAR stated she had the file at her residence and asked AVA what she should do with it.
  - l) AVA states file belongs to RMC.
  - m) [ File will show real name of of Share-a-Home people that fit fabricated physical descriptions, illnesses, and doses of Haldol.]

VI. Treatment of Share-a-Home person named FELTON WALKER.

- a) Incident occurred in October of 1984.
- b) PUJA told AVA to clear Pathagoras for a meeting during the night.
- c) Meeting at Pathagoras attended by SHEELA, JULIAN, DIPO, K.D., GATHA, PUJA, and AVA.
- \* d) SHEELA played tape recording of a telephone conversation between WALKER and someone in Seattle, Wash. (WALKER had placed a call from a payphone at the ranch.)
- e) WALKER talked of a plan to kill the Bagwan and referred to the person in Seattle as "father". WALKER and "father" talked in code.
- \* f) (WALKER tape was played for the 38 inner security people at a later date).
- g) AVA told by SHEELA to pick up WALKER and bring to Pathagoras.
- h) AVA gets help from two others - DIPAK and one other (?).
- i) AVA contacts WALKER and his roommate at Walt Whitman. AVA tells them that their other roommate has tested positive for T.B. and test were going to have to be done on them. WALKER and the other man then accompanied AVA to Pathagoras.
- \* j) Men given to PUJA. PUJA examines roommate first and then dismisses him. WALKER is then examined by PUJA and given an injection which puts him to sleep.
- \* k) GATHA (a licensed physician in Wash. State) injects WALKER with "sodium pentathol" (truth serum).
- l) WALKER is then slapped in face to wake him by ANUGITAN and interrogated about who father is and the plot to kill Bagwan.
  - 1. WALKER is allowed to sleep then awaken repeatedly and questioned.
  - 2. This is done until 3 AM but nothing is learned from WALKER.
- m) During drugging and interrogation of WALKER security is on alert outside/helicopter is in the air.
- n) SHEELA and PUJA tell AVA that WALKER is to be her responsibility.
- \* o) PUJA has WALKER put into clinic and prescribes massive dose of valium to be given I.V.
- \* p) WALKER is kept drugged for 3 days. After first day AVA asked SHEELA what she wanted done with WALKER pointing out that he is being kept drugged. SHEELA wanted him kept that way. AVA kept coming back to SHEELA and finally would allow

WALKER to leave.

- \* q) PUJA created fake file for WALKER which indicated that he was treated for a heart condition (Migrating Platlets).
- \* r) Dr. DEVAM signed letter indicating WALKER was treated for heart disease.

- VII. Treatment of WAYNE ALLEN at ranch (street person found dead Government Camp - exposure/drug overdose)
- a) AVA familiar with ALLEN - ALLEN psycho but non-violent. Occurred September/October 1984.
    - 1. ALLEN would pretend to be smoking or drinking/split with reality - mentally ill.
  - b) AVA called to desiderada - someone freaking out.
    - 1. AVA accompanied by doctors - she believes it was SHUNYO, MEGA, and PRAGITAN.
  - c) ALLEN inside tent carrying on yelling and screaming - not violent.
  - d) ALLEN carried to trailer (isolation) and given anti-depressant medication.
  - e) Following night AVA went to see ALLEN - he appeared in good health but did not want to take his medication.
  - f) Next thing AVA hears about ALLEN (within a day or two of visiting him) is that he has been given a bus ticket back to where he came from.
    - 1. Because of the expense and overcrowding, it was a general rule that if any of the street people were really sick they would get a ticket back to where they came from.
  - g) AVA then heard that ALLEN was found dead in Government Camp and died of exposure and drug overdose.
    - 1. AVA states customary to give anyone being sent back that is sick a 3 day supply of their medication.
  - h) AVA later told by ranch Pharmacist, SW. MADHUNAD, that ALLEN had overdosed once already at the ranch and that he did not want to give ALLEN that 3 day supply of medication.

VIII. SALMONELLA POISONING IN THE DALLES.

[ Salmonella: A genus of bacteria belonging to the family Enterobacteriaceae. They are Gram-negative, nonmotile rods. Several species are pathogenic, some producing mild gastroenteritis, others producing a severe and often fatal food-poisoning. Also called paratyphoid bacilli.]

- a) Good friend of AVA's named PARAMBOHDI asked by PUJA to culture salmonella.
  1. PARAMBOHDI and AVA were SANYYASSIN's together in Berkeley.
  2. PARAMBOHDI is a lab tech at RMC.
- b) PARAMBOHDI asked PUJA why she wanted to culture salmonella and told her that it is dangerous.
  1. PUJA believed to have purchased salmonella culture from a company back east through RMC. Letter seen by AVA from PUJA to the company (company name not recalled).
  2. PUJA actually interested in typhoid culture and this is what was specified in letter.
  3. PARAMBOHDI kept in dark as to why salmonella being cultured.
- c) Salmonella cultured in "chinese lab" (was laundry) located between Jesus Grove and Nagajima (now city hall).
  1. At one time AVA given 2 large jars of liquid containing salmonella bacteria by PARAMBOHDI to give to PUJA.
  2. PUJA and members of 38 inner security group had access to "chinese lab". Lab had combination lock - combination recalled by AVA to be 2-12-30.
  3. Lab had an RMC incubator and platelets containing the salmonella bacteria. Incubator was green in color and looked like a small refridgerator.
- d) PUJA had ordered a number of things from companies back east to make the salmonella order less obvious.
- e) PUJA wanted to poison The Dalles with typhoid but had to settle for salmonella.
- f) Meeting in either SHEELA's room or PUJA's room.
  1. SHEELA AND PUJA tell AVA that they want to conduct an experiment in The Dalles to see if they can make people sick by putting salmonella bacteria into food at restaurants.
  2. If experiment works the salmonella would be used to poison The Dalles so that on election day people would be to sick to get

out and vote.

3. SHEELA commented that if it comes to a choice between 4000 non-enlightened people and one enlightened master then the one enlightened master must be saved even at the cost of the 4000. (Said in reference to poisoning people in The Dalles - justification for doing)
- g) AVA was instructed by PUJA how to handle the salmonella and given a couple of test tube like vials containing salmonella bacteria.
  1. AVA states liquid in vial was "merky" and had a foul odor about it.
- h) AVA put "blue clothes" (non-Rajneesh street clothes) on in PUJA's room.
- i) AVA leaves the ranch for The Dalles accompanied by SW. SATYAM BODHI DARHM (BODHI). (BODHI is VIDYA's boyfriend - has since joined SHEELA in Europe)
- j) AVA visits three restaurants in The Dalles.
  1. AVA put the salmonella bacteria into the creamers of two restaurants and the salad dressing of a third.
  2. AVA states that one of the restaurants was Arby's and she can identify the other two if she goes to The Dalles.
- k) AVA and BODHI then returned to the ranch and reported to PUJA.
  1. AVA believes this was the first time salmonella was used in The Dalles.
  2. This was the only time AVA participated in putting salmonella in restaurant food in The Dalles.
- l) AVA states that either just after or around the same time she put salmonella bacteria into The Dalles restaurants, a whole group of other people were sent to The Dalles to contaminate other restaurants.
  1. YOGINI would have been one of those people. AVA could only guess who the others were and had no first hand knowledge of them.
  2. Persons believed by AVA to have had knowledge of the salmonella poisoning of The Dalles are SHEELA, PUJA, JULIAN, VIDYA, YOGINI, BODHI, SU, and possibly K.D.
- m) AVA states VIDYA talked about going to schools in The Dalles and contaminating the food there. AVA does not know if this was actually done.
- n) AVA was asked if she knew of any poisonings at the Marriott Hotel in Portland or in other poisonings in Eugene and Cottage Grove.
  1. AVA stated she had no knowledge of

poisonings at those locations but advised that it is possible.

2. It was circulated around the time of the salmonella poisoning of The Dalles that Sannyassins should not eat at any restaurants outside of the ranch in Oregon. AVA concludes that it is possible that the poisonings were not restricted to The Dalles.
- o) PUJA was doing all kinds of research on poisons and had every book imaginable on the subject.

IX. POISONING OF WATER IN THE DALLES

- a) Occurred around same time as salmonella poisonings.
- b) SAVITA tells AVA to go to the airport in Portland, pick up a specified car, and wash it - wipe it clean inside and out (understood to eliminate fingerprints). She was then to park it in downtown Portland.
- c) AVA did this with the aid of BOHDI.
- d) AVA believes the car was used by ANUGITAN and JULIAN when they poured something into some water tanks in The Dalles.
  - 1. AVA does not know what was put into the water but recalls PUJA contacting DEVAL (Resource Manager at ranch) and telling her to bring some raw sewage to her.
  - 2. AVA also speculates that rats may have been put into the tanks because of empty cages at the "Chinese Lab".
- e) AVA also recalls that there was something mentioned about ANUGITAN or JULIAN possibly losing a flashlight when they poured whatever they poured in The Dalles water tanks.
- f) AVA became aware The Dalles water tank poisoning while in SHEELA's room in conversation (either before or after event) between SHEELA, JULIAN, ANUGITAN, and possibly K.D.
  - 1. AVA commented that K.D. was in and out of the room. K.D. was sometimes forced to be involved in the conversations by SHEELA.
- g) Prior to event SHEELA wanted to be in Europe when it occurred so she could not be blamed.
  - 1. JULIAN asked if certain other people could help and SHEELA told him that the plan was to stay as it was and not to ask again.

[ INTERVIEW RECESSED AT 3PM 10-07-85 TO RESUME AT 9AM ON 10-08-85 ]

[ INTERVIEWED RESUMED AT 9AM ON 10-08-85 / SAME LOCATION AND PERSONS PRESENT ]

- X. POISONING OF WASCO COUNTY COURT JUDGE WILLIAM HULSE
- a) Occurred during Share-a-Home program
  - b) AVA received call from PUJA instructing her to come to her house.
  - \* c) AVA met with PUJA and SHEELA in PUJA's room.
    - 1. SHEELA advised that HULSE was coming to the ranch with a couple of other County Commissioners. HULSE was known to be anti-Rajneesh.
    - 2. SHEELA told AVA to go to Antelope where HULSE was either eating or to be eating and see if she could put something in his food.
    - 3. SHEELA described HULSE to AVA and also Commissioner VERGIL ELLET. SHEELA told AVA to be sure and not put anything into ELLET's food because he was a friend of the Rajneesh.
  - e) AVA states the intent of putting something into HULSE's food was to make him sick enough to no longer be concerned with his business at the ranch but and only be concerned with his illness.
  - f) AVA was given a vile like the one involved in the salmonella poisonings in The Dalles by PUJA.
    - 1. PUJA was growing salmonella and hepatitis cultures at the time.
    - 2. AVA did not know what was in the vile but states it had the same "merky" water (light brown color) and foul odor as the salmonella vile she had used in The Dalles.
  - g) Upon arrival at Zorba the Buddah restaurant in Antelope AVA was able to easily identify HULSE.
    - 1. AVA went behind the counter and as she did so was asked by HULSE for some water.
    - 2. AVA saw this as her opportunity to put the contents of PUJA's vile into HULSE's water.
    - 3. AVA recalls being concerned that the merky color and odor of the vile contents might alert HULSE to the contamination.
    - 4. AVA poured a couple of drops into HULSE'S water and gave it to him. HULSE suspected nothing and drank the water.
  - h) HULSE and the others then went to the ranch.
  - i) Later AVA heard that someone had flattened HULSE's tire at the ranch.
    - 1. AVA did not know who flattened HULSE'S tire but speculated that SU had something to do with it because she was in charge of the garage.
  - j) While changing the tire (hot day) PUJA offered

water to HULSE which she had contaminated.

1. AVA was told this by PUJA.
- k) AVA did not know if PUJA had given water to the other commissioners.
- l) AVA was asked if ISABEL had been involved in HULSE's poisoning.
1. AVA states ISABEL not involved in anything. ISABEL was kept in the dark as to activities of SHEELA's inner security people.
- m) AVA later read in the newspaper that HULSE thought someone at RMC had poisoned him.
1. AVA commented that HULSE did not get sick until after leaving the ranch.

XI. DRUG USE OF SHEELA AND VIDYA

- a) November of 1984 AVA goes to VIDYA and complains about everyone (including herself) not being able to get along with PUJA.
  1. AVA is told by VIDYA that she and others will have to work with PUJA. Backs PUJA.
- b) A short time later AVA wanted to see SHEELA and was given a ride to Jesus Grove by PUJA.
  1. PUJA drove very slow and tried to talk AVA out of seeing SHEELA.
  2. AVA saw SHEELA and she backed SHEELA and told AVA that she would have to get along with PUJA.
- c) In December of 1984 AVA again contacted VIDYA to tell her of the problems with PUJA at RMC.
  1. Again VIDYA backed PUJA told that PUJA was the best doctor they had at the ranch. (AVA pointed out to investigators that PUJA was not a doctor but just a nurse.
- d) AVA states that PUJA was SHEELA'S private nurse and that PUJA kept SHEELA supplied with valium, percodan and even morphine.
  1. SHEELA had overdosed a couple of times and almost stopped breathing. GATHA was called to care for SHEELA on those occasions because of he knowlodge of anesthesiology and how to bring someone out of and overdose of drugs.
- e) PUJA also kept VIDYA supplied with valium.
  1. VIDYA's valium habit was so bad that Dr. INDIVAR and Dr. SHUNYO would not treat her because of the medication and treatment being given to her by PUJA.

XII. AVA TRANSFERRED TO RAJNEESH NEO-SANNYASSIN  
INTERNATIONAL COMMUNE CORP. (RNSIC)

- a) AVA told in passing in mall that she is being transferred to RNSIC and that she is going to be replaced by DURGA at RMC as PUJA's assistant.
  - 1. AVA commented taht DURGA is a nurse and a nice person.
  - 2. AVA surprised to find she was transferred rather than PUJA.
- b) AVA was to be a financial advisor to Ma SAT PRABOHDI (RNSIC Treasurer).
- c) Prior to taking new post AVA got sick and and treated by PUJA. PUJA's diagnosis is that AVA has a contageous disease.
  - 1. PUJA put AVA in isolation.
- d) AVA took her new post in January of 1985.
  - 1. PRABOHDI and SAVITA are in conflict.
  - 2. PRABOHDI is extremely sharp and abitious person while SAVITA is low key but involved in everything.
- e) Commune is the biggest corporation and whenever anyone wanted anything they would have to go through PRABOHDI or AVA.
  - 1. SHEELA and VIDYA were exceptions to this.
- f) AVA states everyone accepted what SHEELA said because it was believed she spoke for the Bagwan.
- g) AVA states taht SAVITA was kind to her.

XIII. FIRE-BOMBING OF WASCO COUNTY PLANNING  
COMMISSIONER DAN DURROW'S OFFICE.

a) SAVITA has AVA and SW. ANURAG set up apartment in Portland shortly before the burning of DURROW'S office.

1. SAVITA made reference to SAMADHI and JAGRUTI having rented an apartment earlier when doing secret things for the commune.
2. ANURAG rented apartment in the name of ANTHONY BURKHARDT.
3. Address of apartment:  
MAY APARTMENTS  
1410 S.W. TAYLOR, Apt. #406,  
Portland, Oregon.
4. AVA recalls a calling card being used - number 503-226-3438-2891.
5. ANURAG and another commune member named ALLAN were the people who rented things for operations such as cars.
6. SAVITA had advised AVA of the names of persons and their jobs in helping to set up for operations so that she could take her place if she was gone.

b) During Share-a-Home

(September/October/November of 1984) AVA met with SHEELA, PUJA, JULIAN, and possibly KD.

1. SHEELA was talking about harrassing DURROW. She asked the others if they could think of a way to destroy DURROW'S office. One suggestion was to put termites in his house.
2. A short time after this meeting AVA was called by VIDYA for a meeting. At the meeting was SHEELA, VIDYA, SU, and PUJA. AVA was told to go to DURROW'S office and harrass him.
3. AVA and commune member SW. WADUD went to DURROW'S office. AVA explained that DURROW is vocally anti-Rajneesh and gets extremely mad at the sight of a sannyassin. AVA states that WADUD and DURROW engaged in a very heated argument and that she had to pull WADUD out of DURROW'S office before they came to blows.

c) Months later AVA is at the restaurant on the ranch when SHEELA, SAVITA, and several others came up to her talking and AVA heard SHEELA ask if it was a good time to go. Someone commented that it was. SHEELA then asked AVA

if she was up for an adventure. AVA indicated she was and SHEELA told her to come to her room.

- d) AVA went to SHEELA's room.
  - 1. Present in the room were SHEELA, YOGINI, ANUGITAN, SAVITA, and JAYANANDA (may have been in and out).
  - 2. AVA observed a book of plans that included pictures of DURROW's office and floor plans.
  - 3. AVA advised that the plans were SHEELA's and that SHEELA, SAVITA and possibly SU had been working on them for sometime. This was the first time AVA was aware of a plan to destroy DURROW's office.
- e) SHEELA said (either at the restaurant or her house) that she did not want to be around when DURROW's office was destroyed and advised that she was going to Europe.
- f) ALLAN had purchased one of the cars to be used for transportation from Portland to The Dalles and left it at the Portland Airport.
- g) During the morning of the day DURROW's office was destroyed AVA, ANURAG, and JAYANANDA drove to Portland from the ranch in a van carrying furniture for the Portland apartment.
  - 1. On the way AVA states they stopped in Gresham and she purchased two quart cans of Wizzard lighter fluid (the type to light Bar-B-Q's) to be used in setting fire to DURROW's office in The Dalles.
  - 2. AVA believes that JAYANANDA went into the store with her but he was not present when she purchased the lighter fluid.
  - 3. During the day AVA and ANURAG cleaned the apartment.
  - 4. During the evening ANUGITAN and YOGINI arrive.
  - 5. AVA points out that ANUGITAN is SAVITA's boyfriend.
- h) JAYANADA drops AVA, ANUGITAN and YOGINI off at the Portland Airport.
  - 1. They locate the vehicle bought by ANURAG but it is in ridiculous condition. It has a flat tire.
  - 2. There is a second car which had been purchased by ALLAN and used on another mission also parked at the airport. (AVA states the vehicle had been used by YOGINI to surveil Attorney General Dave Frohnmeyer's residence. YOGINI is said

- to have actually walked up to the house and spoken to someone.)
3. The 2nd vehicle (described by AVA as a brown Buick type) has a broken taillight which is repaired at the Chevron Station at the airport.
- i) From the airport AVA drives ANUGITAN and YOGINI to The Dalles.
    1. They drive by DURROW's house (office) and it is all dark.
    2. AVA drops ANUGITAN and YOGINI off and parks five blocks down the street.
    3. AVA waits for apporximatley one hour after which ANUGITAN and YOGINI get back to the car.
  - j) AVA drives back to Portland apartment.
    1. YOGINI injured her leg climbing through DURROW's window.
    2. On the way back to Portland YOGINI and ANUGITAN take of their clothes - put others on - clothes smell like lighter fluid. They throw lighters out window of car.
    3. No discussion in vehicle about what was done. ANUGITAN very secretive and serious.
  - k) JAYANANDA is at apartment when they arrive. Comment made that they should call SAVITA. JAYANADA thought they were referring to another sannyassin named SAVITA. Obvious to AVA that JAYANANDA did not really know what was going on.
  - l) The original plan was to take the car back to the airport and leave it. Because they used a different car that plan changed.
    1. SAVITA instructed them to call ALLAN at the Rajneesh Hotel in Portland.
    2. AVA calls ALLAN on the phone and simply says "ALLAN hi" and hangs up. ALLAN comes out of the hotel and gets into the car with AVA, ANUGITAN, and YOGINI.
  - m) They drive to San Francisco where they stay at Columbus Apartments in North Beach where they spend two days.
    1. ANUGITAN registers in his real name, RICHARD KEVIN LANGFORD, and AVA registered as TINA something (she could not recall last name).
    2. Two rooms rented.
  - n) ALLAN left in the car the next day to go to Nevada where he was to sell it.
  - o) AVA lived in San Francisco at one time and

showed YOGINI around town. ANUGITAN stayed in the room. AVA commented that she even met with her parents for a couple of hours while in San Francisco.

p) AVA states they left in the eveing and qite by accident ran into ALLAN at the San Francisco Airport who was also enroutte back to Oregon.

1. Because of weather conditions they had to fly into Seattle. There a Rajneesh plane met them and took them back to the ranch.

q) SAVITA and SU picked up AVA, YOGINI, and ANUGITAN at the ranch airport and drove them back to SHEELA's room.

1. SHEELA was in Europe by prearrangement to avoid being suspect in DURROW's office fire.

r) In SHEELA's room the details of what happened and what was done were discussed with SU and SAVITA.

1. ANUGITAN said that he and YOGINI climbed through DURROW's window, spread DURROW's files out on the floor and dumped the cans of lighter fluid that had been purchased by AVA in Gresham. They then put a couple of candles on the floor, lit them, and then left.

2. YOGINI and ANUGITAN were critized for not leaving doors and windows open. It was pointed out that there would have been much more damage had they done that.

s) AVA stated DURROW was targeted because he was the "prime asshole" in Wasco County and all the plans for the building on the ranch were kept in his office. AVA states it was a great place to hit since they had filed to become a city. DURROW also was rufusing to give the ranch a permit to build onto RMC.

\*

XIV. ATTEMPTED BURGLARY AND DESTRUCTION OF THE OREGONIAN FILES.

- a) In March or April of 1985 AVA was called into VIDYA's room in Jesus Grove and told by VIDYA that she had a job for her.
  - 1. AVA was told by VIDYA that JULIAN had come up with a way to destroy computer files.
  - 2. VIDYA told AVA that she wanted her to break into "The Oregonian" newspaper building in Portland and get to their computer room and destroy their files.
  - 3. LES ZITES was doing a series article on the Rajanæsh at the time and it was felt that by destroying the computer file that the story could be prevented from being printed.
  - 4. It was indicated to AVA that the assignment could take a couple of months.
- b) AVA once again rented an apartment with ANURAG.
  - 1. AVA registered under the name STELLA LARSON and ANURAG under GREG KLINE.
  - 2. The name of the apartments was St. Francis Apartments and the managers name was LEOMA. The address was:  
526 WN 21st St.,  
Portland, Oregon.
  - 3. AVA states she and ANURAG would alternate spending a couple of weeks at the apartment and a couple of weeks at the ranch.
- c) Additionally AVA was assigned to find out where BIRNEY SMITH (Wasco Co. D.A.) lived and other public officials and gather intelligence information about them while staying at the apartment in Portland. (Photos were taken of SMITH residence).
- d) AVA needed false identification with which she could apply for work in portland and went to VIDYA for advice.
  - 1. VIDYA told AVA to talk to JULIAN about fake ID.
  - 2. AVA states JULIAN had a library of books on how to kill, weapons (converting semi-automatic to full automatic) and other James Bond type stuff.
- e) AVA's fake ID problems were solved one day in a Portland Restaurant in John's Landing.
  - 1. When sitting at a table next to the payphone at the restaurant AVA put her

hand down and found that someone had forgotten their wallet.

2. AVA states the picture on the ID looked like her. The persons name was LORNA LYNN BUCKLES possibly of Beaverton. ID in the wallet included an Oregon Drivers License, Social Security card, library card, wildlife membership card, and a picture of a kid.
- f) AVA applied for job at The Oregonian but nothing was available.
- g) AVA applied for a job at Service Master under the name BUCKLES hoping to get assigned a janitorial job cleaning in The Oregonian building.
  1. AVA got job but was assigned to clean medical offices. Her supervisors name was ADDIE.
- h) AVA got idea to steal a cleaning cart from Service Master and use it to pretend to be a cleaning person at The Oregonian building.
  1. AVA made arrangements for ANUGITAN to meet her outside the medical offices she was cleaning and they would put the cart in his car.
  2. AVA took cleaning cart outside but ANUGITAN was not there. AVA struggled to put the cart into her car.
  3. ANUGITAN finally showed up and cart was stolen.
- i) AVA, ANUGITAN, and YOGINI go to The Oregonian building and contact security to find out what time the janitorial people come on using the pretext of wanting to meet a friend.
  1. Security pointed out supervisor of janitorial service was standing right behind them. Time janitorial people start obtained from their supervisor, BRENDA.
- j) The machine developed by JULIAN was named "Thumper" because when in operation it made a thumping sound.
  1. Thumper was to be used to destroy The Oregonian computer files. it was supposed to generate an electric field that would fog the computer disks.
  2. Thumper was heavy and quite noisy. To overcome noise Thumper was put in a Ghetto Blaster.
- k) Plan changed because Thumper too heavy.
- l) AVA and YOGINI go into The Oregonian building dressed as Service Master janitors.
  1. Plan to enter ZITES office and grab

- whatever they can from his desk.
2. As they were going down hallway they ran into the janitorial supervisor, BRANDA.
  3. BRENDA recognized AVA even though she had a wig with a different color than her own hair on.
  4. AVA and ANUGITAN managed to confuse BRENDA enough to convince her that they were in the building by mistake and actually wanted the building across the street. (ANUGITAN spoke Spanish to confuse the situation even more).
  5. They were able to get out of the building without any problem.
- m) They were unable to locate The Oregonian computer room or ZITES office and they terminated their efforts to destroy the files on the Rajneesh.
- n) ANUGITAN reported AVA to SHEELA for not taking the assignment seriously.

YU. ATTEMPTED MURDER OF HELEN BYRON

- a) HELEN BYRON wa an ex-commune member that loaned SHEELA a large sum of money.
  - 1. SHEELA did not pay the money back and BYRON filed a civil suit in federal court.
  - 2. SHEELA fought the civil suit saying that the money was a gift not a loan.
- b) Just prior to SHEELA leaving for the BYRON trial in Portland AVA stops by to ask her some questions about an unrelated matter.
  - 1. SHEELA starts conversation about BYRON and invites AVA to come along. AVA accepts.
- c) SHEELA instructs AVA, ANUGITAN, and YOGINI to follow BYRON at the trial and look for an opportunity to do BYRON in.
  - 1. AVA states this is the first time there has ever been any instructions to kill someone. In the past it has simply been to make them sick.
  - 2. SHEELA instructs them to contact PUJA and she will give them what they need to do BYRON in.
  - 3. PUJA had been experimenting with high potency potassium poisons and adrenalin.
  - 4. PUJA gave YOGINI a kit (small zippered travel bag) containing small syringes, haldol in eyedropper bottles, pills separated by dividers.
  - 5. On May 21 and 22 (1985) during the BYRON trial ANUBHAVO uses his credit card to get rooms at the Marriot Hotel for ANUGITAN, AVA, and YOGINI. The reason for them to stay at the marriot is that BYRON is staying there.
  - 6. At one point AVA is in the elevator with BYRON and even compliments BYRON on her shoes.
  - 7. Attempts are made to locate BYRON'S room but the hotel will not give out that information.
  - 8. YOGINI tries to get a job in the kitchen. While in the kitchen area she observes the security monitors.
  - 9. ANUGITAN has long red hair and beard. Hair spray paint is used to disguise him. While trying to locate BYRON's room security starts to follow him around.
  - 10. AVA returned to her room and call VIDYA and told her that the situation did not feel right. There was a great deal of security - ANUGITAN is very serious - and the whole thing is not fun.

11. AVA calmed ANUGITAN down and the three of them checked out of the hotel and went to the Rajneesh Hotel for the remainder of the BYRON trial.
12. By the time AVA, YOGINI, and ANUGITAN get back to Rajnessh Hotel BYRON has won trial and SHEELA is very depressed.
13. AVA, YOGINI, and ANUGITAN return to the Marriot Hotel once again to see if they could poison her. AVA used the term "bumping her off" to describe their intent.
14. AVA and the others had dinner next to BYRON and her party but there was no opportunity to poison her due to the number of people around her and those coming up to congratulate her. AVA stated that LES ZITES of The Oregonian was among those.
15. AVA and the others returned to the ranch with the feeling that the Rajneesh could never get a fair trial in Oregon.

- XVI. After the BYRON trial SHEELA gets very serious.
- a) SHEELA states that this is it and that they need to drop morality.
    1. She said it has come to a point where morals don't work anymore.
  - b) SHEELA calls a meeting and says that if you have morals don't come to the meeting.
  - c) At the meeting SHEELA starts to interpret Bagwan.
    1. Once again SHEELA comments that if it come to a choice between one enlightened master and 1000 un-enlightened persons then the master must be chosen. SHEELA indicates that if necessary the 1000 persons would be killed.
    2. PATIPADA comments that she could not kill someone but conveys to SHEELA that she does want to support her.
    3. SHEELA uses AVA, YOGINI, and ANUGITAN as examples of how to be.
    4. All agreed to do the things (kill) on our own and if called in by BAGWAN they would lie to him if they were asked if they had done these things. AVA states that to lie to Bagwan is a very objectionable thing to do.
  - d) Series of meetings held by SHEELA.
    1. Meetings normally attended by SHEELA, SAVITA, PUJA, RIKTA, K.D., SAGUN, JAYANADA, and AVA.
    2. SHEELA told the group that they have come to a point where if the commune is to survive some people were going to have to be killed. She asked each person if they had a problem with that.
    3. K.D objected to killing people and AVA states SHEELA verbally "destroyed".
    4. BOHDI and JAYANANDA objected and SHEELA told them to stop being "whimps". Both these persons were later sent to Australia.
    5. Out of JAYANANDA's presence SHEELA commented that she was going to have to kill JAYANANDA at some point.
    6. VIDYA realizes that SHEELA would also have BOHDI, her boyfriend, killed also.
    7. SHEELA commented that she would kill everyone to save the commune.
    8. AVA and the rest of the group realize that eventually they could all be killed too.
    9. SHEELA tells the group that the Bagwan told

her that Hitler was not a bad person. The way he was able to organize his people and his country was to be admired. It was accepted that SHEELA spoke for Bagwan.

10. In the restaurant in the mall on the ranch SHEELA wrote out a hit list of people she had targeted for death.
  11. According to AVA Oregon Attorney General DAVE FROHNMEYER was at the top of SHEELA's list. Others on the list included U.S. Attorney CHARLES TURNER, HELEN BYRON, her daughter MAKIMA, SUSHILA a former corporation officer, MA HASYA, DR. DEVARAJ and others.
  12. SHEELA also established a "hit team" that was to kill the persons targeted by SHEELA.
- e) AVA commented that she had once been assigned to monitor a speech given by DAVE FRONHMEYER to some educators. AVA noted that during the speech he had a number of people around him but no apparent bodyguards. After his speech AVA noted that he walked to his blue van by himself. She took down the license number.

[ THIS INTERVIEW SESSION WAS CONCLUDED AT 12:10PM 10-08-85, TO BE RESUMED AT 9:00 AM ON THURSDAY ]

DISCOURSE 10-14-85 8:30AM

Attended Sgt. Jim Smith, The Dalles Patrol Office

*Commercial File  
for record copies  
JCS*

The following is a selection of topics discussed this date by Bhagwan Shree Rajneesh:

Oaths are nonsense. In the beginning they were good, but now they mean nothing.

All religious books are fiction, third rate at best.

Bhagwan believes in "lie detectors". States that the truth should be rewarded instead of punished.

The justice system is a stupid business. Millions of people are living off the criminals, ie: judges, police, probation officers, etc. Judges create criminals so that they (judges) will be employed, a sort of job security system.

Our society is not sane because judges should be paid when there are no cases to be tried, police paid when no crimes are committed, doctors paid when no one is sick.

Bhagwan wonders if the Attorney General knows the meaning of lunacy (apparently this is the result of a statement made during a news conference). Bhagwan wants Mr. Frohnmayer to know that he (Mr. Frohnmayer) cannot be a lunatic because idiots cannot go mad.

Bhagwan stated that his name means the same as lunacy and we would prefer it this way.

Says the West is poor and that it does not know the meaning of meditation.

Said that unfertile eggs should be allowed as part of a vegetarian's diet because it contains protein, which is necessary to intelligence.

Stated that people should stop being spectators in life and start doing something worthwhile. Referred to television as one of the things one should stop doing and take up something worth while such as sports and do something with yourself. Said that at this rate it will get to a point where a man will watch someone else make love to his wife and we will all just be spectators in life.

All nuclear weapons should be dropped in the Pacific Ocean. America and the world cannot survive the destruction of Rajneeshpuram because the people there are trying to find solutions to the world's problems.

Ended with explaining how the name of Jesus Christ became a swear word and that he did not want his name to become a swear word.

JS/br

EVENTS OF THE DAY 10-14-85

Lieutenant Dean L. Renfrow

*A Comini lead  
for WCC  
copy  
file*

The Rajneesh Task Force has now been established in The Dalles.

The meeting this morning at 9:30 AM was between the Attorney General's Office, State Police and the F.B.I. The meeting concerned leads that have been developed over the last several days and assigning to follow up these leads.

It was decided that Lieutenant Renfrow would be the Task Force coordinator and assign teams to investigate leads and to take receipt of all information from the investigation of these leads.

THINGS THAT HAVE COME UP:

Concerning the attempted poisoning of Jim Comini; Detective George Roshak has been assigned to investigate the attempted poisoning of former County Commissioner Jim Comini. Comini was opposed to the Rajneesh development of Rajneeshpuram into a city. Leads indicate that Comini was the target of poisoning while at St. Vincent's Hospital in Beaverton for ear surgery in the summer of 1985. The plot was to poison Comini by entering his room and administering potassium and adrenaline into his I.V. This was actually attempted and Puja is said to be responsible for the attempt.

Concerning the salmonella poisoning: All reports submitted previously by the Oregon State Police and the FBI will be gathered and reviewed. Approximately 700 cases of salmonella poisoning were reported in The Dalles, 30 of which cases are clinically documented. There may be some witnesses of these people being poisoned. These people must be interviewed by the State Medical Board and get the reports regarding the investigation. A member of the State Police will be assigned to this with the FBI.

On Wednesday, 10-16-85, the FBI and a member of the U.S. Navy will search Patanjali Lake, 8 miles south of Rajneeshpuram, for 5 revolvers supposedly thrown in the lake that were going to be used to assassinate U.S. Attorney General Turner. Between 5 and 15 frogmen will use sonar equipment. If the weapons cannot be located, draining the lake will be contemplated. Detective Lynn Fredrickson, OSP, will be assigned in this regard.

Attorney Will Cary of Hood River, was instrumental in a lawsuit filed against the Rajneeshes concerning land use planning. His car was possibly sabotaged in which the lug nut on one of the wheels came off. He will be interviewed and the report taken by Sergeant Morris, OSP

On Wednesday, 10-16-85, at the FBI Office, two members of the State Police will be assigned to review 2,500 to 3,000 cassette tapes seized from Rajneeshpuram. It is believed to be evidence of wire tapping. The members will be working with a number of FBI agents. This many tapes may take a total of 562 man hours to review and it is felt important that all the tapes be reviewed as they could contain evidence of many of the allegations. We feel a commitment of at least two weeks to this project will be necessary.

EVENTS OF THE DAY

10-14-85

Page #2

Numerous leads are necessary to follow up in the Portland area; to include the location of two (2) Safe Houses used by the Rajneeshees, the tracing of several vehicles used by them in the Portland area, the identification and contact with several chemical houses in the Portland area where bomb materials were purchased, and the collection of Hotel Rajneesh registrations will be necessary to tie certain people to the crimes. Detective Marlin Hein, OSP, will be assigned to this investigation, as well as to the attempted poisoning of U.S. Attorney General Charles Turner.

Grand Jury will commence on Wednesday at Wasco County. Detective Fred Hawkins, OSP, will be assigned to assist the A.G.'s Office in ensuring organization of the witnesses and interview and further subpoena process following Grand Jury testimony.

Evidence from Bend will be transferred to The Dalles on Tuesday, October 15, 1985. Regular meetings will be scheduled at 9:30 AM each Monday morning, with all effected agencies attending.

DLR/br

EVENTS OF THE DAY 10-15-85

by Lieutenant Dean Renfrow

STATUS OF INVESTIGATION:

It is our understanding that Rajneeshees are in a current recruitment program to re-activate former Sanyassins and have held meeting in Europe and Seattle as recently as last week to gain support.

Hotel Rajneesh in Portland is for sale for 2.2 million dollars.

Sushila (phonetic spelling) is back on the Ranch and her principle position is that of fund raiser. During former years, she was responsible for raising monies from a variety of sources.

Grand Jury commenced today opening with testimony from Dr. Devaraj, Bhagwan's personal physician who was poisoned in July of 1985. He was followed by Chief Barkha of the Peace Force and then by Hasya, president of Rajneesh International Commune.

Investigators for the Oregon State Police, Detective John Salle and Detective Lynn Fredrickson, were at Rajneeshpuram this date trying to serve 20 additional subpoenas, 13 of which were served. Subpoena service will continue on Wednesday at the Ranch. The Officers were met with comments by nearly all of those served that prior to any statements by them, they wished to consult with attorneys. A key witness, Ghata, left the commune last night without being served. She is believed to have travelled to Europe. Members were notified by Niren and Barkha that this subject was preparing to leave and yet when officers arrived at Rajneeshpuram to serve the subpoena on her, the Peace Force did not cooperate in locating her at that time (Monday, 10-14-85), but instead told the officers to return the following day (Tuesday, 10-15-85) and that she would be available between the hours of 1:00 PM and 3:00 PM. This, of course, did not occur.

Members of the Task Force this date interviewed Mr. Will Cary, an attorney who handled a case against the Rajneesh regarding land use planning. Cary's vehicle may have been sabotaged while he was attending a meeting at the Wasco County Courthouse this spring. The vehicle lost a wheel shortly after the meeting while Cary was on the highway near Mosier, Oregon. It was not investigated at the time and without further evidence, cannot be associated with activities by the Rajneeshees or sabotage.

Members of the Task Force visited the water supply system at The Dalles and found that a screen at the top of the water tank had been cut open and found footprints that had been there for some time on top of the water tank. To have done this, persons would have had to have entered through a locked gate to gain access to the water tank. It should be noted that a biochemist named Meyers, who worked there, had left to join the Rajneeshpuram commune in 1983 and that after becoming a Sanyassin, he visited employees at the water system at The Dalles while dressed as a Rajneeshee, wearing the mala and accompanied by a Rajneeshee female and child. It is reported that Meyers left the commune approximately 4 weeks ago (when the investigation started).

STATUS OF THE INVESTIGATION

10-15-85

Page #2

Members from District I, Trooper Sharmon Sadamori and Senior Trooper George Ogilvie, will be assisting in the review of wire tap tapes at the Portland F.B.I. Office.

At this point, all material pertaining to this case has been reviewed, including press clippings for incidents relative to date, and will computerize this information and then notify WSIN, who will send an analyst to this location for the development of an investigative flow chart.

There will be 5 witnesses interviewed at the Ranch of Wednesday, 10-16-85.

DLR/br

DISCOURSE            10-16-85            8:30 AM

Attended by Sergeant Randy Aveline, Arlington  
Attendance: 650 to 700 persons

The following is a summation of the Discourse for this date:

Regarding Mediators: Priests and lawyers - both are unnecessary; they are poisonous and they exploit you.

Regarding Legal Experts: They are not there for the service of justice. They are there to protect the criminal. A case that goes on for years can be settled in 3 days. A man of justice can listen to both parties; however, the lawyer can raise such a smoke screen that even the judge and jury cannot see the truth. The whole legal system is illegal.

Legal experts confuse the judges and juries. Legal experts harm the innocent. Judges should be chosen by their merit, should be experts in law, psychology and philosophy.

Hypnotists are better than "lie detectors" and both are needed in the courtroom. For example, a criminal should be alone in the courtroom, facing the judge and standing on a platform with a "lie detector" under it. When the criminal lies, the judge will see the lights light up indicating that the criminal is lying. There is no need for legal experts.

RA/br

DISCOURSE 10-15-85

Attended by Sergeant R. Aveline, Arlington

The following is a series of questions and answers given by the Bhagwan Shree Rajneesh during Discourse on 10-15-85:

Q: What is the difference between assertiveness and proving oneself?

A: Stated there was no difference, nothing.

Q: In what way do you envision democracy in your commune?

A: The Bhagwan elaborated on Federal and State government but mentioned nothing about democracy in the commune. Stated that government in this country was by retards, of retards, for retards. Stated that government should be of merit. That for a person to work in the Federal government, he should possess a first class Masters degree; State government would require a first class Bachelor's degree; County government would require a first class Associates degree, and so forth.

Q: Has religion benefited society?

A: Religion is dead. It has only created corpses. It has created numerous wars.

Q: Why are you so set against celibacy?

A: I am not. Nature is. I am all in favor of nature. Celibacy perverts man's sexual energy, has created homosexuality and salome (phonetic spelling) - that is, making love to animals. It has also brought the great joy of Aids.

Stated that religion created celibacy and that through celibacy we have Aids. Said that Aids is the creation of religion.

Discourse ended with the Bhagwan telling a story about two little boys.

RA/br

Notes for discourse of 12-12-57

There were about 500 people (a few more than yesterday) and it lasted 2 hours.

No mention of Cheela and her gang or any crimes.

Talked about how false words can be and things are not always as they seem.

Talked about differences between prayer and meditation (his way).

His disciples are not religions but only his disciples working to become masters as he is, that is his greatest joy and this is accomplished through meditation which is an individual thing.

Religion and education do not mean the same thing.

Religion (the word) has many meanings basically same as meditation (sounded the same).

We have established 3 groups of people: Those who will be enlightened after his death  
Those who are already enlightened  
(didn't really mention the third)

These people cannot hold posts, must be politically free, and if hold a post while in a group must be temporarily out of the group.

*Jim Smith*  
490-52 Jim C Smith, Sergeant

Waste 10-13-05

Started 8:30 and 50 min. and approx. 500 people, few more than xhxx sat.

Religion is dead - It is organization

Religiousness is not dead - It is individual - wants his people to know difference

Talked again about being able to drop the red clothing - It was a test to see how quickly some changed

People with ego's are never really happy or satisfied - always need more or something different, such is the case usually with rich or successful people

Again referred to the dropping of the red clothes as a test to see who and how fast the tradition of being recognized as sanyasins be dropped

He feels his work is finished and is only hanging around for his followers

This is his last life, will not be born again, will be free which is what is he wants

Talked about bodi garah - referred to himself as him

No followers here, only individuals

*Jim Smith*  
400-53 Jim C Smith, Sergeant

by

Sergeant Roger Morris

A meeting was held this morning with State Police Officers and Byron Chatfield, Bob Hamilton and Attorney General's Staff at the Task Force because several of the principle suspects in this investigation are presently in custody. They request that we re-direct our efforts to compiling a case file on four priority crimes: Hulse and Matthews, Attempted Murders; Arson at the Planning Office in The Dalles; The Devaraj injection Poisoning, Attempted Murder; Burglary of the Oregonian in Portland and the Felton Walker Assault and Kidnap.

Investigators have been assigned to each specific case and they are to prepare a prosecuting case file listing the evidence, witnesses and follow-up leads for information needed to prosecute each specific case.

Attorney General Investigator Bob Greene and Detective Merlen Hein report today they are receiving full cooperation from Krishna Deva in Portland. Much valuable information is anticipated from him. Their joint agency interview is expected to run into the middle of next week. Specific questions by each officer regarding specific crimes are being forwarded to Greene and Hein for their use during the questioning of Krishna Deva by the Task Force.

Presently, no pertinent information has been received from the officers listening to the numerous wiretapping tapes.

We have been specifically advised today that the FBI will pursue the cases regarding the salmonella poisoning that occurred in The Dalles restaurants.

We were also informed today that the WSIN representative assigned to the Task Force in The Dalles to make up a data-time flow chart will not be sent to The Dalles because of budgetary problems and they were requesting that all data be sent to them to have the chart formulated at their office.

kv

RAJNEESHPURAM INVESTIGATION

NOTES FROM MAJOR MOINE

OCTOBER 31, 1985

DISTRICT V HEADQUARTERS

- 9:00AM Received call from Lieutenant Renfrow (Tiengen, Germany). Affidavits all filed and should be able to interview Sheela, Puja and Shanti Bhadra some time next week. There is a three day holiday starting in Germany this Friday and nothing more can be done until Monday. States the German authorities are going out of their way to help.
- 2:50PM Received call from US Marshall advising Bhagwan's hearing has been set over until Friday, November 1. They have received information that Ma Prem Karuna, who turned herself in to Scotland Yard, has been released on her own recognizance and is now enroute to Rajneeshpuram????

Note; A Jerry Olson has called for me several times. He is supposedly a private security firm and is proposing he be hired to guard Bhagwan. Will put an electric collar on Bhagwan to keep track of him. Chief Barkha called me also stating the same. Advised her Bhagwan is under the jurisdiction of the US Marshall and they will provide security. Also told her there was no way I would recommend private security. They are not regulated or trained.

kv

RAJNEESHPURAM INVESTIGATION

THE DALLES TASK FORCE

EVENTS OF THE DAY

OCTOBER 31, 1985

by

Sergeant Roger Morris

Regarding the Felton Walker case of Kidnap and Assault, it was learned that our subject, Felton Walker, is actually James Michael Brooks, a Seattle resident and member of a terrorist organization that is known as the F.U.Q.R.A. This is a fundamentalist Islamic sect organization who is very opposed to the Rajneesh people, principally people of the Indian (India) nationality. Arrangements have been made for our investigators to meet with the FBI, Seattle Police Department Intelligence Unit and a US Attorney in Seattle on Monday regarding this individual. Detective Salle, Oregon State Police, and Detective Tom Bouldin, Wasco County Sheriff's Office, will meet with the people in Seattle.

Grand Jury, The Dalles, has recessed from October 30th, Wednesday, until November 5, Tuesday, 1985.

Today Detective Roshak spent the day at the Ranch serving subpoenas and attempting to contact people for interviews, also setting up interviews for other detectives. He advises that he has had good cooperation today regarding the subpoenas and served 8 today. Ma Barkha served one subpoena on Jayanada, Sheela's ex-husband. Detective Roshak further advised that obviously a large number of people have left the Ranch and basically, there were considerably less people there than when the investigation first began. Ma Barkha advised Detective Roshak that tomorrow, (November 1, 1985) there may not be many people around.

Any interviews must be set up through the legal counsel on the Ranch and we will continue to use this process.

Troopers Ogalvie and Sadamora have reported that the FBI, in talking with them, is considering discontinuing listening to the tape recordings and they will start to categorize all the tapes that they have listened to so far. Sergeant Morris has requested our officers to write a detailed report regarding the tapes they have listened to, and to also list the dates and any specific data on the tapes remaining. A determination will be made November 1, 1985. Our Troopers estimate that approximately 750 tapes have been reviewed out of approximately 3,000 tapes.

Bob Greene and Detective Hein are continuing with the interview of Krishna Deva in Portland, however they have not had their opportunity to ask specific questions for State cases.

We have received information from some contractors doing business with the Ranch that they have been coerced from collecting payment by the threat of a sex scandal being divulged regarding them.

Detective Dorman and DOJ Investigator Kathy McLaughlin will be interviewing persons and attempting to collect business records in the Portland area on Friday, November 1, regarding the burglary of The Oregonian.

THE DALLES TASK FORCE  
EVENTS OF THE DAY  
October 31, 1985 Page 2

Since we started compiling the case books, we have found that much of the information needed to corroborate our specific crimes is probably located in records that have been seized by the FBI. Presently we have had very poor communication with the FBI regarding specific evidence they have seized or to know when this information will be made available to us.

The Task Force will be shutting down at noon on Friday unless something comes up between now and then. Investigators are scattered at this time and some are taking make-up time off.

kv

by

Detective Marlen G. Hein

The interview with Krishna Deva started October 29 and continued through November 1. This is a summation of these interviews. Interview conducted by FBI, DOJ and INS.

All basic information was on FBI and INS cases.

Swami Anthony and Savita basically set up corporate structures. KD became city officer and spokesman the Fall of 1982.

Regarding INS, estimated there were 500 to 600 illegal marriages which created 500 to 600 illegal aliens through the marriage fraud. This was structured by the commune.

The Charles Turner hit list meetings were discussed which involved Rikta and Shanti Bhadra who ended up buying five revolvers.

It was discussed that Sheela admitted to injecting or having injected, her first husband with a lethal drug as he was dying of <sup>Hodgkins</sup> disease. This injection was given as a mercy killing and was done in India.

Regarding INS, there were false documents and back dating done from the time the commune was started in New Jersey and until the time of the Ranch being formed at Rajneeshpuram. These falsifications were made because of possible tax problems. The date was July 24, 1981.

Referring to the religious status of the commune, when Sheela gave the invocation at the Oregon Senate, Sheela then wanted to give an invocation in Washington, DC in either the Senate or House. This had to be approved by the Chaplains in Washington, DC and when they didn't have a religious book on Rajneeshism, the commune created one.

Their main concern the first months at the commune was to get a Visa for Bhagwan. Their main concern throughout the entire time was the alleged impending raids by INS. There was a code system set up to warn of any impending INS raid. The beeper system was used.

The inner circle, or security, came into existence largely after the Rajneesh Hotel bombing in Portland. "The 38" actually became close to one hundred. They eventually took over complete control of guarding Bhagwan and the commune.

The computer system was contained in a building near the airport with terminals thought to be in Zarathrusta, Socrates and Radus Temples. One of the main operators was Sargamo, Bodhi Garbhi and Viran. The computer "ace" is Margaret Bier.

Karuna was in charge of the Rumi Temple which was designated with the arranging of the marriages between foreigners and Americans.

In January or February of 1985, Plan B was put into effect. This involved finding locations to move Bhagwan to, if they had to leave the United States. That included the Bahamas, Singapore, Cayman Island and Bermuda. Plan B also included leaving the commune out of debt. Note: Plan A had already been used - Moving Bhagwan from India to the United States.

They discussed the adoption of Bhagwan by Sheela's father who is a naturalized United States citizen. This was filed February 2, 1984. This involved going to India, "getting old paper and old ink" and having Bhagwan's father sign a falsified statement. This document was then brought to the United States and tested for authenticity and then filed with Immigration. The experts could not find anything wrong with the document.

Para-legal group at the commune had numerous preparation sessions with the couples of fraudulent marriages because of the impending interviews by INS. There were numerous INS raid alerts which caused the illegal members to disburse throughout the Ranch.

Lightly discussed was the hit list and named possible victims as Fawbush, Frohnmayer, Durow, Helen Byron, Makima Byron, Les Zaitz and Turner.

Regarding Felton Walker, it was thought there was a tape recording regarding the Felton Walker incident. This was found out later to be false information. KD confirmed "The 38" listened to this tape recording in Sheela's livingroom approximately September or October, 1984. The number present was approximately 50 or 60 people at the time the tape recording was played. Did not ask for a list of persons at this meeting, however Ma Barkha was there.

Regarding Socrates monitoring system, he estimated there were 50 to 80 monitors. A list to be provided later.

KD's impression of those in Germany who would be most likely to "roll over" and have the most information would be: #1 Anubhavo #2 Homa - and then Rikta, Vidya and Jayanada. Forget about trying to talk to Savita, Su or Puja. He estimated that Yogini and Anugitan were the most dangerous and capable of killing.

November 1, 1985

7:32 a.m., GHQ Communications overheard transmission from OSP at Rajneeshpuram that 6 buses, 2 suburbans, and several cars loaded with people and luggage were departing the ranch. Barkha and other sources were unavailable. We were able to contact Sunshine at the Chamber of Commerce, 489-3411, who related that about 200 people departed at 6:30 a.m. en route to Portland to conduct a silent meditation at the U. S. Courthouse. Portland Police Bureau were aware of the meditation and will monitor it. FBI and U. S. Marshal's Office was alerted. We will observe the busses, alert Portland Police Bureau of their ETA and have a non-uniformed member accompany the group from the Rajneesh Hotel to the U. S. Courthouse and remain with them until they depart.

At 7:45 a.m., contact made with FBI Agent Landreth, Charlotte, North Carolina who advises the hearing is still in session and there are about 20 Rajneeshees now in the audience.

Attorney General Frohnmayer will be at several locations in Portland today, security requested and we will provide.

Governor Atiyeh scheduled to arrive at Portland International at 2:29 p.m. Two additional members will assist Trooper Berning.

At 9:55 a.m., we were informed that Unlawful Flight charges against Bhagwan were dismissed and other charges and bail is now being negotiated.

11:40 a.m., Major Davenport advises all 6 buses have now unloaded at the Rajneesh Hotel. The crowd is outside. Earlier observed a box being loaded into one of the suburbans. The buses have departed, however 2 small shuttle buses are at the hotel.

2:00 p.m., Major Davenport advises most of the Rajneesh are still in the hotel. About noon news media reported the fugitive charge against the Bhagwan had been dismissed and shortly thereafter a band and beer truck arrived at the hotel and it appears a party is underway.

Small groups wandered to the U. S. Courthouse with about 200-400 walking around the courthouse, some carrying signs. Then all walked back to the hotel, loaded on the 6 buses and departed eastbound, apparently to Rajneeshpuram as of 4:05 p.m.

RAJNEESHPURAM

REPORT FROM THE RANCH

NOVEMBER 2, 1985

K  
SATURDAY

by

Sergeant Michael Searcey

Upon arrival at the Ranch at 8:00AM, very low activity. Attitude of the locals much improved since Friday. Attitudes working from a low to a high as more news received.

11:45AM The Peace Force had a complaint of subjects in a small pickup carrying guns. Writer assisted in attempting to locate these subjects. Writer was unable to locate and upon return to the City Hall at the Ranch, it was learned the report was 45 minutes old.

12:10PM, Second Report. Subjects were alleged to be on the east grade to Mitchell, near the top, just off the county road building a camp fire. At 12:30PM writer and Peace Force Officer Sansanga contacted these subjects and FIR all three and the vehicle. Subjects stated they were just getting away from it all? They alleged they were not hunting, however all were armed with handguns and hunting knife, with the vehicle loaded with sleeping bags, coolers, etc. No problem with the contact. The operator and registered owner was verbally warned for equipment violations. They also advised the fire had been put out. The local ordinance was explained regarding loaded firearms. Subjects left the area westbound at 12:50PM. All subjects were 12-21. See attached teletypes for information on subjects.

During the course of the above, writer observed the Convair Aircraft being refueled and it left between 12:30PM and 1:00PM for Portland. It was known the subjects that were released in Charlotte, North Carolina would be coming back this evening, November 2nd.

The legal attorneys were very active and were present in front of the Peace Force building most of the day. Rumor had it that they were giving advice to their people regarding talking with the press over the current events of the last few days and if anyone wanted their view, they did not have to answer any questions.

Vin inspection just prior to leave the ranch at 3:00PM.

RAJNEESHPURAM

REPORT FROM THE RANCH

NOVEMBER 3, 1985

SUNDAY

*Tom R*

by

Sergeant Michael Searcey

Upon arrival, very quiet.

Did another vin inspection.

Ma Prem Sunshine contacted writer with a map of a possible location of a metal box which is alleged to be near or in a dry creek bottom north of the Patanjali Lake.

1:10PM Patanjali Lake, contact the FBI and relay the above map.

AAAttitude today very up, not as friendly as the past few days. Most have a cocky attitude regarding what is happening. Upon arrival of the subjects from North Carolina, they had a small meeting at the airport and turned the past few days into a funny episode - very frivolous.

\* It is rumored that Ma Barkha, Chief of the Peace Force, may be headed for Germany.

kv

by

Detective Marlen Hein

The discussion of using salmonella started about six months prior to the November, 1984 election. Sheela's goal or aim was to take over Wasco County. During late 1983 and early 1984, Krishna Deva had formed a plan wherein the Ranch would combine with Warm Springs Indian Reservation to form their own county. This plan never materialized. Sheela had talked to Bhagwan and had discussed the salmonella plan. Bhagwan had agreed to the use of salmonella. Sheela wanted a solution to voter fraud and some plans were as follows:

- Multiple voter registration
- Multiple absentee voting
- Multiple candidates to split the vote
- Water system contamination
- Salmonella
- Share-A-Home Projects
- Falsification of petition for Mary Crawford
- False identification for JAGRUI who was running for elective office in The Dalles.

Regarding salmonella, Krishna Deva was involved in contacting the courthouse restroom and putting the culture on the washroom faucet handles; and the Portage Inn Restaurant putting salmonella in the salad dressing at the salad bar.

Krishna Deva also observed Sheela putting salmonella on lettuce in a grocery store. Bodhi and Puja had gone to the Recreation Cafe and put salmonella into the salad bar. Yogini and Puja had gone to the county retirement home, but it was unknown if they actually put salmonella into any food there.

Regarding the water system, The Dalles, Anugiten and Julian allegedly went to the water supply of The Dalles and attempted to put salmonella into the supply. There was also talk of putting beaver carcasses and rats into the water reservoir.

Regarding the Share-A-Home, which occurred in September and October, 1984, there were more problems created than could be solved regarding registering these people. Norma Paulus' actions - stopping the Share-A-Home voter registration - was actually doing the commune a favor, as the project was going to fail anyway, and this covered up the failure.

Krishna Deva remembers Sheela coming back from a meeting with Bhagwan and Bhagwan had not only given permission to use salmonella, but also stated that if a few people died it was OK as it was for the cause of the commune.

Krishna Deva advised Bhagwan ran the entire show at the Ranch and approved absolutely everything except possibly the poisoning of Devaraj, Hasya, John, Vivek and the continued wiretapping of LauTzu after Bhagwan had told Sheela to remove the wire-tapping devices.

Minor incidents occurred wherein Samadhi had written hate letters to Norma Paulus Dave Frohnmayer and Representative Wayne Fawbush. She had also written letters using their stationary in which the contents would imply they were members of organizations such as the Ku Klux Klan and the Neo-Nazi's. She also took pronographic magazine subscriptions and subscribed the magazines for these certain individuals.

There were telephone calls made to government officials wherein an attempt was made to have this official make a biased or prejudicial statement. These statements were tape recorded and saved for a later date to use.

Regarding Karen Green, Krishna Deva really didn't have any information except Su had told KD, Dolma had put Benadryl, possibly, in Green's water which was at the counsel table.

Regarding Felton Walker, Sheela had called KD and told him to contact RMC. KD later learned Felton Walker had been wiretapped from a pay telephone and there had been a threat to Bhagwan's life. The telephone conversation was between Felton Walker and a subject in Seattle known only as "Father". Felton Walker was taken to RMC under unknown ruse and was drugged with unknown substance. Gatha had given an IV of Sodium Pentothal and KD, Julian, Jayanada, Anigetin were to interrogate him. Also present was Puja, Vidya, Ava and possibly Barkha. The questioning lasted for two or three hours and about the only thing they learned was a telephone number from Seattle. Later, Felton Walker was taken to another location on the Ranch and administered Valium for three days. He then left the Ranch to unknown location. Later on, Rajesh, Yogini and Ava had gone to Seattle to attempt identification and location of "Father".

#### Share-A-Home & Haldol

Sheela wanted a way to control the Share-A-Home people. Sheela told Puja to find a way to use the Haldol. KD, out of his own knowledge, knew that Haldol was a tranquilizer, that it was used for mentally disturbed people and was tasteless. KD never observed any beer kegs at Jesus Grove, but later saw Puja and Vidya dispensing beer at Walt Whitman. Also knowing of the use of Haldol in beer was Su, Savita and Ava.

A list of "The 38" is as follows:

Sheela	Prabodhi	Kosha
Vidya	Padma	Rudra
Su	Patipada	Jivan Kavya
Ava	Karuno	Kranto
Yogini	Lalita	Isabel
Anugiten	Geeta	Puja
KD	Chintan	Devalaya
Sagun	Provassi	Jayamala
Kevido	Veetraga	Komala
Parmita	Sandeha	Dolma
Barkha	Probaht	Homa
Dhiresha	Bhakta	Samya
Jayanada	Bohdi	Shanti Bhadra
Julian	Kuteer	Durga
Savita	Anubhavo	Allen
Rikta	Rajan	

This is not a complete list and it was increased in number at a later date and could have reached as many as 100 members.

Church control of local government at the Ranch.

From day one, Bhagwan picked all officials of the Ranch which included city officials, corporate heads, school district officials and officials of the City of Rajneesh (Antelope). The process included Sheela and Krishna Deva offering a list of candidates. The list was then given to Bhagwan who gave his approval or made corrections - in addition. The voters would then be told what political party they would be a member of and would also be advised who and what they were to vote for. When this voter preparation interview was done, there was no reason for the voter to vote any other way than what had been determined by Sheela. This voter preparation was done as a suggestion, but voter participation was basically 100%.

Barkha's position as Chief of the Rajneeshpuram Peace Force directed her to report to Su and Vidya regarding police matters. At one point Barkha was removed by Vidya from her position and Dolma was appointed to her position. Barkha, in the interim, did some work for Rajneesh Legal Services during this time. Due to F.O.I.A. (Freedom of Information Act), approximately four to six months ago the entire Peace Force records were re-written.

Christ Chatanya and Pathika did most of the re-writing and they were changing anything to cover up a Church-State problem regarding contracts or reports.

Regarding corporation/employees, KD advised he allegedly had a salary of \$650.00 per month. This, in essence, was not true as the salary was actually put into a "currency card account". During a time span of January, 1984 to August, 1985, KD withdrew approximately \$600 from this account. The remaining balance was most likely controlled by Savita and was basically used as a "slush fund". He advised Barkha had a salary of \$24,000 a year and it was unknown how her salary was handled, but thought it was under the same procedure. Numerous corporations had salaried employees, including Rajneesh Financial Services Trust, the travel corporation, and the Rajneesh Humanities Trust. KD advised there were other corporations with salaried employees, but he didn't know how the money accounts were handled.

#### Social Gambling

Sheela told KD they were going to have social gambling and he was to do whatever was necessary to legalize it. Again, the "currency card system" was employed. Rikta was the coordinator. Maduma and Arup were assistants to Rikta. The dealers were given a set amount of chips at the start of the evening and their winnings at the end of the evening would be credited to their "currency card account". Even though the "currency card account" was in the dealer's name, it was understood the dealer would not withdraw any funds from that account. Again, most likely, Savita and Sheela used this as a "slush fund".

There were approximately 30 to 40 dealers and a list will be provided at a later date.

Regarding financial information, assistants to Savita included:

Svarga  
Anutoshen  
Sandeha  
Sujato

by

Sergeant Roger Morris

We met today with Bob Hamilton and Byron Chatfield. They have reiterated the importance of compiling the case files on specific crimes, being the Hulse poisoning, The Dalles Planning Office Arson, burglary of the Oregonian, the Devaraj poisoning, the Ed Comini conspiracy, attempted murder, and Helen Byron, conspiracy to commit murder. These cases have been individually assigned to investigators of this Task Force.

We learned today that Lab Technician from Warm Springs, Linda Fuller, determined that the salmonella cultures that she had given to the Rajneesh Medical Center were the same type strain found in The Dalles restaurants.

Troopers Sadamora and Ogilvie listened to additional tapes today, but will have terminated this activity until the Task Force determines that more tapes shall be listened to. To date, no significant information has come from listening to the tapes pertinent to our crimes.

Lieutenant Renfrow contacted writer today and stated that the FBI will now open their files on reports and evidence they collected at Rajneeshpuram for us to review and obtain copies of any reports or documents that are pertinent to our cases. However, at this time, writer has been unable to contact FBI Agent Lynn Enyart to set up a date for a team from this Task Force and obtain that information.

We also received hearsay information that Chief Barkha is going to Germany, however she was asked in person today by Detective Roshak, and denied that she was going to Germany.

Additional information was received today that three Uzie rifles and some automatic Browning weapons are presently being held by a gun and ammo dealer in Beaverton, Oregon for unknown Rajneesh persons. This information will probably fall under the FBI's jurisdiction, if there is a violation.

We also received information today that the .38 revolver on the plane to North Carolina belonged to the Rajneesh Peace Force.

We will be continuing to concentrate and compiling what evidence we presently have on the individual case files.

We expect to send Trooper Dorman and Department of Justice Investigator Bill Carroll to Portland on November 6th to conduct an interview with Ma Sagun.

RAJNEESHPURAM INVESTIGATION  
NOVEMBER 5, 1985

THE DALLES TASK FORCE

EVENTS OF THE DAY

by

Sergeant Roger Morris

We are continuing compiling the case files for the DOJ attorneys. The attorneys have asked that we have a temporary file on each case prepared by Thursday that we can sit down and review with them. We hope to obtain additional information from Detective Hein and DOJ Investigator Bob Greene who have been interviewing KD in Portland that will enhance these case files.

Detective Salle returned last night from Seattle and it was determined that James Brooks is, in fact, R. Felton Walker that had been living on the Ranch. Because of his connection with the R.U.Q.R.A organization and the fact that the Federal people have pending investigations against him, we will discontinue our investigation regarding him at this time. However, we may attempt to use his situation on the Ranch to obtain information from Dr. Devam at a future date.

Arrangements have been made and Detective Dorman and DOJ Investigator Bill Carroll will be going to Portland this afternoon and meet with Detective Hein and Investigator Bob Greene regarding information from Krishna Deva and the pending interview which should start tomorrow with Ma Sagun (KD's wife).

Linda Fuller, Warm Springs Lab Technician, was out of the area today and has since called the Task Force to inform us that she does have the documentation regarding the salmonella cultures and she can release these tomorrow.

Contact has been made today with Lynn Enyart of the FBI. He has informed writer that files and records from Rajneeshpuram that they seized will be available to us Monday, November 11, as well as their reports, as they have pertinent information to our cases. We will decide by Friday which Task Force members will be assigned to review and collect that information. We expect to send two Task Force members and possibly three to obtain this information and this is expected to take three or four days.

We received information today from the Ranch's legal staff that all persons that we wish to interview have been advised against talking to investigators. They will only show up and testify under subpoena at Grand Jury.

Troopers Ogalvie and Sadamora have discontinued listening to the tapes in Portland. I basically advised them we may ask them to continue listening to specific tapes when we obtain specific dates and times of conversations that may have been recorded, that are of value to our cases.

Customs Agent Naufzinger advises he will attempt to contact Lieutenant Renfrow in West Germany and discuss information regarding Ma Prem Savita that could be useful to enhance our investigation. He was given Lieutenant Renfrow's hotel telephone number to try and contact him. Agent Naufzinger further advised that customs has extensive files on many of the Rajneesh members and these are available to us during this investigation.

RAJNEESHPURAM

EVENTS OF THE DAY

NOVEMBER 4, 1985

by

Sergeant J. B. Edwards

This morning about 6:30AM the two Evergreen buses left the Ranch. Approximately 100 people on board, mainly Europeans returning home.

A member of the Ranch had left for about 10 days and upon arrival back at the Ranch found his trailer burglarized and TV stolen. Investigation is being conducted by the Rajneeshpuram Police Force.

The Rajneeshpuram Police Force is concerned over the leaks of information by the investigators or other persons with access to that information.

They are mainly talking about how the Bhagwan has been treated since his arrest, since he has done nothing wrong. He can't bail out but people that commit murders can. One of the persons arrested in North Carolina had a gun pointed at his head and they thought this was way out of line.

Chief Barkha said that the pilots of the planes advised they only filed flight plans to North Carolina.

One of the members who was arrested in North Carolina or a member that went there after the arrests, was in the courtroom when Bhagwan was brought in. It is said that Bhagwan was beautiful, he looked as if he had no past, no future, just looked like the present.

Very quiet at the Ranch, light foot traffic. Raining hard.

kv

by

Major Robert R. Moine

2:20PM Received call from Chief Barkha that the Bhagwan left North Carolina by military plane enroute to unknown destination in Oregon. Possibly a military base.

Chief Barkha also states they have concern with Sheela's brother. He could pose a threat to people on the Ranch or possibly the Bhagwan.

BIPIN PATEL

approximate age 40

Arizona phone # (602) 957-9580

Chicago, Illinois (312) 948-1282

" " (312) 297-8660

Address: 6 Plymouth Town  
Lincolnshire, Illinois 60015

Patel was at the Ranch approximately one month prior to Sheela's departure. He is the one who originally bought the Ranch and has been linked with Pasteur (unsure of spelling) who bought the Portland Hotel.

Also, Sheela's sister:

RAJNEESHPURAM INVESTIGATION

TELEPHONE CALL FROM LIEUTENANT RENFROW

TIENGEN, GERMANY

NOVEMBER 4, 1985 11:25AM

by

Sergeant Mikkellborg

Lieutenant Renfrow arrived at the Frankfurt, Germany airport on Wednesday, October 30th. From there he went to Tiengen, West Germany where he is currently staying. Tiengen is located approximately 20 kilometers from the motel in which Sheela and approximately 23 of her followers were staying.

Prior to Lt. Renfrow's arrival, FBI Agents McCann and Hudson, along with Attorney General Investigator Paul Keller arrived. On October 28th, in conjunction with the West German Police, a search was conducted at the hotel where Sheela was staying. At that time Sheela, Shanti Bhadra and Puja were taken into custody. Seized in the search was a large amount of records which would be pertinent to the investigation currently underway. Included are the Bhagwan's adoption papers (we now have information these were forged), records of several bank accounts, some cash was seized, and records dealing with an English bank account under the name of RAJNEESH SERVICES INC.

Lieutenant Renfrow observes that there are a few things that were possibly wrong in the conduction of the search. One is that the attorneys for Sheela were at the scene and were allowed to interject quite freely. During the course of the search newspaper journalists and camera crews were on the scene and during the search filmed an FBI Agent going through some records. This has presented problems in the area of German law. Under the German Constitution, the prosecutor directs that a search be made verbally. The fruits of these searches are then returned to the prosecutor, who then forwards them to a panel of magistrates. These magistrates, with little or no communication with the prosecutor, examine the evidence and ascertains if there is probably cause for an investigation to be made by the either State Police or Wester German Republic Police. Foreign authorities have no authority in the searches. Once the newspaper articles and films were displayed showing the FBI Agents going through these papers, the German government became very particular.

At the present time formal requests have been made to interview and to participate in the investigation, however these requests must go through the State Ministry and the Federal Ministries. A question that a panel of Judges is currently reviewing, is "Does International Treaties with the United States apply to INS warrants or complaints?" At this time State violations seem to be the main consideration and is the thing that is Holding the process together.

It is expected that by Thursday, November 7, 1985, investigators in Germany should have permission to interview persons involved, however there are no guarantees at this time that these people would be willing to talk to authorities. It is noted that some people who are not in custody and that are targeted for interviews are German citizens, which, in itself, somewhat complicates the process.

Lieutenant Renfrow advised he has a good feeling that the interview requests will be granted for those not in custody. Again, it is up to those in custody whether they will talk to authorities or not. He also believes that the West German government will eventually release the evidence found during the search, however this process is a formal process wherein the records will be formally surrendered to the American government in Bonn, West Germany, at which time the evidence will

TELEPHONE CALL FROM GERMANY, LT. RENFROW  
11-4-85 Page 2

then be turned over to the FBI.

Lieutenant Renfrow advised writer that he feels the most important things right now is the evidence and that this is a priority in this case. As stated previously, there seems to be more than a good chance of this evidence being turned over to us or the FBI.

Lieutenant Renfrow advised this morning that the two FBI Agents McCann and Hudson will probably be leaving on Tuesday, November 5, 1985, enroute back to the States. He and Attorney General Investigator Paul Keller will remain in Germany until such time the government allows them to interview witnesses/suspects in this case or denies that permission.

At present things are at a standstill until the "red tape" has been broken through.

Lieutenant Renfrow's telephone Number at hotel in Tiengen is: 011-4977-414554.

kv

STATUS REPORT      11-05-85

By Senior Trooper Robert D. Rasmusson  
Pend Patrol Office

Writer arrives at Rajneeshpuram and contacted Chief Barkha, Santanga and Sergeant Randy Aveline. Writer then took a tour of the business area.

Writer was contacted by Major R. Moine and Sergeant Brian Mikkelborg at the Peace Force Office. Sergeant Mikkelborg gave writer a subpeona for SWAMI ANURAG.

Swami Anurag contacted writer at the Peace Force Office and was served the subpeona. Subject's true name is BROWNING, ROSS P., with a date of birth of 11-21-58. Subject is a white, male, adult, 5'9", with dark wavy hair.

Everybody was very courteous to the writer.

The Rajneeshpuram plane left the airport at approximately 7:15PM and headed northbound.

Very few people around. There was also a report of a celebration march going to transpire this evening at Rajneeshpuram.

RDR/br

## STATUS REPORT - RAJNEESH SITUATION

MAJOR ROBERT R. MOINE

On 11-05-85 at 8:40 AM, writer and Sergeant Brian Mikkellborg contacted members of the Rajneeshpuram Task Force in The Dalles, Oregon. Assistant Attorney General Bob Hamilton expressed concern that Ma Anand Sheela and those arrested in Germany may be returned to Oregon too soon. He needs more time to get through the Grand Jury process and file additional charges on Sheela and to prepare those cases. His concern would be that Sheela is returned to Oregon before these charges are filed and demand an immediate trial, at which time trial preparation will have to be made on charges pending at this time and will not allow for additional investigation and additional charges to be filed.

Hamilton also advised that he had learned that the F.B.I. had a report detailing the debriefing of Ava. He had found that the report was compiled mainly by Detective Marlin Hein of the Oregon State Police, and Attorney General Investigator Bob Green, who both sat in on the debriefing. The report was put under F.B.I. cover. After extended negotiations, the F.B.I. finally consented to release a single copy to the Task Force with the agreement that it would be used only for investigative research and no additional copies would be made or distributed. Hamilton advised that this report was extremely difficult to obtain.

Sergeant Morris advised that information received this morning by investigators revealed that no more people on the Ranch would come forward for statements upon advise of legal defense counsel. They presumed that these people will be made available for subpoena, however, will make no statements. Also, the Task Force had rumors that the .38 Special found on the plane in North Carolina may have come from the Rajneeshpuram Peace Force arsenal.

At 11:00 AM, a meeting was held with Wasco County Sheriff Art Labrousse. Upon suggestion of the writer, contingency plans were discussed with the Sheriff in the event that Sheela would be returned to Oregon for trial and held at the Wasco County Jail. Sheriff Labrousse expressed concerns that he could not hold Sheela due to inadequate facilities. He has already talked with the Multnomah County Sheriff's Office about holding her and the other suspects for an extended period of time in that facility; however, these plans have not been finalized. Sheriff Labrousse was advised that the State Police would provide additional security if she were to be lodged in the Wasco County Jail or for any subsequent court appearances made by these people in Wasco County. At the suggestion of the writer, the Sheriff and his staff will be providing a contingency plan for several possible situations: ie, if Sheela has to be lodged in Wasco County, transport to Portland to court for appearances, etcetera. Sheriff Labrousse advised that a report would be forwarded to this Headquarters by Thursday, 11-07-85. Sheriff Labrousse also discussed a phone call he had received from Ma Deva Barkha of the Peace Force Chief at Rajneeshpuram. She advised him that due to the City limits being revised as per a recent court ruling, many of the areas once patrolled by the Peace Force were now outside their jurisdiction.

STATUS REPORT - RAJNEESH SITUATION  
NOVEMBER 5, 1985  
Major Robert R. Moine  
Page 2

Sheriff Labrousse advised that they discussed the possibility of Peace Force members obtaining special Deputy's commissions; however, Sheriff Labrousse advised her that this would not be done and that his agency was to be called should any problems arise.

At 3:25 PM on 11-05-85, writer and Sergeant Mikkelborg met with Chief Barkha. She advised that the Rajneeshpuram Peace Force has now changed their name to the Rajneeshpuram Police Department. Concerning instructions to commune members, Barkha advised that she knew nothing of recent orders to commune members regarding interviews with investigators without subpoenas. Barkha said that she is having problems herself gaining access to the private property on the Ranch. She was, at that moment, having problems concerning a theft investigation wherein her officer's were having difficulty obtaining permission to enter commune property and to search the room of a theft suspect. She advised that the commune leader, Anaruda, will not do anything without advice from the attorney the commune has hired, Mr. Ransom. She has met with a lot of resistance in gaining information on the whereabouts of people on the Ranch and where they may work. She also advised that the City limits have been re-drawn to a recent court decision. The City is now much smaller. The Reception Center, where most of their problems have occurred in the past, is now outside the city limits, as well as most of the runway and the airport buildings themselves. She advised that she had approached Sheriff Labrousse about Deputy's commissions for her people; however, he advised her that they were to call him in the event of any problems and that each situation would be taken on a case-by-case basis. She advised that the Police Department will use the statutes concerning officer's outside of their jurisdiction being able to arrest people for Class A misdemeanors and felonies and/or would use the citizens arrest statutes if any problems occur in the Reception Center or other areas on the Ranch which were outside the City limits.

Barkha thought that during the course of the Bhagwan's incarceration in Oregon that a 24 hour vigil would be set up outside the jail or the courthouse in Portland. People would be shuttled to and from the Ranch on a regular basis. She agreed to provide writer with schedules for reasons of protecting these people while they were out on the road. She also advised there will probably be several peaceful demonstrations by large groups of people from time to time, and would provide this Headquarters with that information. A community rally was scheduled for that night to show support for Bhagwan beginning at 8:00 PM. A dance was to follow.

While at the restaurant in Rajneeshpuram, writer observed and conferred with Madula, who was the person in charge of the Jesus Grove area. During the initial phases of the investigation, she was smuggled off the Ranch by F.B.I. agents and later left for California. She advised that she had been back to the Ranch for approximately 2 weeks. She didn't say anything about what was going on currently, however, she was not in a position to talk due to the people around in the restaurant.

STATUS REPORT - RAJNEESH SITUATION  
NOVEMBER 5, 1985  
Major Robert R. Moine  
Page 3

When asked about the weapon found aboard the plane in Charlotte, North Carolina, Chief Barkha advised that the Peace Force had a recent inventory and are missing no weapons from the arsenal. She is sure that the weapon came from the Security Force arsenal.

At 6:10 PM on 11-05-85, Chief Dhiresha was contacted in the City of Antelope. She advised that their presence in that town is being cut back partly due to the large amount of criticism they have received concerning too many officers for the population of the town and due to the fact that no incidents have occurred recently.

\* NEWS MEDIA: Information reveals the vote in the town of Rajneesh resulted in a name change back to Antelope. The vote was approximately 33 to 0 in favor of the name change.

At 11:35 PM, after returning to Bend, writer received a call at his residence from Chief Barkha regarding a death threat on the Bhagwan. She advised that a call had come in through the legal defense office, wherein a male subject stated that the Bhagwan is to be released on \$400,000 bail and that he would become target practice. Chief Barkha advised that at the present time, phone calls coming in to that number are being recorded and the phone company is being contacted to put on a phone trap. Without going into detail, writer advised Barkha that he was aware of certain information which would lead him to believe the phone call was nothing more than a crank.

End of report.

RRM/br

by

Detective Marlen Hein

#### Arson of Dan Durow's Office

Durow is the Wasco County Planning Director and was described as a thorn in the side and a pain in the ass by the commune. When Durow's trips to the commune were known, Sheela had ordered road blocks and had given the orders to Su. KD specifically remembered one time a roadgrader was used. Sheela wanted the planning office files and reports destroyed as this would hinder and delay Durow. There were questions of the city boundaries of Rajneeshpuram. The church is actually outside the city. Part of Bhagwan's residence is also outside the city. There was no survey done, due to Rancho Rajneesh and Rajneeshpuram being owned by the same people. Older, inaccurate maps had been used to form the boundaries of Rajneeshpuram.

Around July and August, 1984, Sheela wanted to inspect all county buildings for possible burglaries resulting in disrupting county business. Using a vehicle from the commune, Sheela, Jayananda, Puja, KD, Shanti Bhadra, Anugiten, and Vidya made a trip to The Dalles. They were all transported in a GMC "Jimmy". They went to the Wasco County Courthouse and to the Annex. They then went to the Wasco County Maintenance Shop and the Planning Office, which is adjacent to the shop. They observed the building and a gas tank near the shop and Sheela inquired if the gas tank was to explode, would it set fire to the Planning Office. Anugiten advised he did not think it would. Sheela wanted to burn Durow's office files and records. Sheela had been to Durow's office on prior occasions. They also drove in behind the office to observe the rear of the building. At a later date, KD, Vidya, Shanti Bhadra were sent to the planning office during normal hours to obtain a floor plan of the interior. KD, Vidya and Shanti B then briefed Anugiten on Durow's office. Anugiten drew a sketch of the floor plan. Anugiten was the main planner of the arson and experimented by burning dandles and measuring the time lapse of the burn.

KD recalls the approximate time of the arson as January 14, 1985. KD recalled having contact with Savita who was extremely upset because she was waiting for a phone call from Anugiten. KD later had a contact with Savita after Anugiten had called and she was relieved. (It had gone OK).

After approximately mid-February, 1985, when Sheela returned from India, Anugiten briefed Sheela about the arson. Present were Sheela, Savita, Su, Julian and KD. Anugiten advised he threw the files in the middle of the room, then used lighter fluid and lit the candles so there would be a one hour delay before the candles would ignite the lighter fluid. Sheela was elated at the alleged success of the arson. Anugiten made no attempt to conceal the fire as being an arson. KD also thought Yogini and Ava were involved. At a much later date, KD was advised by Ava that she had driven the get-away car to The Dalles and from Durow's office at the time of the arson.

Bhagwan had a meeting with legal services

This meeting occurred late Spring, early Summer of 1984. There were approximately 50 to 60 people present at the meeting. The attorneys of the commune, in preparing for the Church/State hearings, were running into problems. The problem was defined in not being able to come up with a defense for the Church/State problem of the commune. Bhagwan met the problem head-on and stated to everyone that the Attorney General is perfectly right, there is a problem at the commune regarding Church/State separation. Bhagwan was taking a hard line in that he did not want any corporate or commune changes. Bhagwan advised the attorneys the problem was very visible and they should find a way to defend it. Bhagwan stated the commune is a church. Present in particular, at this meeting was Niren, Sangeet and Suban.

Devaraj

Background: Sheela had advised Devaraj had become Bhagwan's doctor in India because Devaraj was Vivek's boyfriend in Poona, India. Devaraj was a general practitioner while in Poona. The consensus around the commune was that Devaraj was a jerk and incompetent as a doctor. On paper, Shunyo is listed as Bhagwan's doctor because Devaraj wasn't licensed in Oregon at first. In the Spring of 1984, Sheela learned through the wiretapping of LauTzu that Devaraj was giving Bhagwan drugs and was going to use Ultraviolet light on Bhagwan. Sheela felt Devaraj was experimenting with Bhagwan's body. Sheela also accused Devageet, who is a dentist, of doing unnecessary dental work on Bhagwan. Sheela also complained of the number of drugs in quantities Devaraj was taking up to LauTzu for the alleged use on Bhagwan. Devaraj also was not keeping accurate records on dispensing of these drugs. Devaraj was also not keeping accurate medical charts on Bhagwan. This was particularly important due to Bhagwan using his ill health as a reason for being in the United States.

Sheela wanted Devaraj kept sick to keep him in a position from being able to care for Bhagwan. During Devaraj's illness, Shunyo would have stepped in and care for Bhagwan. During the summer of 1984, an outbreak of conjunctivitis, which is a very contagious eye disease, was suspected at the commune. Devaraj was suspected of having the conjunctivitis, as was the dentist, Devageet. Devaraj was put to Koran Grove for treatment. During Devaraj's stay at Koran Grove, Puja altered Devaraj's IV by adding flower water from a vase. During this time Sheela advised Rikta, Vidya, Su, Puja, Savita, Ava, Yogini and Shanti B to always carry a poison with them because you never know when you will need it. Sheela had told Rikta, in particular, to attempt to poison Devaraj, Hasya and John. Sheela advised at that time that Devaraj, Vivek, Hasya and John were her main targets. Up to this point there hadn't really been any "outside" persons targeted. Regarding Dan Durow, no attempt was made or planned to harm him, only disrupt his office. During the time when Sheela was concerned about the quantity of drugs Devaraj was taking to LauTzu, Madhunad, the pharmacist, had written a letter to Bhagwan. The letter was a complaint of the type and quantity of drugs going to LauTzu. KD recalls reading this letter. Geeta was to have put this letter in a file. At this point, Sheela was convinced Devaraj was killing Bhagwan with poison. After the letter, John, Devaraj, Shunyo had gotten together and tried to get these drugs which had been taken to LauTzu, attributed to someone else. Their plan was to create false subscriptions and medical charts. KD advised he heard this personally and directly on the wiretap and he advised most of the drugs were barbiturates and tranquilizers. These drugs were allegedly stockpiled for Bhagwan and Vivek's use. These drugs included pills as well as the injectible drugs. KD also advised Homa even talked about trying to go around and get phony patents lined up to straighten out the drug problem at LauTzu.

During early January, 1985 Sheela had a meeting with Bhagwan wherein Bhagwan instructed Sheela to go to India and locate Laxmi. They were to tell her to find a place in the Himalayas where Bhagwan could come to. Approximately mid-January, Sheela, KD and Pati Pada flew to India. They were unable to locate Laxmi and due to the unrest of the Sikhs, it was too dangerous to travel in the area. They advised Bhagwan of this and he told them to return to the United States.

Numerous meetings were occurring and the goal of the meetings was not to get rid of Devaraj and how they were going to save Bhagwan. Around June 11 to 30, 1985 Devaraj had come to Jesus Grove and was talking about the medicines and the obvious legal problems involving the LauTzu drugs. Either Savita or Homa had put something into Devaraj's drink. Devaraj ended up being sent to Koran Grove again and Sheela wanted him to remain there.

These general planning meetings included the following:

Su, Vidya, Julian, Ava, Yogini, Sheela, Savita, KD, Anugetin, Puja, Padma, Pati Pada, Shanti Bhadra, Anubhavo, Homa, and Dipo who dropped out because he had to go to Europe. Members added later included Sagun, Durga, Prohbodi, Jamala, Dolma, Rikta, Rajan, Samadhi, and Jayananda and Bodhi. Bodhi and Jayananda were sent to Europe because they had been uncooperative. Meetings were held and brainstorming occurred on how to eliminate the targets. Regarding Vivek, Shanti B had offered to kill Vivek by use of a firearm. Anugiten had offered to force Vivek's vehicle off the road and over an embankment. On one occasion, KD and Julian went to LauTzu, crawled under the house and attempted to drill a hole in the floor so a lethal gas could be introduced into the room. This was never completed.

An attempt was made to kill Vivek on another occasion wherein Su had been given anaesthetic in a plastic baggie and was to use it to drug Vivek and then a lethal injection could be administered. A master key had been obtained from Dolma, but upon arriving at LauTzu, the master key didn't work and the plot was aborted.

At another time when Devaraj was recovering at Koran Grove, three separate attempts were tried. Each attempt involved the use of an anaesthetic and then the following of an injection. One one of these occasions they walked into the wrong room. Another occasions Devaraj was awake and on the third occasions, another patient was awake.

On the trip Sheela made to The Dalles to inspect Wasco County property, an attempt was made to poison some food. KD advises they went to a grocery store on the west end of The Dalles and Sheela was observed sprinkling what was thought to be salmonella over the lettuce in the vegetable display. Puja had also allegedly used salmonella at the store, but KD hadn't observed it.

#### (Hitler) & Taped Conversation

Around June 17 or 18, 1985, Sheela had gone into Bhagwan's room and had a conversation with him (taped) relating to Bhagwan that if people got into the way of the program, was it alright to take care of them or eliminate them. Sheela was referring to the conflict between the factions within the commune. Sheela, most likely, did not tell Bhagwan of Devaraj being a target, however. Bhagwan was relating a solution to the problem wherein he was justifying to Sheela the necessity of eliminating someone. Bhagwan compared the situation to Hitler. Bhagwan was saying Hitler was

a misunderstood person. Hitler was a genius, was wrongly accused and had used the Jew as a scapegoat to unite his people. The only thing Hitler did wrong was to attack Russia and cause a battleground on two fronts. Bhagwan's answer to Sheela was - Yes, elimination is acceptable if it is necessary to take care of people to preserve the vision. But, to do it in a way as not to cause a bigger problem for yourself and the commune. With the exception of Dipo, Jayananda and Bodhi, the entire list of persons would have heard a transcript read of this tape within a two day period.

KD gave a chain of command: 1. Sheela 2. Savita 3. Vidya 4. Su
