### **American Red Cross in Oregon**

Every day in Oregon, the American Red Cross is saving and rebuilding lives - down the street, across the country and around the world. Through six Red Cross Chapters with 16 offices and six Blood Donor Centers, our staff and volunteers are responding to needs 24 hours a day, 7 days a week and 365 days a year.

***Down the Street.*** We save lives by providing 97% of all the blood used by Oregonians every year, and by annually training over 110,000 men, women and children how to save a life – their own, or someone else's. We rebuild lives by responding to emergencies and disasters in Oregon every 12 hours, helping families take the first step to rebuild their lives.

***Across the Country.*** Oregon Red Cross is a vital part of our nation's disaster response plan. Last year, some 150 Oregon Red Cross volunteers provided almost 4,000 hours of service on 25 disasters across the U.S.

***Around the World.*** We connect Oregonians to our global humanitarian movement by educating people about humanitarian law and the Geneva Conventions, conducting Holocaust tracing and providing services to the armed forces and their families abroad and at home.
