President's Report for 1948
C. C. R. C.

1948 started out with a ^{burst} ~~wave~~ of enthusiasm. A new membership committee working with the board of directors did a fine job and ran the club membership from 60 to 140 people. The minstrel show was put on here in Cornelius and followed with performances in Gaston and Banks; This show did more to give the club a reputation than any other thing yet attempted. Offers to put on the show came from as far as Twin Rocks, Oregon. A hard working committee and a willing cast deserved lots of credit and gave generously of their time. More than 60 people took part in these performances.

The income from the minstrel show left the club in good financial condition. Since that time, with the exception of the carnival held at Hallowe'en, it has been increasingly difficult to arouse any enthusiasm for any money making programs.

In April, a basket social was held in honor of the club's first anniversary. The committee in charge did a fine job and a good turnout enjoyed the evening.

The regular summer playground program was held. I'd like to make special mention of all the time and work donated by John Oppenlander, Chairman of the Athletic Committee, in getting the grounds in shape and the backstops up. The school board was also most generous in their efforts to help.

The picnic held in August was attended by over 200 people and certainly enjoyed by all. Again the committee deserves mention. The regular meetings were then discontinued for the months of July and August. Starting again in September, it was decided to hire a regular supervisor for the winter recreational nights. Tony Dooher was hired for both girls and boys nights and has been doing a bang-up job. He reports the turnouts have been getting better, but that the presence of a parent is a novelty.

The carnival was a real success both financially and ~~in~~ a good time was enjoyed by all. Everybody connected deserves high praise, also our thanks to the teachers, bluebirds, campfire girls and boy scouts who all did so much to help make it a better carnival. From a net of over \$300.00, the balance of \$206.55 still due on the projector was paid to the firemen.

Winding up the year and looking back, here's how it looks to me. The programs started last year for the children have been continued and carried through, with the childrens' turn-out good, but the interest of the parents and older folks has been steadily decreasing. It is my opinion that unless some definite goal or aim which will require constant effort and or money is undertaken, it will become increasingly hard to

maintain the potential drive of this club. With the influx of new clubs starting in the community it becomes harder to find committee workers with free evenings and time and as long as money and time aren't definitely needed the interests of most folks will continue to wane.

It is my hope some program large enough to really use the potential and proved drive of this club can be undertaken. This can lead only to the continuation of the fine reputation for community recreation established already by this club.
