WASHINGTON,

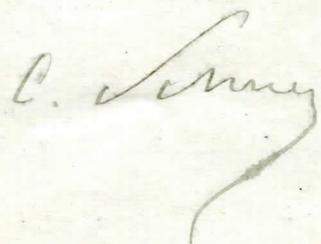

January 21, 1880.

Dear Sir:

In reply to your letter of the 20th instant I beg leave to say that I have no doubt it will always be gratifying to this Department to know that the trustees of the Pacific University take a warm and active interest in the cause of the education of Indian children at Forest Grove and to receive the opinions and advice of the trustees upon that subject. Whether further arrangements as to the official supervision of the Forest Grove Indian School by the trustees of the Pacific University should or can be made, I am not at present prepared to say. I shall probably deem it proper to leave the consideration of that question to my successor.

With sincere thanks for the interest the trustees have already shown in the Forest Grove Indian School, and for the information with which they have furnished this Department, I am

Very truly yours,
